Double Killing Shocks James Bay

Youth Series Starts Tuesday

How vast is the problem of Victoria's unemployed youth? Should they give up and leave town? What has produced them? Is the school system at fault?

The plight of Victoria's lost labor force and possible answers to this growing community shame, so far greatly ignored, is subject of a four-part series starting in the Times Tuesday.

'Sorry' Says Peer, 'I Apologize'

His Attack On Royalty 'Bad Manners'

LONDON (AP) — The Marquess of Londonderry today apologized publicly for his personal criticism of the Queen and her court.

The teenage peer, who joined Lord Altrincham in attacking the trappings of royalty in Britain, issued a statement apologizing "for my bad manners."

He sent his apology to The Press Association which distributed it.

Londonderry said criticism of

DEGRADES ATTACKER

the monarchy must always be on a general level "and any attempt to make the Royal Family a target for personal criticism merely degrades the attacker in everyone's eyes and sets him up as an object of contempt."

Londonderry's letter said:

"Public reaction to my letter has made it abundantly manifest that a personal attack on the Royal Family is much resented, especially if the attack should come from someone both insignificant and unqualified.

"Criticism of the monarchy must always be on a general level and any attempt to make the Royal Family a target for personal criticism merely degrades the attacker in everyone's eyes and set him up as an object of contempt.

"I have been guilty of the latter crime and for that I am truly contrite. I fully comprehend and appreciate the resentment of those who accuse me of cowardice in pointlessly attacking someone who cannot retaliate.

BAD MANNERS

"For any personal attack on the Royal Family I am sincerely sorry and humbly apologize for my bad manners."

Londonderry wrote a letter two weeks ago to the weekly publication, New Statesman, in which he applauded Altrincham's criticism of the monarchy.

A few days later his grandmother, the Marchioness of Londonderry, rebuked her grandson, a jazz-loving marquess, for being vulgar and childish.

BRITISH PLANES STRAFE OMANIS

MANAMA, Bahrein (AP) —The Royal Air Force went into action in Oman again today after a two-week lull.

It was reported the action was against a village where Omani rebel leaders, Imam Ghaleb ben Ali, his brother Taleb and Sheikh Suleiman bin Himyar are believed hiding in the mountains.

They are reported preparing to organize a guerrilla camaign against Sultan Said bin Taimur of Muscat and Oman.

THIS IS THE GUN

Weapon used in murder-suicide in Victoria's James Bay district early Sunday was new, foreign-made .22 calibre rifle with barrel cut off.

Woman Slain, Suitor Dead Beside Gun

A Polish immigrant, crazed by jealousy, forced his way into a James Bay home early Sunday, murdered a divorced mother of seven and then killed himself with a crudely cut-down .22 rifle.

Dead are Mrs. Gladys Hollier, 47, of 586 Toronto, and her one-time suitor, Julian Tomkowicz, 52, of 406 Quebec.

Police say the deaths are the result of a murder-suicide.

Coroner Dr. E. C. Hart ordered an inquest into the death of Mrs. Hollier for Wednesday at 10 a.m. at McCall's. There will be no formal inquest for Tomkowicz, but Dr. Hart will conduct an inquiry.

The shooting occurred about 3.30 a.m. but wasn't discovered until five hours later when Mrs. Hollier failed to turn up for work at Clovelly Private Hospital.

Church bells had started ringing by the time stunned neighbors emerged from their homes to see pink and blue blanket-covered corpses being taken from the house.

Other occupants of the multi-family home were aroused about 3.30 a.m. by what they thought were "explosions" but after checking around found nothing wrong.

Mrs. Hollier, who until recently worked at the Skyway Cafe, 904 Government, and Tomkowicz had known each other about two years.

Tomkowicz recently was fined $50 in city police court on a wilful damage charge. He broke up some fishing equipment at the room of Robert Gerry Jackson, Churchill Hotel.

Put Out of Her House by Police

A son of the dead woman, James Hollier, 805 Colville, said his mother broke off her relationship with Tomkowicz several months ago, but had been bothered by him since.

Recently, he said, she called police to have Tomkowicz put out of her house.

Police believe Tomkowicz, a construction camp cook, forced his way into Mrs. Hollier's one-room downstairs suite where she lived alone, shot her and then turned the gun on himself.

Constables Ian Duncan and Barry English found a porch chair placed in a flower bed under Mrs. Hollier's partly-open window. Lower blinds were drawn.

Const. English crawled through the window to find the grisly scene.

Pyjama-clad Mrs. Hollier's body was on the floor to one side of a double bed.

She was shot by a single bullet through one hand and the right breast.

Tomkowicz body also was on the floor, with the cut-down rifle a few inches from his left hand.

He was shot through the skull above the left eye.

He was clad in shirt, tie, underclothes and one sock. The rest of his clothing was in the room.

Police found two live and one empty .22 "hornet" cartridges on the floor. There was another empty cartridge in the breech of the foreign-made, practically new rifle.

Its magazine clip, found on a table, contained two live soft-point cartridges and 10 more were found in a box in one of the dead man's pockets.

A third spent cartridge turned up later when the room was cleaned.

The death weapon was cut down crudely, apparently not long ago, its stock removed below the pistol grip and left with only 12 inches of barrel.

Its over-all length was only 22 inches.

On the receiver was die-stamped the words: "Zbrojovka Brno. Narodni Podnik."

The room was small, only 11 by 15 feet, with the bed pushed into a bay formed by the front windows. There was a combination record player, refrigerator, gas plate, chairs, a table and clothes cupboard along two walls.

Beside the door was a dresser and on the other side another cupboard. There were one or two throw rugs on the floor.

Mrs. Hollier owned the house and had lived there about two years.

Mrs. David Roy, who lives in a suite above Mrs. Hollier's, told police she heard one scream between two shots.

She thought one of her children had cried out and sent her husband to investigate. He found nothing wrong and went back to sleep.

Mrs. Roy arrived from her native Scotland only last Monday.

She said she was disturbed but not alarmed.

"When you are in a strange country in a strange person's house, everything is disturbing," she explained.

Gales Whip U.K. Wrecking Homes

LONDON (AP)—Gale winds of 60 miles an hour ripped around the British Isles during the weekend, toppling trees and houses and sending small ships scurrying for shelter along the coastline.

The French liner Liberte, the world's fourth largest ship, set off for New York Sunday after having become entangled in a steel cable holding a buoy near Southampton.

A 6½-ton Danish yacht disintegrated on the rocks just off the beach at the big seaside resort of Brighton. One man was hauled to safety by a lifeline shot from shore, but two others disappeared in the stormy sea.

The winds blew off roofs and demolished a number of small homes.

The Irish Sea and the English Channel bore the brunt of the storm.

The seawall collapsed at several points around the low-lying lands at Morecambe on the west coast.

Even large-sized ships were forced to remain in port along the coast. Several ships bound for France turned back because of the rough seas.

In Wales, torrential rains added to the weather troubles.

Six sea cadets were rescued after their cutter was blown over near Deadman's Pier at Deptford.

Fire Destroys Power Station At Nanaimo

NANAIMO — A B.C. Power Commission substation put into service only a week ago was destroyed by fire early Sunday morning with a loss of about $60,000.

No one was injured.

Commission officials said lightning may have caused the explosion in the one transformer at the substation, which served residents of the Harewood district west of the city.

Hundreds of residents in the area were awakened by the explosion of the oil-filled transformer. They said the blast and a bright flash occurred shortly after 2 a.m.

Power was rerouted and service restored a few hours later. The substation was one of several serving the Greater Nanaimo area.

Asian 'Flu Vaccine Shot Ordered for Ike

WASHINGTON (UP)—President Eisenhower was to be inoculated today against Asian flu.

The White House said the President's doctor, Maj.-Gen. Howard McC. Snyder, and Surgeon General Leroy E. Burney, had recommended that Eisenhower take the shot.

Burney said last week that persons with histories of heart and pulmonary ailments should receive priority as soon as the vaccine was available.

Eisenhower already has been exposed to what the doctors have diagnosed clinically as Asian flu. His chief economic adviser, Dr. Gabriel Hauge, came down with the flu last Thursday, less than 24 hours after a conference with the President.

Yemen Charges Britain

LONDON (UP) — Yemen today accused Britain of launching an attack across its border that caused "many casualties."

WIRE BRIEFS

Robinson Must Fight

NEW YORK (AP) — The New York Athletic Commission today ordered middleweight champion Sugar Ray Robinson to fulfill his contract to meet Carmen Basilio in a title fight Sept. 23, at Yankee Stadium. Robinson said he would refuse to fight if there is any radio or television. The commission said failure of Robinson to fight would be considered default and the commission would consider action to vacate Robinson's title.

NATO Approves Ban

PARIS (UP)—The permanent council of the North Atlantic Treaty Organization gave "general agreement" today to the new Western disarmament package plan which includes a proposed two-year ban on further nuclear tests. The decision paved the way for presentation of the plan to the Soviet Union at the London disarmament conference.

Dike Work Rushed

THE HAGUE, Netherlands Reuters) — All able-bodied persons in the island town of Hekelingen worked desperately today to plug a widening gap in a dike pounded by the stormy North Sea.

Hekelingen is on the island of Putten, where 1,800 persons were killed when dikes gave way in 1953.

VANCOUVER (CP) — Robert Fine of Vancouver was pulled unconscious Sunday from the Strait of Georgia after jumping from his burning boat two miles from the entrance to Vancouver Harbor. He was re-

PLANE CRASHES INTO HOMES

PITTSBURGH (UP) — A navy trainer plane crashed into two homes in the nearby small community of Clinton, Pa., today, shearing off the fronts of the dwellings and setting them afire. The pilot was killed.

Syria Leader Returns To Meet With Cabinet

DAMASCUS, Syria (AP) — President Shukri Kuwatly met his cabinet today for the first time since agreeing to the appointment of a new leftist army command.

Newspaper reports indicated the cabinet was preparing to take up "administrative changes"—a purge of so-called imperialists.

Kuwatly flew to Egypt eight days ago when the appointment of leftist Maj.-Gen. Afif Bizry as army chief of staff was announced. He returned Sunday. The flight brought reports—and official Syrian denials—that he had resigned.

Upon his return he declared Syria would stand firm "despite pressures and plots of imperialism, the West and America."

At the cabinet meeting at Kuwatly's home was Gen. Bizry.

Kuwatly held a final two-hour conference in Cairo with Egyptian President Nasser, who saw him off at the airport. Earlier, before leaving Alexandria, where he had been in hospital, the Syrian president told correspondents his country looks forward to uniting with Egypt "in a union which will be the nucleus for total Arab unity."

Non-Communist Arab leaders in the Lebanese capital of Beirut speculated that Kuwatly's return to Damascus indicated Syria had not yet slipped completely into the Soviet orbit. Otherwise, they declared, he would not have gone home.

2-Train Crash Kills Fireman

WHITE, Ont. (CP)—Canadian National Railways officials today were investigating the cause of a Sunday freight wreck in which one man was killed and eight were injured when two trains smashed head-on at a blind curve on the CNR main line near this Manitoba-border town, 90 miles east of Winnipeg.

Killed was J. W. Hunt, 24, of Winnipeg, a fireman on an east-bound gravel train which rammed into a westbound, 90-car fast freight.

A nearby cottager said the crash sounded "like an explosion." The impact left a 120-ton diesel locomotive straddled across the single track.

Taken to hospital in Winnipeg were engineer Samuel Champion, 52, internal injuries; engineer H. W. Mendall, broken ankle; brakeman George E. Brown, cuts and bruises; fireman H. E. Bennett, cuts and bruises.

U.S. Resents Charge

(See also page 3.)

WASHINGTON (UP)—The State Department said today it bitterly resents Red China's "fantastic" charge that the United States sought to use American newsmen as spies.

NEIGHBORS SAY:

'Hard to Understand ---Very Excitable'

By DINAH KERR

Toronto Street was quiet again today, save for the calls and laughter of young children as they played on the sidewalks.

No. 586, a prim, thin two-storey building in a row of aging homes, gave no sign of the violence that had sprung up through one of its rooms early Sunday.

A pile of wood blocked the driveway, some dying flowers stood feebly below a window, and an old leather-stuffed chair was back in its position on the porch.

Yet in the room with the bay window, above the dying flowers, two persons had met death.

Police believe Polish immigrant Julian Tomkowicz, 52, of 406 Quebec, killed divorcee Mrs. Gladys Hollier, 47, in a fit of agonizing jealousy, then shot himself.

CHAIR USED

The old porch chair, found beneath the bay window, was used by the immigrant to gain entrance into the room where Mrs. Hollier lay sleeping, police think.

The three shots woke Mr. and Mrs. Eugene Wendling and their son Rene, 15, who occupy the rooms behind Mrs. Hollier's suite.

"Then we heard nothing, so

Soviet Submarine Fleet Largest On Record Says U.S. Naval Chief

MIAMI BEACH, Fla. (UP)—Adm. Arleigh A. Burke, chief of U.S. naval operations, said today Russia now has the largest submarine force in maritime history.

"And they are still building submarines at the rate of about 100 a year, a rate never equalled by any nation at peace," Burke said in an address prepared for delivery before the 58th national encampment of the Veterans of Foreign Wars.

Burke said the Soviets were "devoting great effort to development of submarines capable of launching guided missiles against metropolitan and industrial targets in any part of the world."

To counter Russia's increasing undersea strength, Burke said, the United States is building a fleet of 21 nuclear-powered vessels. Burke said these include 19 nuclear-powered submarines, the fourth of which will be commissioned tomorrow at Portsmouth, N.H.; an atomic-propelled cruiser now under construction and a carrier for which a contract has been let.

"The Soviet Union has now replaced Great Britain as the second-ranking sea power in the world" (behind the U.S.) with "a large well-rounded navy," he said.

Russia's "astounding" rise as a naval power in 12 years was accomplished because "they know that our allies throughout the world can prosper in peace and be supported in war as long as we control the seas."

PRAYER FOR TODAY

O Thou who art a seeking as well as a saving God, help Thy children to follow Thee in seeking those who sit in the darkness of doubt or the wilderness of sin. Be Thou with the witness who by word and deed serves as a channel of truth to people in need. Be with the evangelist and his friend in Christ's name. Amen.

. . . KILLINGS

Continued From Page 1

At the ground floor rear, Mr. and Mrs. Eugene Wendling and son also heard the shots. Mr. Wendling and the boy got up, listened, opened a side window, looked out and waited.

They smoked a cigarette but heard and saw nothing more. They, too, went back to sleep.

Here is what happened, according to teen-aged Rene Wendling.

"My mother heard the shots. She woke us up, my father and I. We got up to see.

"My father went to the window at the side and opened it. We looked around but there was nothing.

"We smoked a cigaret and then went back to bed.

"In the morning about 8.30 they called from where Mrs. Hollier worked. They wanted to know why she was not at work.

"We went to her door, but theer was no answer.

"Then Mrs. Hollier's mother called to see if she was there. there was no answer.

"So the people upstairs called police and we waited for them to come. That's all."

It is believed Tomkowicz had a wife and children in Poland.

He has two brothers, Anthony, living at 789 Manibota, Winnipeg, and Stanley, Box 112, Snow Lake, Man.

Besides James, her other surviving children are Mary Elizabeth Dryer, Grande Prairie, Alta., who with her husband was visiting Mrs. Hollier until late Saturday night; William John Hollier, 1953 Third Ave., Vancouver; Elsie Irene Chipchase, Arlington, Va.; Roselene Gladys Adams, 740 Meaford, Langford; Edward Winston Hollier and Harold Lawrence Hollier, also of 740 Meaford.

PARENTS HERE

Mrs. Hollier's parents are Mr. and Mrs. W. J. Wherrell, 1441 Myrtle. She has a brother Archie, and a sister, Mrs. Vera Gibbons, also of Victoria; another sister, Mrs. Irene Bloomquist, Courtenay, and a third sister, Mrs. Elsie Mortland, Rycroft, Alta.

Funeral will be Thursday at 3 p.m. at McCall's, the service conducted by Canon Robert Willis with interment at Royal Oak Burial Park.

Investigation was in charge of Det. Sgt. Louis Callan with Detectives Norman Bath and Robert Mair.

SECOND MURDER

The murder was the second in James Bay in less than 18 months.

Czeslaw (Chester) Pupkowski, 42, 128 Clarence, was charged with the pen knife killing of his wife at their home March 24, 1956.

Minutes after stabbing 38-year-old Cecelia, Pupkowski ran down the street to Dallas Road waterfront and tried to drown himself in the surf. He was stopped by police.

Later the man's trial was called off and he was committed to Essondale mental hospital.

Roads Claim 3; Girl Drowned

Three traffic deaths and one drowning were recorded in B.C. during the weekend.

At Vernon, 60 miles north of Penticton, Monica Drewell, 12, was drowned when she got into difficulties in Kalamalka Lake late Friday. Efforts to revive her failed.

John Joseph Hubbard, 34, was killed at Langley late Friday night by a car backing out of a driveway.

A 74-year-old Hedley man, Jonathan Carter, was killed Saturday when his motorcycle collided with another vehicle on the Hope-Princeton highway.

In another traffic accident William Clark, 18, of Salmo, was killed late Saturday night when he was struck by a car at Ymir, 15 miles south of Nelson.

COMMONWEALTH TAKES MALAYA

LONDON (AP) — The Federation of Malaya will be recognized as a member of the British Commonwealth of Nations next Saturday, the day the southeast Asian state becomes independent, the United Kingdom government announced today.

A statement from 10 Downing Street said the acceptance of Malaya has the approval of other Commonwealth members.

HAVING FUN

"We could hear their voices," Rene said. "They seemed to be having fun."

She was a "good lady, a quiet lady," who often dropped in for coffee and a chat, Mrs. Wendling said.

"She never spoke to us about the man (Tomkowicz). It wasn't any of our business."

Mrs. Hollier's neighbor across the street, Walter Dawley, 583 Toronto, said she was "just like ourselves, she worked hard, and there was nothing to give us any suspicion of violence."

"We can't figure out why we didn't hear the shots," Mrs. Dawley said. "We usually hear every noise, like tires squealing and people talking, because our bedroom's just above the street."

The Dawleys had met Mr. Tomkewicz on several occasions.

"He was very hard to understand — very excitable," Mr. Dawley said.

"He talked fast, walked fast, did everything at top speed. If he washed a car, you'd think he was washing two cars."

The Dawleys were still numbed by the fact that Mrs. Hollier was dead.

"We knew her as well as any neighbor knows another, Mr. Dawley said. "She was really nice. She wouldn't have hurt anybody."

2nd TCA Bomb Hoax Fizzles

WINNIPEG (CP)—Search of all Trans-Canada Air Lines Viscount aircraft leaving here for Toronto was forced Saturday by an anonymous telephone call warning that: "The Viscount flight for Toronto won't reach there."

It was the second time in less than a week that TCA had received such a warning. It came early in the morning.

A Winnipeg theatre also was searched after a bomb threat this week.

CAUGHT WITH SIGNS DOWN

One-Way Streets Cause Confusion in Vancouver

VANCOUVER (CP)—Motorists didn't know which way to turn in Vancouver Sunday night.

For days, they had been accustomed to seeing signs at downtown intersections, announcing that the city's new system of one-way streets would go into effect today. But the city engineering department fooled them.

About 4 p.m. Sunday, engineering department employees began to take down the brilliantly-colored posters, exposing the permanent "one-way—do not enter" signs. The result was confusion and a flood of indignant calls to the city police station from motorists who didn't know whether they should be going or coming.

Some drivers obeyed the new signs. Others did not. Constables directed traffic by the new rules but when they moved on, motorists drifted back to the old system. Along Pender, eastbound travellers ignored large white arrows painted on the pavement to direct traffic westward.

FAMILIARIZATION STEP

Kenneth Vaughan-Birch, city engineer, explained that his department had exposed the one-way signs ahead of time to give people a chance to get used to them before the Monday morning rush.

The system will get a thorough workout tonight when one of the biggest crowds in the city's history is expected to converge on Exhibition Park. British Columbia Lions expect more than 25,000 for their Western Interprovincial Football Union game at Empire Stadium with Calgary Stampeders. The Pacific National Exhibition will draw another 50,000 and at least 10,000 will be at the races.

Doctors And Clergy Join Hands To Fight Death

There is, today, a growing awareness of the relationship between health and faith: some medical students now take courses in religion; many clergymen, in turn, are trained whilst in actual contact with the sick and dying.

In September Reader's Digest read how doctors as well as clergymen now realize that *faith* is necessary in the well-being of all people; how medicine and ministers are joining forces to help the ill. U.S. Rejects Exchange Deal For Newsmen

HONG KONG (AP)—Plans to send American correspondents into Communist China appeared stalemated today by a Peiping demand for reciprocal U.S. admission of Chinese reporters.

The State Department promptly rejected the demand.

Radio Peiping announced Sunday that the state department's decision to allow 24 U.S. reporters to work in Red China for six months "is completely unacceptable to the Chinese people."

The Chinese government "expects Chinese correspondents to be given reciprocal treatment to go to America to report," the broadcast commentary from the official People's daily said.

State Secretary Dulles' announcement in Washington Thursday permitting American correspondents in Communist China for the first time in eight years said the United States "will not accord reciprocal visas to Chinese bearing passports issued by the Chinese Communist regime."

State department officials said after the Peiping broadcast this stand will not be changed and they are not interested in negotiating a deal.

Eleven of the 24 Americans were waiting here for answers to visa applications when the Peiping broadcast threw cold water on hopes of getting into Red China soon. Their passports were altered by the U.S. consulate to remove the standard state department restriction against travel in China.

The broadcast did not say specifically no visas would be issued until the state department changed its stand, but that appeared to be its implication.

The two western nations that now have reporters permanently stationed in Red China, Britain and France, permit correspondents of the New China News Agency to work in London and Paris.

Some U.S. officials said the exchange suggestion may have been made primarily for propaganda purposes and might be dropped later.

COUNTER-SPY SAYS SISTERS RED AGENTS

WASHINGTON (UP) — Counter-spy Boris Morros says a number of Americans including two mystery sisters are working as Soviet spies and soon may be indicted.

Morros, who went underground for 12 years and helped crack a Soviet espionage ring, said several of the Americans are working overseas for the U.S. government.

One of the sisters is married to an atomic scientist at Los Alamos, N.M., he said.

Morros said the other sister "is married to the richest celluloid man in Europe." Both are members of the spying he uncovered, he added.

All the spies are under FBI surveillance, Morros said on a television program (Face the Nation).

Aga Khan Romance Denied

GENEVA (AP)—Reports of a romance between the 20-year-old Aga Khan and a Mexican heiress were denied all around today.

Fernando Casablancas, Mexican businessman, said his daughter Sylvia, 17, is just a teen-age friend of the rich young ruler of the Moslem Ismaili sect.

The Aga Khan's family spokesman said the young Moslem religious leader was too busy to marry.

The Daily Mail said the Aga Khan had a romance going with Sylvia, a student at an exclusive finishing school at Eastbourne, England. She is on a visit to Geneva with her father.

Liner Sailing Delayed By Propeller Trouble

SOUTHAMPTON, England (AP)—The French liner Liberte sailed Sunday for New York several hours behind schedule because a propeller became ensnarled in a steel cable. The cable, which secured a buoy in the deep channel of Southampton Water, was disentangled from the propeller Saturday night. A daylight inspection of the propeller showed no damage.

SENATE BODY PROPOSES AID CUT RESTORATION

WASHINGTON (AP) — The Senate appropriations committee voted today to restore $500,900,000 of the $809,650,000 which the House of Representatives slashed from President Eisenhower's foreign aid bill.

The committee voted 14 to 7 to recommend to the Senate $3,025,660,000 in new funds. It also approved the reappropriation of $667,050,000 in carry-over funds for a total of $3,692,710,000.

Senate Democratic leader Lyndon Johnson said after a breakfast with President Eisenhower he would support a boost in aid funds of about $500,000,000.

Quick Correction For NATO Weakness

WASHINGTON (UP) — Pentagon officials said today the United States is rapidly correcting weaknesses in North Atlantic treaty defences spotlighted by Secretary of State John Foster Dulles.

Dulles said Sunday the "shield of these forces is not yet sufficiently strong." He specifically pointed to the lack of an integrated air defence warning system and the problem of equipping all NATO forces with modern defensive weapons.

He made the statement in introducing a series of programs on NATO over the American Broadcasting Co. network. Dulles was presented on film and Gen. Alfred M. Gruenther, former supreme commander in Europeans interviewed "live" on the "College Press Conference" program.

Dulles told his audience there were two basic reasons for NATO — "the military danger from Soviet Russia" and the need "to develop the unity and the dynamism of the free world."

DESPOTIC REGIME

He said the Soviet Union "is intensively building up its military power, and that power is in the hands of a despotic regime."

NATO's aim, he said, is to deter aggression.

Gruenther said the United States and its allies will prevent a third world war if they keep up the strength of NATO forces.

He said this country eventually should supply atomic weapons to its allies.

STARS 'DARED' TO TAKE STAND

UP Hollywood Correspondent

HOLLYWOOD (UP) — Defence attorney Arthur J. Crowley today dared film celebrities "to swear" in court that lurid stories about them in Confidential and Whisper magazines were untrue.

Crowley's challenge was an outgrowth of out-of-court denials of alleged off-screen amour by such stars as Corinne Calvet, Maureen O'Hara and John Carroll. The attorney said he would prefer that the prosecution call the angered celebrities to the stand because, "it would put me in a position to impeach their testimony."

4 Plane Crash Deaths Probed

PENTICTON, B.C. (CP)—Department of transport officials are investigating the crash of a light plane here Friday night which killed a family of four from Lethbridge, Alta.

The badly burned bodies of George Hyt, 34-year-old furniture dealer, his wife, Hazel, and their two sons, seven-year-old Steven and four-year-old Michael, were brought out from a mountain ridge late Saturday.

B.C. Pilot Recovering After Crash Ordeal

SECHELT, B.C. (CP)—The pilot of a light plane escaped with minor injuries Saturday when his plane crashed into the sea off the Sechelt Peninsula after a collision with another aircraft.

Capt. W. F. Waddington, of Richmond, was in hospital today in good condition suffering mainly from exposure, bruises and cuts.

He was in the water for 10 minutes after his B.C. Air Lines Cessna 180 brushed wings with a Beaver, piloted by Ken Wright, of Nanaimo.

He was pulled out by the crew of the yacht Bali Hai, owned by brewery executive George W. Norgan.

The Beaver, which had five persons aboard, circled over the scene and then landed at Vancouver airport. The plane, owned by Bevan Logging Company, was returning from Charles Creek.

The Cessna, valued at $26,000, was a write-off, a B.C. Air Lines official said.

Department of Transport inspectors are investigating.

Air Crash Probe Opens Sept. 5

QUEBEC (CP)—The coroner's inquest into the death of 79 persons in the Aug. 11 crash of a Maritime Central Airways DC-4 near Issoudun, Que., will open here Sept. 5, it was announced today. The tragedy was Canada's worst air disaster.

Nehru Denies Soviet Planes Using Kashmir

NEW DELHI (AP) — Prime Minister Nehru today denied a Pakistani charge that Soviet planes have landed in Indian-controlled Kashmir under a secret agreement.

Nehru told parliament: "There are no foreign air bases in Kashmir and no Russian or other foreign planes have landed there except the aircraft of Bulganin and Khrushchev in 1955."

Pakistan Foreign Minister Firoz Khan Noon made the charge in parliament in Karachi Saturday.

Nehru said: "There is no truth whatever in the allegations made."

Legal title to mountainous Kashmir is contested by India and Pakistan, with United Nations observers stationed along a truce line. Kashmir lies just across an arm of Afghanistan from Soviet central Asia and would be on a direct air route from that Soviet area to India.

Hoffa to Seek Union Leadership Despite Senate Rackets Probe

LOS ANGELES (UP) — James R. Hoffa, midwest Teamster Union boss, said today he hasn't changed his mind about running for president of the powerful union at the national convention in Miami Beach, Fla., Sept. 30.

Hoffa made the statement before attending the opening session of what could turn out to be a stormy executive board meeting. The teamster bosses, including retiring president Dave Beck, huddled in the wake of a threatened expulsion by the AFL-CIO on charges of corruption.

"I will be a candidate," Hoffa declared when asked by newsmen if he planned to withdraw in view of charges made against him at the Senate rackets hearing. "Members will make their own decision."

The board meeting will be taken up with charges brought by the AFL-CIO ethical practices committee in a report on alleged misuse of funds by Beck, gangster links and other questionable operations.

Hoffa was criticized last week by Senate investigators on the vagueness of his answers about past associations with gangland figure Johnny Dio.

"I answered the questions to the best of my ability," Hoffa said.

"Do you remember what you did three years ago today?" he asked his questioners.

Father Threatens Family of 5 With Shotgun; Subdued by Police

(FROM CP DISPATCHES)

VANCOUVER — Police said they subdued a father in his apartment Sunday after he threatened to kill his entire family.

They said the 31-year-old man fired three shotgun blasts in the second floor suite. Later, they took a loaded 12-gauge shotgun and a shooting vest containing 60 shells from him.

The man's wife fled to call police after he had locked their three children in the bedroom and his father-in-law in the bathroom.

Police returned to the apartment with her and rushed the man when he opened the door to answer his wife's call from the hallway.

He is being held for investigation.

LANDMARK BURNED

HORSESHOE BAY, B.C. — Twelve guests had to be evacuated when fire partially destroyed Sewell's Lodge, one of the oldest landmarks here Sunday. Loss was estimated at $50,000.

SEVEN HURT IN CRASH

VANCOUVER — Seven persons were treated in hospital Saturday night when a bus and car collided in suburban Burnaby.

Four of the five persons in the car, all from Seattle, were reported in good condition Sunday in Royal Columbian Hospital at New Westminster. The fifth, as well as two bus passengers, was released after treatment for minor cuts and bruises.

INDUSTRIAL UNION HOLDS

KITIMAT — Applications of four craft unions seeking certification in Alcan's aluminum plant have been dismissed by the Labor Relations Board.

Electrical workers, carpenters, stationary engineers and sheet metal workers applied to represent 215 men in the plant now represented by the United Steelworkers of America.

If the applications had been successful, the plant's 3,000 employees might have become split into craft unions rather than remain under one union on an industrial basis.

TWO-CAR COLLISION

PRINCE GEORGE, B.C.—Six persons were taken to hospital Saturday night following a two-car collision on the northern trans-provincial highway, 15 miles west of Prince George. All were later released after treatment for minor injuries.

Money Grows Tighter

THE DIEFENBAKER GOVERNment, having condemned its predecessor for enforcing "tight money," came to office on a policy of making money looser. But ever since the election of June money has become tighter. Interest rates have lately risen to a new peak.

This, of course, is not the Government's fault. It is solely the result of conditions in the money market, not only here but in the United States.

The simple fact, which the present Government has only lately begun to get into its head, is that interest rates have not been fixed by the former Government. They have been fixed by a ravenous demand for borrowed capital which pushes up the price of money just as, under similar conditions, it would push up the price of any commodity.

All that the former Government did was to stand behind the Bank of Canada when it refused to expand the money supply by crude monetary inflation.

If the Bank had created more money, in the form of credit, of course interest rates would have fallen, for a time anyway, just as the price of any commodity will fall if the supply long exceeds the demand. But at the same time and by the same process the price of everything would have increased as extra money flowed into the market place demanding goods.

In short, the former Government's policy was to hold down the money supply roughly to the dimensions of last summer and let interest rates find their own level.

The practical question today is whether the Diefenbaker Government is really prepared to alter this policy. It has promised to make money easier but now, under the responsibilities of office, it may well be having second thoughts. For it is extremely difficult and may be very dangerous to reduce interest rates by direct governmental intervention.

In considering this question it should be realized at once that the recent decision to provide $150 millions in new housing loans does not really represent any basic change in monetary policy. These loans carry the same rate as before. There is a little more money for housing but "tight money" as a national policy has not been relaxed.

It cannot be relaxed until one of three things happens.

If the economy slows down then there will be less demand for borrowed money to build things of all sorts. Interest rates will fall by the law of supply and demand.

If the Government is prepared to over-ride and coerce the Bank of Canada—as it can finally do if it so decides—it can compel an expansion of the money supply and hence a fall in interest rates. In laymen's terms it can force the Bank to print more money, though undoubtedly such a decision, under present conditions, would force and probably would be designed to force the resignation of the Bank's governor and directors.

Thirdly, money will become looser and interest rates lower here if the American Federal Reserve Board relaxes its "tight money" policy. For our rates in Canada (no matter what politicians say in election times) can never vary much from those of our neighbor.

If, for example, our rates greatly exceeded those in the United States, "hot" money would pour across the border not to build things in Canada but for purely speculative purposes, thus increasing our money supply and our inflation.

Or if our rates fell much below those of the United States, capital would flow out of Canada to earn a higher wage across the line, thus reducing the capital available here and pushing up our interest rates.

Hence the Canadian banking system and Government must operate between pretty narrow limits and do not possess that complete freedom of action that many politicians seem to imagine.

What does the Diefenbaker Government propose to do within these limits? Is it ready to over-ride the Bank, print more money and reduce interest rates regardless of the consequence to prices? Or is it ready to admit that this problem is not as simple as it supposed last June and possibly (as General Pearkes has admitted with such creditable candor in the defence department) that some of its former views were not valid?

Though it is not popular among politicians, we hold the odd view that the Government would not decrease but would greatly increase the public's confidence if it followed General Pearkes' example in the case of money.

The time may come when not only the Canadian but other Governments could wisely loosen money to stimulate lagging business, but under the conditions prevailing this summer the election attack on "tight money" was irresponsible; the phrase itself was misleading, a semantic libel. The Government will be wise to acknowledge that fact and face conditions as they are, not as they seemed to be in the fury of a political campaign.

Syria Swings Leftward

THERE SEEMS TO BE LITTLE doubt that Russian arms sent to Syria have been accompanied by a large contingent of military advisers, scientists, tank experts, engineers and others. These will have orders not only to perform their technical functions, but to support all Communist plans and strengthen existing Communist elements both in the government and among the public. They will try to ensure that the recent coup will be permanent.

It is not a new program, but it is being applied in a new theatre. And if it is successful it will quickly be extended elsewhere in the Middle East.

The latter fact, of course, is the one of most concern to the West. Soviet advancement in the eastern Mediterranean area can only mean trouble for the democracies. So unstable a section of the world is a particularly dangerous locale for Communist adventures. Korea and Indo-China proved to be well-filled powder barrels. The Middle East would be even worse.

Despite their nationalist strivings, the countries of that area recognize this fact. Syria's neighbors have been the first to react strongly to that country's importation of Soviet arms and influence. A Communist Syria, by whatever means that condition was achieved, would be a threat to the rest of the nations in that region.

Egypt has been a customer for Russian arms and has sat close to the Kremlin table. But even Colonel Nasser must be concerned at the sudden turn events in Syria have taken. As a friend of mice, a cat can be unpredictable. The Arab countries can never be quite sure how far Moscow will go.

One of the most dangerous facets of the present situation is the persistent Arab-Israeli enmity. Recent reports from Syria contain new anti-Israeli warnings.

So far, Israel's superior fighting forces have helped to deter an attack by the Arab nations, who have never withdrawn their early threat to roll Israel into the sea. But with the Syrian strength increasing—perhaps with promises of Russian aid in the form of air force or volunteers—the hour of crisis may be much nearer. If and when a Middle East war comes, it is highly unlikely that it will remain localized.

President Eisenhower has indicated that the Syrian events of the past few days do not come within the orbit of the Eisenhower Doctrine. There has been no aggression; there has been no request for assistance. Defensive moves by the Middle Eastern countries themselves are the next obvious step.

In this regard the Syrian development may have one fortunate result. By highlighting Communist intentions and methods it may present the Middle Eastern lands with a common danger—one that conceivably could re-shape their courses in a more Westerly direction.

A Seafront Park

THE ASSOCIATED CHAMBERS of Commerce should receive every support in their current effort to have a seafront national park established on Vancouver Island. It is a serious lack today and one that will become even more acute as the population increases.

It is almost unbelievable that on this Island, located in what is admittedly the heart of the North Pacific vacationland, the Canadian Government has set aside not one acre of seafront property for the present and future enjoyment of the people.

The Associated Chambers of Commerce have asked the Provincial Government to assist. The Federal Government must obtain title to the land before it can dedicate a park, and transfer of title would require the co-operation of the Provincial Government where the province was present owner.

So much of our seafront has passed into private hands — and American citizens reportedly have been eager purchasers of waterfront property on this Island and the Gulf Islands—that the problem of acquiring an adequate park area is already an acute one.

As the Chamber representatives point out, "Obviously the time to act is now."

PLUCK A ROOTED SORROW — By B. A. TOBIN

A Whirl of Plenty

WELL, we're getting along toward the time of year when pumpkins fill out, apples get mellow, cabbages and such ruffle their feathers and settle down on the nest to wait for the first frost and the Saskatchewan farmers' wives wait for confirmation of their reservations at California and Florida winter resorts. We're moving into Harvest Time, the most joyous time of all the year as they used to say. Of course, a good deal of that has changed now. It isn't quite so joyous as it used to be.

Tobin

In the old days, when harvests weren't so good as now, you could be happy about them. When you got just enough ot eat out of them you could be cheerful. But progress and advancement have taken their toll. Nowadays, with improved fertilizers and cultivation, we get more than we need and it's driving us nuts.

Growing Pains

That newspaper headline the other day was a sample of what I mean. Speaking of apricots it said that B.C. growers are "faced" with a huge crop.

The simple tragedy of that statement must be evident.

You can imagine old Mr. Gumpf returning to his farmhouse in the evening and slumping dejectedly into a chair.

"Something wrong, John?" asks his wife anxiously.

He sadly shakes his head.

"Tell me, dear," she urges. "We must share everything."

"It's the apricots," Gumpf mumbles, trying bravely to control his quivering lips. "They're ripening by the millions. There'll be thousands of baskets of them. God knows what will become of us."

Mrs. Gumpf is stricken.

"Oh, how terrible," she sobs. "We'd counted on such a little crop—almost a failure."

"Our year's work ruined," moans Gumpf. "It means the poorhouse for us."

National Crisis

I draw the curtain on this harrowing scene. No doubt it will be duplicated in many a farmhouse throughout our surplus-stricken land within the next few weeks.

With wheat, apricots and other commodities piled up and rotting all around us, how can we survive? The United Nations has set up agencies to help those with no food at all. But what do they do for the poor people with too much food? Nothing. We are left to work out our own salvation, and there's some tough sledding ahead of us.

After several years of experimentation I have personally found a glimmer of hope in this constantly recurring problem. The Tobin Formula for Avoiding Big Crops is gradually reaching a stage where it is ready to be proclaimed to the long-suffering people of this country. A few features still remain to be worked out, but a brief preview here may bring hope to those of you who are faced with a bumper harvest.

Under the TFABC a whole new timetable must be devised. You must get out of the rut of thinking that spring is the time to plant crops and the earlier the better. Such notions must be abandoned if you are to save yourself from plenty.

So, following the TFABC I note the approach, the arrival and the departure of spring without so much as the flicker of an eyelash or the quiver of a muscle.

More Taste . . .

While my neighbors, heedless of the doom they are preparing for themselves, rush seeds into cold frames and mark out yards of radish, lettuce, carrot and onion rows, I calculatedly ignore the whole rash and reckless performance.

Not until midsummer do I get out rake and hoe, seed packets and lime, and begin to prepare a garden bed. Up to then my time is spent in other pursuits, or the contemplation of pursuits. But at the proper time, carefully estimated, I go to work.

This represents the first stage of the TFABC, and its genius rapidly becomes evident. My neighbors' gardens explode in a lush growth that soon has them desperate. Mine comes slowly and sparsely along. When they are gagging on the first vegetables of the year, my garden is just showing a wisp of green here and there.

. . . Less Feed

When they are in the full deluge of produce, eating their way desperately through buckets of head lettuce, peas and beets, I am nibbling contentedly on a few small lettuce leaves removed in thinning my rows and enjoying a modest meal or two of beet tops gained through the same process.

The genius of the TFABC must now be obvious. Your produce is so late in its growth that you eat it while the plants are still only one-quarter grown or so. In that way your total crop is kept to one-quarter of what it might have been. You cleverly avoid the tragedy of plenty by never giving it a chance to appear.

Beets like marbles, carrots like pencils, beans like BB's—these are the answer to the threat of agricultural surplus. I give you my secret freely and gladly. I would also gladly give you some vegetables with it but I have none left over.

"BOY! THAT'S MY KIND OF A HOUSE!"

From Our Files

Aug. 26, 1897—Five Indians have died and others are seriously ill at Sitka after drinking whiskey mixed with coal oil, lemon juice and alcohol. The saloon keeper has been arrested.

Aug. 26, 1917—Five hundred people were present at the unveiling ceremony of the Esquimalt War Shrine. The Shrine was accepted on behalf of the people by Reverend W. Baugh-Allen who promised that it would be properly cared for.

Aug. 26, 1937—Considerable emphasis will be placed on physical education in the curriculum of the junior high school, Major A. C. Hinton, director, announced today. Boxing and first-aid will be included.

Alternative

If the roundabout is to be torn up, and anything up to $50,000 spent on some alternate scheme I think it will be a shameful waste of public money. There is nothing whatever wrong with the "circle" that a handful of cents cannot cure.

Any driver who can't relax and sit quietly in his car for a few minutes until traffic clears should go to his doctor and get a "bottle" for his nerves, he needs it badly. I do not recall hearing any of these drivers complain during the day, as they waste many more minutes of their employers time.

As for accidents, why blame the roundabout because a few drivers are not capable of controlling their vehicles along with other company.

D. V. A.

This Way, That Way

It is time we had a vote on the roundabout before we spend any more money on it. All that is wanted to simplify the circle is to cut Government Street off by a wall and railing and red light. If you want to get on to Hillside go down Garbally Road from Gorge onto Douglas. Then turn left at a light at the intersection of Hillside onto Douglas or a stop sign off Hillside onto Douglas Street.

I feel sure that would simplify matters at a cost around $1,000, not more. If you want to go over to Douglas from Government there are many paved streets to travel on.

Why not get a costing for this simple point of view and costing of other points of view and let the people say which one they want.

BILL ARCHER.

It's Love

Viewing the human situation of today, from the human egoistic idea of godless, material progress under the guise of lodges and churches, this idea of an earthly heaven for a few humans, at the cost of other humans, is leading the poor ignorant fools to their own individual and collective physical distruction, while universal love sits on its throne and laughs; lovingly expressing itself in all other forms of life.

Rooming Houses

The more figures that are quoted on the sink issue the more confused we become. Alderman Mrs. Lily Wilson, as Chairman of the Health and Welfare Committee, seems to be the most confused person of all.

We would like to know:

1. How many rooming-houses are there in Victoria?
2. How many have received notices to put in sinks since last year?
3. How many have complied?
4. How many can afford it?

Mrs. Wilson does not know. We no longer have confidence in Alderman Wilson.

We resent the slur that a "small minority of owners are operating in disregard of the law." We are law-abiding citizens, paying licenses and taxes, minding our own business, and only asking for fair play.

Veterans' Reunion

During the B.C. Centennial, a grand re-union of Canadian war veterans, First and Second World Wars, might be favorably considered by B.C. Centennial Committees in conjunction with Canadian Legion's B.C. Provincial Command, Legion Zone Councils and branches, with the co-operation of other veterans' organizations.

The proposed Centennial Re-union could be considered on the basis of the outstanding success achieved in Toronto, 1934, when approximately 75,000 First World War veterans enthusiastically assembled voluntarily with the co-operation of the Ontario Government and City of Toronto.

Vancouver might be considered the logical centre for the suggested '38 veterans' re-union (two World Wars) in relation to possible PNE building accommodation.

On the other hand, a separate re-union for Vancouver Island veterans in particular could be arranged in Victoria, with the Armouries and/or the Memorial Arena for day registration and subsequent afternoon and evening assemblies for special purposes, addresses and entertainment.

It has been said that the public and the veterans too, appreciate being occasionally reminded that the war veterans of this province and of Canada are, after all, "V. I. P." (Very Important People!).

Good for Them!

Your editorial "On the Other Hand," of Aug. 21, calls attention to the plans of the United States government to begin construction of an atomic-powered merchant ship, and comments on foreseeing still greater advances following upon the American pioneering in mobile atomic engines.

Mention is also made of Britain showing similar enterprise in development of stationary power stations, in the atomic field.

In connection with the construction of atomic-powered merchant ships, we would draw your attention to the following items from the Weekly Scotsman of July 20.

"The Clyde may build the first atomic-powered oil tanker in the world; which is already in the design state and will be constructed by a new £500,000 company known as Hawker Siddeley-John Brown Nuclear Construction Ltd.

"The tanker will be about 81,000 tons; work on this project has been going on for 12 months.

"This new company is backed with £122,000,000 funds of the parent companies (John Brown's, Clydeside) and note carefully—is being done by free enterprise." There appears to be no government assistance.

One may conclude this letter by repeating Scotsman columnist Ian MacLennan's comments on this enterprise.

"Good for Britain, good for Sir Roy Dobson (chairman of the new company) and good for Clydeside, good for John Brown's."

CENTENNIAL PROJECT?

Some-day we will probably learn the lesson that however much we may talk about someone's name "living for evermore," our descendants are likely to be more interested in the ornamental function of any statue we may erect to him. Generally his service to the nation will matter nothing to them, if his effigy gives them a pain in the neck.

FROM WASHINGTON — By WALTER LIPPMANN

Satellite---Once Removed?

WASHINGTON has been reacting calmly to the events in Syria, almost certainly because they have long been foreseeable, and are not a surprise. The events stem from the basic situation among the Arab nations in the Middle East: first, that the great powers are rivals competing for their favor; and second, that there is rivalry among the Arab ruling classes, who are competing for the support of the great powers.

Lippmann

For these reasons, there has never been any chance that all the Arab countries would line up with us under some sort of pan-Arab Eisenhower Doctrine. As we have been making our deals with one group of Arab countries, another group—as it happens Syria, Egypt, Yemen—have been making tentative deals with the Soviet Union.

We are involved in a complicated and tricky game of power politics, and we must expect to have losses as well as gains. We have had gains in Saudi-Arabia, Jordan and Lebanon. Now we have had a loss in Syria.

State of Flux

The one thing that we can be fairly sure of is that the whole region is in flux, and that neither the gains, as in Jordan, nor the losses, as in Syria, can be counted on as permanent.

For while it may turn out to be the fact that the new military dictatorship in Syria is firmly under Soviet control, there is, I venture to think, bound to be a radical difference between a contiguous and non-contiguous satellite—between one that can be reached over land by the Red Army and one that can be reached only by sea and air.

It was possible for the Red Army to march into Hungary, to occupy it and to crush the rebellion. That would not be nearly so easy to do—what with the Baghdad allies being interposed—if there were a rebellion in Syria. For the Soviet Union it can be said that Egypt as well as Syria are rather in the nature of outposts than true satellites.

It is generally agreed, as the President said at his press conference, that the coup in Syria does not call for any reaction under the Eisenhower Doctrine.

The Syrian coup is a successful intrigue in which the legal government of Syria has acquiesced, at which it has probably connived. The basic principle of the Eisenhower Doctrine is that the United States will intervene only at the request of a legitimate government, and in the case of Syria the legitimate government is stridently hostile to the Eisenhower Doctrine and to the United States.

The right course is the one that the administration appears to be taking—to leave the initiative to Syria's neighbors, allowing them to decide on the only action which is possible—whether the new Soviet government should be put in quarantine.

No Intrigue

That is the limit of the action. There can be no intrigue under the Eisenhower Doctrine unless Syria first openly makes war on one or more of her neighbors, on Iraq, Jordan, Lebanon, or Israel.

Insofar as Syria is under Soviet influence, it will probably not be encouraged, in fact it will probably not be permitted, to do anything which could precipitate a general war.

In retrospect, it looks more and more as if Sen. Fulbright is right, and that the crucial American mistake in the Middle East has been the abrupt rejection of the Aswan Dam.

Not only did this touch off the calamitous series of events which began with Nasser's seizure of the Suez Canal Co., but it also deprived the Western world of the chance to co-operate with Egypt in a great project which is of vital interest to the Egyptian people.

Field Open

The fact of our withdrawal, combined with the rude manner in which we withdrew, has excluded us from the chance to exercise a friendly influence. It has left the field open to the Soviet Union, and made it certain that Nasser's demagogy would be turned against us all over the Arab world.

Yet it is probably true that Nasser does not want, and will try his best to avoid, a complete entanglement with the Soviet orbit. The central idea of his foreign policy seems to be that he can profit most by keeping the Soviet Union and the West bidding against each other. To do that he must be independent enough to keep both sides guessing, which, we may suppose, is what he means when he talks about a positive neutrality.

A WOMAN'S OUTLOOK — By RUTH ENKE

The Fruitful Days

THERE are times when I grow impatient with the poets. And, at the moment, I'd like to shake that seventeenth century dreamer, Andrew Marvell.

Ruth

He may have had beautiful thoughts in a garden, but, as a provider for winter, he must have been a flop.

I thought of him this morning when I was in the grassy wilderness we usually call the orchard.

"What wondrous life in this I lead!" wrote A. M. in dreamy ecstasy.

"Ripe apples drop about my head;
The luscious clusters of the vine
Upon my mouth do crush their wine;
The nectarine and curious peach
Into my hands themselves do reach;
Stumbling on melons, as I pass,
Ensnared with flowers, I fall on grass."

Well, it takes all kinds, I guess. But a fat lot of good a man like that would be in the fruitful days of August.

"Ripe apples drop about my head." Really! He has no grip of things at all. He should try grovelling for windfalls so he can quickly and thriftily make a pie. He should pick 'em before they drop and never mind if the branches do poke him in the eye and tear his brand new hairnet!

As for this business of "into my hands themselves do reach," it's sheer poetic twaddle. And I've just been picking peaches, so I know whereof I speak.

I've not stumbled on melons, though I did trip over a Hubbard squash. Neither have I been ensnared by flowers. I was caught up by brambles when I was picking blackberries. As to falling on the grass, I did do that. I fell smack into the ditch by the blackberries growing along the fence of the lower pasture.

Marvell fell poetically, perhaps. I didn't. I went sprawling and upset every berry in the picking pail. And retrieving berries from long grass is one of the most temper-provoking tasks I know. Everything was purple by the time I'd finished! I, who once upon a time could have written quite an erudite essay on Marvell the Mystic, ended up with no use for Marvell or for Mysticism.

Let's look at him with a practical, disenchanted eye. There he is by some fruit-tree's mossy root. Is he picking the fruit? No sir. He's cast his body's vest aside. (He doesn't mean his underwear, either!) And,

"My soul into the boughs does glide;
There, like a bird it sits and sings,
Then whets and combs its silver wings,
And, till prepared for longer flight,
Waves in its plumes the various light."

Huh. I could try it, too, I guess.

I can just see the faces of my menfolk if they were to find me sitting and singing in a tree. Whetting and combing my silver wings, indeed!

They'd either turn away in cold disgust, or laugh like crazy and say that Mum had gone absolutely nuts.

Yes, culture has it tough in this country. The larder counts for more than literature.

Come on, Marvell. We gotta be practical and pick those purple plums. No swooning on the grass either, boy. No poetic fancies. Just pick plums, and then turn 'em into jam.

YOUR HEALTH — By DR. WALTER C. ALVAREZ

Prone to Auto Accidents

Dr. Walter C. Alvarez is Emeritus Consultant in Medicine, Mayo Clinic, and Emeritus Professor of Medicine, Mayo Foundation

In a study by Tillmann and Hobbs of Canada, 96 auto accident repeaters were compared with 100 accident-free drivers, and it was found that many of the repeaters were egocentric and somewhat psychopathic exhibitionistic, resentful of authority, impulsive, and lacking in social responsibility. Interestingly, 66 per cent of them had been in juvenile or adult courts or had had trouble with their local credit bureau or had been investigated by social service people or public health clinics. Among the good drivers only 9 per cent had had any such contacts.

WHAT SEX CRIMINALS ARE LIKE

Dr. Bernard C. Glueck, Jr., of the University of Minnesota School of Medicine, has just been studying a group of sex criminals at Sing Sing prison in New York. Instead of looking like tough fiends, he says many look effeminate. Forty per cent were unprepossessing, and 11 per cent were odd-looking or ugly. Many of them were all mixed-up in regard to sex. None had a normal personality, and 70 per cent reacted like a schizophenic. They were withdrawn, and not fond of contacts with the public. They liked to work alone. Few had any interest in intellectual matters. Seven per cent admitted they used drugs, but when they were drugged they had little interest in women. Significantly, 50 per cent were either moderate or severe drinkers, and a high percentage of the whole group committed their sex crimes when drinking. At these times what little conscience they had was silenced by the alcohol. As many as 79 per cent of the men who picked little boys as their victims were definitely psychotic.

Dr. Alvarez

It will come as a shock to many people that Dr. Glueck found that in perhaps one out of three cases the victim of the assault had either invited trouble or had even seduced the offender. One in seven of the victims had a known history of delinquency or criminal behavior, while one out of five had been suspected of such delinquency.

I think Dr. Glueck and his associates are wise in not holding out hopes that these criminals can be cured by any form or amount of psychotherapy. Long-lasting schizophrenia is not likely to be cured by anything. Certainly, we know that many of the men who have recently murdered children were paroled shortly before from a mental hospital, supposedly cured. This sort of paroling must be stopped, because its results are so horrible.

To my way of thinking, the most important point to come out of this study is that the sex criminal is commonly a schizophrenic whose trouble is that he is not sane, and probably never will be sane. If this be true, there is no sense in paroling him. The other day I picked up the paper, there was the usual story—a sex-criminal jailed 10 years ago and given 10 years. Why only 10 years? He was paroled after six years. Why was he paroled? Two weeks later he killed two boys. I wonder if anyone has recently made a survey to see why certain people are put on parole boards. Have they any history back of them to suggest they have any knowledge of criminals and schizophrenics, or any wisdom and probity, or are they just political appointees?

If I had to appoint a parole board, I would search the state for the wisest men I could find—men who had had training in sizing up men. I would want to retain the right quickly to fire the group if, in a large percentage of cases, the men they paroled turned out to be typical confirmed criminals who never could be anything but criminal and who would never settle down to any other way of earning a living.

CHILDREN WHO CANNOT READ COMFORTABLY

During all the excitement about "Why Johnny Can't Read," I suspected that in many cases these children must have inherited some peculiarity in the brain which made it difficult for them to read and write and spell properly. Now, there has come into my hands a big book in German on difficulties with writing and reading, mainly in adults shot through the brain. Professor Leischmer has a chapter on what he calls "congenital blindness for words." He says this is commonly inherited. It can show up in several generations or in several members of one generation, or in two alike-twins. He says that the outlook, especially for intelligent children, is pretty good. They eventually learn to read. And naturally, the outlook is best when the child is highly intelligent.

HOME GARDEN — By HILDA BEASTALL

Poinsettias Like Equal Dark, Light

Poinsettias during the summer months are just another pot plant to receive routine attention, but at Christmastime we surely like to show off the results of our prowess.

While the days are sunny and warm, the poinsettia, which is botanically Euphorbia pulcherrima, will make rapid growth. It likes plenty of sunshine and all the water it will absorb without being saturated.

Hilda

In common with other plants native to tropical America, the poinsettia has a definite preference for almost equal hours of light and dark.

As flowering time approaches, the hours of daylight are still just about equal with those of darkness, due to the country's proximity to the equator, and it is this condition which we need to duplicate in our homes from about the first of September.

The simplest way of handling the situation is to give the plant the warmest, sunniest window during the day, and at sunset remove it to a room or cupboard which receives no artificial light until after sunrise.

In this way, the long hours of darkness are unbroken, and that is the important part of the treatment. If electric light is switched on even once during the evening or night, the hours of darkness are interrupted and delay in flowering will surely result.

We see this clearly when the poinsettia is kept in the living room where the lights may be on as early as 4.30 in November. Such a plant will frequently not flower at all, unable either to present its tiny insignificant blossoms or the showy red bracts, or you may have one of the pink or white varieties.

New Hunting Areas Opened by M & B

CHEMAINUS (CP) — MacMillan and Bloedel Ltd. will open up many new areas behind Copper Canyon to hunter-members of the Chemainus Rod and Gun Club when the 1957 hunting season gets under way.

Club members will be permitted to hunt the full length of the Chemainus River and up the Rhinehart, Mt. Whymper, and Mt. Franklin roads.

In opening up new areas to game members, the company is fulfilling a promise it made three years ago, when it first granted access to some of its logging areas around Copper Canyon.

At that time, game club members were told that if they co-operated with the company and observed various regulations, additional hunting areas would be made available.

The company has also agreed to pay $20 a week or a total of $270 for the season for a gate man to be supplied by the club. One volunteer hunter will be required to stand gate duty each Saturday and Sunday along with the paid gate man.

All members of clubs which belong to the Vancouver Island Affiliated Fish and Game Association will be permitted to hunt in the Copper Canyon area provided they obtain road permits and sign up for gate duty.

Members of the local club will, in return, be able to hunt in the Northwest Bay, Nanaimo Lakes, Courtenay, Port Alberni, and Ladysmith areas.

16 Pass Tests For Swimming

CHEMAINUS—Sixteen candidates passed Red Cross swimming tests conducted here by J. Scantland of Vancouver.

Passing junior examinations were Trevor Cook, Ann Shelling, Mike Shelling, Sharon Goodings, Anne Goodspank, Dorothy Harris, Irene Poilievre, Ian Nimmo, Aline LaRochelle, Garry Bolger, Gayline Bolger, Jane Young and Penny Thornett.

Intermediate awards were won by Bruce Dick and Art Stearn, and a senior award by Louis Shelling. To date, 40 youngsters have passed their beginners tests.

3 New Schools Proposed For Nanaimo

NANAIMO (CP)—Three new schools and extensive additions are slated for Nanaimo School District No. 68 if a $1,000,000 school building by-law is approved by electors in December.

Nanaimo District School Board has asked two architects to prepare preliminary sketch plans and cost estimates.

James White has been appointed to plan a school in East Wellington to replace the present obsolete frame structure.

McCarravy and Barley will prepare preliminary plans and estimates of the balance of the program, which provides for a new eight-room elementary school in Brechin, a new six-room elementary school in Harewood, and additions to several existing school buildings.

Entry Record Set At Metchosin Fair

LUXTON — Biggest and best fall fair ever staged by Metchosin and District Farmers' Institute attracted more than 800 persons Saturday and drew over 1,100 entries—an all-time record.

The program started at 1.30 p.m. with a parade from Glen Lake along Sooke Road to the fair grounds, with fair queen Carolyne Clark, of Langford, in the place of honor.

At the park she was crowned by Herbert Bruch, Esquimalt MLA, who also officially opened the fair.

MAJORETTES

An entertainment program included a display of baton twirling by majorettes of Belmont High School, music by the Victoria Eagles' drum and bugle corps, square dancing by Mount View High School students, and judging of children's fancy dress divisions in the parade, first ever held in connection with the fair.

Highlight of the program came at 4 p.m., when Defence Minister George Pearkes, VC, presented prizes to the major winners.

Stan Hiscocks was fair manager; Mrs. Hiscocks, secretary-treasurer, and Mrs. W. Christie, entry secretary.

Douglas Richards, institute president, welcomed guests, and Alan Littler, institute secretary, was master of ceremonies.

Major trophies and winners in the fair were:

Royal Bank of Canada annual trophy, best animal in show, J. Chidlow.

Perpetual trophy donated by Maj.-Gen. G. R. Pearkes, highest number of firsts in the goat section, Tom Money. Special ribbon in section, Mr. Money.

Perpetual trophy donated by Esquimalt Jewelers, highest number of firsts in the sheep division, T. Parker.

Rock Gas Co. perpetual trophy for highest number of points in poultry, Allan Littler.

Haldor Beede Automotive Service perpetual trophy, highest number of firsts in the rabbit division, W. L. Emery.

Ribbon for best rabbit in show, Betty Ash.

Hudson Bay trophy, highest number of firsts in vegetable and field crop division, Mrs. H. Wadams.

Miss M. L. A. Savory trophy, for best artistic assortment of flowers, Mrs. D. Flatman. Special $5 prize for best basket of flowers, Mrs. Flatman.

B.C. Electric perpetual trophy, highest number of firsts in home cooking and canning, Mrs. Flatman and Mrs. J. Lohbrunner.

Miss L. M. A. Savory perpetual trophy, highest number of firsts in needlework, Mrs. Flatman.

Special prize, $5, best collection of fruit, F. H. Staverman.

Baker perpetual cup, best rabbit in junior division, Miss Katherine Colclough.

Woodward's perpetual trophy, highest number of firsts in dairy products, Fernie Farms.

Birks perpetual trophy, best dairy animal in show, J. S. Williams.

Canadian Bank of Commerce, Colwood branch, silver tray, highest number of points in junior division, 6 to 10 years, Miss Elizabeth Allen.

People's Credit Jewelers' perpetual trophy, highest number of points in junior division, 11 to 16 years, Miss Sheila Middleton.

Teenager 'Fair' After Car Crash

DUNCAN — Donald Swanton, a teenager seriously hurt in a car accident Saturday, was reported today by King's Daughters' Hospital officials to be in fair condition.

Swanton suffered a broken right arm, possible internal injuries, abrasions, and shock. He was treated at the hospital by Dr. J. S. Goodbrand.

$1,000 DAMAGE

The driver of the car, Armand Didie, 17, escaped with a cut lip. Another passenger, Tony Martin, suffered shock.

According to RCMP the accident happened on the old Island Highway at about 3.45 a.m., when the car left the road north of the city and hit a telephone pole. Damage to the car was estimated at about $1,000.

Chemainus Boy Tops Speedsters

PORT ALBERNI — David Woodley, 13, of Chemainus, won the Alberni Valley soap box derby championship here Saturday in a photo finish win over last year's champion, Jimmy Stevens of Port Alberni.

The boys had to race a second time for a decision after judges failed to agree on which of the boys won the final.

Jimmy won the Class A championship even by defeating Lorne Sherlock of Chemainus, and David won over Brock Hodgson in the Class B finals.

Harvey Thein, Nanaimo, won the Class A consolation, and Terry Burnip, Port Alberni, was Class B consolation winner.

Others reaching semi-finals in the Gyro-sponsored 11th annual derby here were Lorne Boroski and Bobby Beck, of Nanaimo, and Paul Ablitt and Arthur Hintz, Port Alberni.

Stamps Make Hay

Edge Eskimos Before 16,000; To Meet Lions

By The Canadian Press

Calgary Stampeders have their hometown fans talking to themselves. The club management is counting money.

Not since 1954 have the Cowboys known such success either at the gate or on the field as they tasted Saturday night in Calgary when they drew 16,000 fans to watch them upset Edmonton Eskimos 10-6 in a hard-hitting Western Interprovincial Football Union game.

It was September 13, 1954, when Calgary last knocked over the Grey Cup champions and not since that game have the Stampeders drawn so large a crowd. The financial take was reported the largest ever from a single game in Calgary.

Stampeders share first place with the Eskimos with four points and they go into the WIFU's only game tonight at Vancouver as the only undefeated team in the conference.

Almost as surprising as the Calgary victory was Winnipeg Blue Bombers' 7-3 upset win over Saskatchewan Roughriders Saturday before 12,500 fans at Regina's Taylor Field, where Bombers hadn't won a game since early in 1953.

The loss was the third straight this year for Riders, touted earlier as the team with the best chance to knock off Edmonton for the title.

Quarterback Jimmy Finks, a National Football League veteran, sneaked over from the one-yard line late in the fourth quarter to score the game-winning touchdown after he had set up the play with a 12-yard pass to end Willie Roberts.

Fullback Don Caraway, a 220-pound Houston University graduate, kicked the convert. He had booted a 20-yard field goal in the second quarter for Calgary's other three points.

PARKER STARTS FAST

Stampeders were almost knocked off their feet on the first play of the game when Jackie Parker took the kickoff and lateralled to rookie halfback Ken Hall, who scampered from the Edmonton five to the Calgary 24. Parker then carried over three plays later.

At Regina, where frequent showers made the footing slick, tackle Steve Patrick of the Bombers crashed through the Rider line to block a punt, then recovered the ball in the end zone for a touchdown that won the game. Halfback Buddy Leake kicked the convert.

The Riders got into scoring position several times. They counted in the second quarter when Reg Whitehouse kicked a field goal from an angle at the 11-yard line. Neither club scored in the second half.

An interception at the Winnipeg three-yard line by Bomber quarter Kenny Ploen, a fumble at the Winnipeg 10 by Rider halfback Sam Wesley, and a tremendous goal-line stand that held Saskatchewan on three plays at the five, made the touchdown stand up.

'THAT'S MY BOY BOB!'

Old pro Warren Spahn (left) can't help but glow when he's in the company of rookie Bob Hazle. Spahn, the hurler, and Hazle, the hitter, combined Sunday to give Milwaukee 7-3 victory over Phillies. Hazle, called up from Wichita last month, has a .526 average since stepping into the majors.

No Argument, But Arch Leaves Peewee at Home

Now the shoe's on the other foot.

It has been tradition, policy, custom or what-have-you for the Junior Shamrocks to produce players for their big brothers in the Inter-City Senior League. But this season the juniors have deprived Whitey Severson's seniors of one of his top performers.

As a result the big Rocks move into their best-of-seven final series with Nanaimo Timbermen minus starry Archie Browning. At the same time, the big team is thanking its lucky stars that aggressive Pee Wee Bradshaw won't be leaving them.

On Thursday Junior Rocks captured the British Columbia junior lacrosse championship. They leave Friday for the Western Canada junior final at Winnipeg.

CHOICE MADE

Coach of the club is Bradshaw, and Browning is manager. Naturally they want to go East with their boys. They would also like to stay and play in the ICLL final.

With a choice of one or the other, Browning chose to travel. Bradshaw also would have gone "If I could have had time off from my job".

So Browning leaves Friday, after appearing in the first game of the series Wednesday night. Also out for the series will be rugged Tom Druce and Jack Howse, out for the season with injuries.

Expected to return to action is Ed Kowalyk, the shifty forward who had his appendix removed earlier in the month, and Don Sherry, who slipped on the Memorial Arena floor during a late pre-season game and suffered a separated muscle in a leg.

Should the Shamrocks reach the Mann Cup final, they may lose another player.

Jack Bionda is under orders from Boston Bruins of the National Hockey League to report to their training camp September 15. The Mann Cup series starts on the 16th.

Double Setback By Colt Squad

ONTARIO, Calif. (CP)—Victoria's Capital City Colt League all-stars, who advanced further along the minor baseball play-off trail than any Vancouver Island team has ever gone, were knocked out of the annual Colt World Series here, losing both its games in the double-loss elimination.

The B.C. Club, which was invited into the series after a good showing against Richland, Washington, was beaten, 9-2, in its first game Thursday night by Eastern Ohio, although Steve Bishop held the American club to seven hits.

In Saturday's second game the Victoria team committed 10 errors and was trounced, 15-3, by San Antonio, Texas.

First game:

Victoria	000 101 0—	2	8	1
Eastern Ohio	202 311 x—	9	7	4

Steve Bishop and Bill White; Mel Withers, Don Purdue (6) and Butch Chambon.

Second game:

Victoria	000 003 0—	3	2	10
San Antonio	622 230 x—15	10	0	

Brent Siddon, Robin Barnes (3) and Barry Saddler; Garza, Walker (4), Stroth (5) and Arnold, Guzman (7).

Albion, Oak Bay Step Into Semi-Final Round

Albions moved into the semi-finals of the Victoria and District Cricket Association Knock-out Cup competition Sunday with a powerful display of batting that left Cowichan CC 101 runs behind when the scores were totalled.

R. Carke set the tone of the Albion win when he stood for 46 runs before being caught out by M. Jaggers. He was followed by D. Hughes with a 33 run stand. The best Cowichan could muster was a pair of sixes by G. Dyson and R. Moffatt.

Best Cowichan bowling was registered by J. Kay with four wickets for nine runs. For the winners, T. Oakman took the honors bowling four for six ahead of Clarke's two for five.

Oak Bay came to life Saturday with a three wicket win over league leading Five C's.

The win put them into the semifinals against Alcos next Sunday when Albions will play Incogs.

Mawhinney Tops Hamilton Tourney

HAMILTON, Ont. (BUP) — Bill Mawhinney of Vancouver won the Gaylord golf tournament Saturday with a 3 and 2, four-under-par 67 victory over Hal Butler of Oshawa, Ont.

Mawhinney, who earlier this month edged Ald Balding to take the Millar Trophy, picked up $600 in prize money.

In the morning round, Mawhinney won his semi-final game against Gerry Kesselring of Toronto, 3 and 2, and Bill Kozak of St. Catharines stretched Butler to the 20th hole.

Long-Hitting Jo Wins Golf Crown

SACRAMENTO, Calif. (AP) —Seattle's Joanne Gunderson, a happy-go-lucky redhead teenager, won the U.S. National Women's Amateur golf championship Saturday, trouncing veteran Ann Casey Johnstone, 8 and 6.

The long-hitting 18-year-old played steady, near-par golf on the hot Del Paso Country Club par 38-36—74 course while the greying Mrs. Johnstone, 34, of Mason City, Iowa, and making her fourth try for the big silver cup, was erratic in every department. Her putter, however, gave her the most trouble as putt afer putt refused to drop.

Miss Gunderson, a finalist last year, at times played superb golf, especially on the 5 par 426-yard 22nd when she smacked a four-wood 200 yards out of a trap to the edge of the green. That shot raised a rousing cheer from the gallery of several thousand. But Joanne lost that hole, one of four, to a birdie.

The winner had a 4-up advantage at the end of the morning 18, winning 14, 15 and 16 with pars. She was 5-up at the end of 27 and took the last three holes.

"I was just having fun," the blue-eyed golfer said, "and everything turned out so well." A golfer for eight years, she's a natural lefthander who plays righthanded.

The easy-going youngster, smiling all the while and applauding whenever her opponent made a good shot, becomes the second youngest player to win this 57th annual event. The youngest was Beatrix Hoyt of New York, a 16-year-old champion in 1896.

The new champ, a fast player who wastes little time lining up her shots, won the National Junior crown last year.

Calgary Waits For B.C. Club

EDMONTON (CP) — Calgary Wranglers are the Alberta senior "A" men's softball champions.

They defeated Edmonton Trailers twice in three games Sunday to take the best-of-three series 2-1. Wranglers won the first contest 3-0, dropped the second by the same score, then ran roughshod for a 9-4 win in the third contest.

Calgary advances to the Western Canada finals against the British Columbia champions, Sept. 2, in a best-of-seven-game affair.

The Alberta winner was scheduled to meet Winnipeg, the Manitoba champion, but Winnipeg has since defaulted.

Edmonton Truckettes, Alberta senior women's champions, will meet the Manitoba champions in Winnipeg, Sept. 2, for the Western Canada women's softball title. This is also a four-out-of-seven-game series. Vancouver, the British Columbia champions, have defaulted in this division.

Pete's OLA Win Streak Snapped

PETERBOROUGH, Ont. (CP) —Hamilton defeated Peterborough 17-16 Saturday night, in a Senior Ontario lacrosse game here that went into overtime. The win staved off elimination for Hamilton Lincoln Burners in the Senior OLA semi-finals which the Peterborough Timbermen lead 3-1. The loss for the Timbermen ended a three-year home winning streak.

The Burners were led to their overtime win by the two goals of Tony D'Amico and a single by Ross Powless.

The fifth game will be played in Hamilton on Monday night.

United Weston Wins Soccer Playoff Berth

WINNIPEG (CP)—Manitoba will be represented by United Weston in the Dominion soccer championship playdowns. This was decided here Saturday night when United defeated Army and Navy Scottish 4-3 after 30 minutes of overtime in one of the hardest battles of the season.

The first two games of the best-of-three games series ended in 4-4 and 3-3 ties.

United will meet the winner of the Calgary Hungarians-Regina Hungarians game in Regina Monday.

Braves Breezing Along With Aid From Hurricane

Not-So-Dead White Sox Only Four Games Behind

By United Press

Milwaukee Braves feel they'll win in a breeze, especially now that rookie Bob (Hurricane) Hazle is leveling a path to the pennant for them.

Hazle, a left-handed hitting outfielder brought up from Wichita on July 27, has been Milwaukee's most devastating hitter the past two weeks and now sports a .526 average with 30 hits in 57 times at bat.

"The kid is fantastic," exclaims Miwaukee manager Fred Haney.

That description certainly fitted Hazle Sunday as he blasted a pair of three-run homers plus a single for a "perfect day" that powered Braves to a 7-3 victory over the Phillies and enabled them to stretch their National League lead to 7½ games.

Hazle's spectacular one-man batting show accounted for Milwaukee's last six runs. Southpaw Warren Spahn drove in the first one with a homer off loser Robin Roberts in the third inning en route to his 16th victory. The loss was Roberts' 18th compared with eight victories.

CARDS EDGED

Brooklyn Dodgers edged St. Louis Cardinals, 6-5; New York Giants crushed the Redlegs, 10-1; and Pittsburgh Pirates beat Chicago Cubs, 3-0, in the opener, then lost the nightcap, 8-2.

Chicago White Sox tightened the American League race considerably, climbing to within four games of first place by beating the Orioles twice, 6-2 and 3-0, while Detroit defeated the Yankees, 7-2. Cleveland took a pair from Washington, 3-2 and 6-4, and Kansas City beat Boston, 3-2.

Don Drysdale was credited with his 13th victory for the Dodgers although Brooklyn manager Walt Alston had to employ three pitchers—Ed Roebuck, Sandy Koufax and Sal Maglie—to stop the Cards in the ninth. Maglie struck out Ken Boyer with the bases full to end the game.

Don Mueller drove in three runs for the Giants with two homers and a pair of singles and teammate Danny O'Connell also knocked in three runs with a homer, triple and single as five Cincinnati pitchers gave up 15 hits. Ruben Gomez pitched his 14th victory.

LONG ON SPREE

A four-hitter by Vern Law produced Pittsburgh's victory over Chicago in the opener, but ex-Pirate Dale Long, who got three of the hits off Law, also collected three more in the nightcap to pace the Cubs to victory.

Bob Keegan of the White Sox, thumbing his nose at the traditional jinx that is supposed to follow a no-hit performance, held the Orioles to three hits in winning the opener for Chicago. Keegan, who pitched a no-hitter against Washington in his last outing, posted his ninth win. In the nightcap, Sherm Lollar's single with the bases full highlighted a three-run rally in the sixth inning that gave reliever Bill Fischer his fifth triumph.

Al Kaline smashed a pair of two-run homers and two singles against the Yankees while southpaw Billy Hoeft helped himself to his sixth victory with a bases-loaded double.

Indians won their opener from the Senators on Jim Hegan's eighth-inning homer. Roy Sievers hit his 33rd homer for the Senators, who dropped into last place.

Woody Held's ninth inning homer off Tom Brewer enabled the A's to take over seventh place. Red Sox had tied the score at 2-2 on Pete Daley's homer in the top of the ninth off winner Tom Gorman. Vic Power and Hector Lopez also homered for Kansas City.

Bilko Heading For Home Run Mark Tonight

By THE ASSOCIATED PRESS

Big Steve Bilko of Los Angeles tonight could become the first man in the Pacific Coast League history to belt 50 home runs in each of two consecutive seasons.

The hefty Angel slugger boomed his 48th and 49th for this year Sunday night while leading Los Angeles to a 6-2 nightcap victory over Hollywood. The Twinks won the first 6-3.

The doubleheader pulled the curtain for the season, and possibly permanently, on a fierce 20-year crosstown rivalry. Brooklyn's Dodgers are expected to move major league ball into the area next year.

Every team in the PCL played a doubleheader Sunday but only the leading San Francisco Seals scored a dual triumph. They defeated hapless seventh-ranked Sacramento 4-3 and 4-2 and boosted their lead over second-place Vancouver to 4½ games.

MOUNTIES SPLIT

Vancouver split with San Diego, which is in a third place tie with Hollywood. Mounties won 8-0 and then lost in an eight-inning nightcap 3-2. Seattle dumped Portland 9-5, but the cellar-dwelling Beavers came to life in the second game and edged the fifth-place Rainiers 4-3.

Hollywood hurler Bennie Daniels not only pitched his mates to victory in their opener with Los Angeles, but drove in two runs. His two-hit pitching gave him victory No. 15.

Bilko's home-run-hitting nightcap performance for Los Angeles gave him an edge over his mark at this point last season. He had hit 47 home runs in 130 games but finished the season with 55.

Mounties won their opener behind the shutout pitching of Art Houtteman and the home run hitting of Jim Marshall and Spider Jorgensen. In the second game, Padre pinch hitter Dave Pope singled in the winning run in the extra eighth inning. San Diego had taken the lead with a run in the third and another in the sixth on Floyd Robinson's home run. But Mountie Owen Friend connected for a tying four-bagger with one aboard in the seventh.

Navy Toppled By Meralomas

Vancouver's junior Meralomas showed all-around balance and a well-polished attack Saturday night to defeat Navy's Intermediate team 28-0 in an exhibition game at Vancouver.

It was Navy's first start of the season. Meralomas last week defeated Mayo Vampires 14-0. Vampires and Oak Bay, the defending champions, launch Victoria's gridiron season Friday night at Royal Athletic Park.

Touchdowns by fullback Ray Lachner and Garry McCullough, a convert and safety touch gave Meralomas a 15-0 lead at half-time.

Jack Schreiber scampered 80 yards after intercepting a Navy pass in the second half for a third Vancouver major and Ken Sherlock's converted touchdown rounded out scoring.

MONCTON, N.B. (CP) — Yvon Durelle, Canadian and British Empire light-heavyweight champion, will fight Eddie Demaras, Springfield, Mass., here Aug. 29 in a 10-round, non-title bout.

Halecos Win On Norm's Toe

VANCOUVER (CP) — Vancouver Halecos won their way into the B.C. finals of the Dominion Cup soccer championships Saturday with a 4-2 victory over Vancouver St. Andrews.

Halecos, who won the cup last year, next Saturday meet the winner of a contest Wednesday between New Westminster Royals and Vancouver North Shore to decide whether they will represent the province again in the national championship.

St. Andrews were behind from the start of scoring Saturday and stayed that way despite strong offensive moves and a gallant defence by goalie Nick Kun.

Normie McLeod gave Halecos the only goal of the first half and added two more in the second. Roy Nosella scored the fourth for Haleco and Neil McEachnie put home both the St. Andrews goals.

Ken's Lesson Pays Off —'Never Look Back'

MILWAUKEE (UP) — Ken Venturi, professional golf's hottest player with two straight tournament victories, said today two lessons he learned in his 1956 Masters' blowup had helped in his young career.

"Don't nurse a lead. Go out and try to improve it.

"Never look back and see what the guy behind you is doing," said Venturi, who won the $35,000 Miller Open here Sunday with a 13-under-par 267.

"I didn't pay any attention to what Snead or Balding were doing. I figured I needed a 68 the last day to win, and I went out to shoot that," he said.

The confident 26-year-old San Franciscan did just that. His two-under-par 68 won him the $6,000 first prize. Five strokes behind him with 272s were Al Balding of Big Winn Inn, Ont., and the "Old Slammer," Sammy Snead, who each got $3,500.

Venturi went into the rough eight times with his tee shot, but six times he put his second shot on the green. An example of his accurate irons was given on No. 10, when he hit out of the rough to within five feet of the cup, then sank the putt.

Venturi, who lost the 1956 Masters' tournament with an 80 on the final round, has finished in the money in 14 of 15 tournaments since turning pro nine months ago. He won the St. Paul Open a week ago with a record-equalling score.

DOUG MILLER TOPS

Record Turnout In Junior Derby

A record 640 youngsters covered Saanich Inlet like a blanket Sunday as Victoria-Saanich Inlet Angler's Association staged its most successful junior derby yet.

A total of 90 prizes were given out to the excited entrants and, if derby results are any indication, there is going to be a good supply of fishermen in the Victoria area for many years to come.

Some youngsters got so interested in wetting their lines that long after the derby was officially over that they were still dipping hooks off the end of the wharves in search of salmon, perch, cod or other assorted residents of the ocean.

And it wasn't a case of resorting to anything after failing to hook into a salmon — there was a definite abundance of springs and cohb at the end of the day.

Top winner in the event was 13-year-old Doug Miller, 2175 Dalhousie, who hauled in a 21-pound 12-ounce lunker that went for his herring dodger and minnow combination. Doug's salmon won him a bicycle, as did Carol Greenhaugh's 10-pound 4-ouncer, which topped the girls' entry.

Jackie Milliken won a $50 fishing outfit with his 15-pound 1-ounce spring, while Joan Midlane, who won the derby last year, lost the flip of the coin with Jackie and wound up with a $35 fishing outfit. Joan's fish also weighed 15 pounds 1 ounce.

Heather Kirk won a $25 fishing outfit with a 14-pound 8-ounce salmon.

HIDDEN WEIGHT PRIZE WINNERS

Only Susie's Singles Win Runs to Form

QUEBEC (CP)—Upsets were the rule in the province of Quebec tennis championships over the weekend.

Armando Vieira of Brazil captured the men's singles crown by beating out countryman Carlos Fernandez, top-ranked foreign entry, 4-6, 6-4, 6-4, 6-4. Fernandez then teamed with Montrealer Henri Rochon to take the doubles title 8-6, 6-4, 6-0 over top-seeded Bob Bedard, Sherbrooke, Que., and Toronto's Don Fontana.

Susan Butt of Victoria, top out-of-province entry, won the women's singles with a 6-4, 7-5 win over unseeded Mariette Lafromboise of Montreal in one final that did run to form.

Miss Laframboise joined with Sarah Mae Turber of Evansville, Ind., to cop the doubles crown 6-3, 6-3 over Miss Butt and Anne Bagge Vieira of Brazil, the top-seeded team.

In the mixed doubles Bedard and his wife, the former Anne Stacey of Halifax, defeated Montrealers Francois Godbout and Therese Helie 6-3, 11-9.

Miss Butt stroked smoothly as she took the singles title. She moved out of a 3-3 tie to take the first set, moved to a 6-5 lead in the second set on her own service then broke her opponent's for the win.

SEATTLE (AP) — Canadian-owned Jules Jewel came from behind in the stretch, Saturday, to pass Washington-bred Val Glitter and win the 12th running of the $5,000-added Drumheller Memorial at Longacres race track.

Favored Count Indigo, another Canadian entry, was third.

Junes Jewel, owned by A. E. Forshaw, of Vancouver, B.C., passed the wire half a length in front to pay $12.90, $6.70 and $4.10.

'Cats Offer Proof Sam No Mudder

HAMILTON (CP)—Hamilton Tiger-Cats rallied with three second-half touchdowns to defeat the defending Big Four football champion Montreal Alouettes 22-6 Saturday night here. Seventeen-thousand fans sat through a driving rain to watch the teams play in a sea of mud.

The Cats trailed 6-1 at half time, but they marched to victory with a stout defensive display which held Alouette quarterback Sam Etcheverry to only 10 completions in 30 pass attempts. They also turned one of three pass interceptions into a touchdown and capitalized on a pair of Alouette fumbles for majors.

Everybody Wins, Or So It Seems, When Digger Goes

Digger O'Dell took a holiday from driving at Western Speedway at the weekend and it appears that everybody got a chance to win either a heat or major race Saturday.

For the first time in three years, Bert Gilmour pushed his stock through to a main-event win when he made good his late challenge against highly-favored Dick Willoughby for the upset night of the meet. Gilmour trailed for 21 of the 25 laps in the race.

Dave Cooper made his move in the 17th lap and wound up third, a notch behind Willoughby.

Cooper went on to win the Trophy Dash without any trouble to take over from O'Dell who has won it successively in his last nine tries.

The special mechanic's race was handily won by Del Williams as he beat out Al King and Dave Allen.

Trophy dash—1, Dave Cooper; 2, Dick Varley; 3, Al Smith.
First heat—1, Dick Willoughby; 2, Dave Cooper; 3, Dick Varley.
Second heat—1, Lamont Brooks; 2, Phil Lembrick; 3, Chuck Herne.
Third heat—1, Larry Van Humbeck; 2, Bert Gilmour; 3, Hank Neilson.
Fourth heat—1, Ray Pottinger; 2, Carman Pascoe; 3, Bernie Griffiths.
Mechanics' race—1, Del Williams; 2, Al King; 3, Dave Allan.
Main event—1, Bert Gilmour; 2, Dick Willoughby; 3, Dave Cooper.

Arrows Not Planning To Step Out So Easily

The odds seem to favor the defending champions, but Arrow Furniture doesn't intend to pass up the Senior A Men's Softball League championship without a battle.

A battle is what the defending rulers, Gorge Hotel, stepped into Sunday at Central Park. There were, in fact, two battles and many in the overflow audience that left the park after it was all over could not remember when they last witnessed such thrilling playoff action.

Victories were divided with Gorge winning a 3-2, 15-inning thriller in the afternoon and Arrows bouncing back for a 3-2 triumph in the evening.

FIFTH TONIGHT

Results left Gorge one game away from winning their seventh straight city championship. They lead the best-of-seven series 3-1 with the fifth game scheduled for tonight, starting at 6.30.

The afternoon marathon had a little of everything. Teams were deadlocked 1-1 after the regulation nine innings, but a tremendous, two-out homer by veteran Archie Sluggett gave Arrows the lead in the top of the 14th. Gorge came back in their half when Leroy Bond singled and tied up the game after Barry Jackson tripled with one out.

Stan Stewart scored the winner in the 15th. He drew a walk—the sixth off Lyon—and then moved to third after a sacrifice and an infield putout. A two-out error by Arrow shortstop Art Brinks enabled Stewart to score.

REAY RAMBLES

Jim Reay scored all three runs in the nightcap to keep Arrows' fortunes alive.

Presentation of various league trophies were made before the second game. League president Ken Kitchen presented Gorge's Ken Gunter with the trophy for winding up in first place during the regular schedule.

Mayo Lumber's Jim Peterson captured the batting crown with a .458 mark while Ab Wiebe was presented with the most valuable player award. Sluggett was presented the most gentlemanly player trophy.

LAMONT SHARP

Third Contest Needed In Island 'B' Playoff

Fletchers made the most of five hits and five errors Sunday evening to edge Ladysmith 4-3 and force a third and deciding game in their best-of-three Island Senior "B" softball championship.

Jim Lamont's three-hit masterpiece in Sunday's first game at Heywood Park gave Ladysmith the series' opener 5-1.

Date for the third game has not been set. Originally, the series was to open Saturday night in Ladysmith and wind up with Sunday's twin-bill at Heywood. Saturday's contest, however, was postponed because of rain.

Lamont was in complete command in the opener, striking out three and walking only one batter. Ellis Achtem was the loser as Fletchers miscued six times.

Gerry Stilson was the second game winner while Ken Berry, the first of two Ladysmith hurlers, was tagged with the loss.

First game—
Ladysmith 000 021 020—5 7 2
Fletchers 000 100 000—1 3 6
Jim Lamont and Del Bertrand; Ellis Achtem and Jim Moody.
Second game—
Fletchers 100 120 000—4 5 4
Ladysmith 000 010 200—3 8 5
Gerry Stilson and Moody; Ken Berry; Ron Aitken (5) and Bertrand.

O.C. CRICKET

LONDON (Reuters) — The West Indies' once-proud cricket team Saturday crumpled quickly and finally to England's destructive bowling, humbled by defeat in the last game of this year's test series.

The West Indies lost the fifth game of the summer-long series by an innings and 237 runs at The Oval, South London—abruptly closing the final contest in mid-afternoon of the third day.

Following England's powerful first innings total of 412 and their own brief 89-run first innings Friday, the visitors went to bat again Saturday but fared no better. They managed only 86 runs in their bid to close the gap and pull at least one victory out of the series.

The series thus went to England three games to none, with two draws.

WESLOCK AMATEUR KING

Nick's Know-How Too Much for Ted

WINNIPEG (CP) — Experience triumphed over youth in the final of the Canadian Amateur golf championship as Nick Weslock of Windsor, Ont., a four-year veteran of Amateur tourneys, captured the title with a lopsided 9 and 8 victory over Winnipeg's youthful Ted Homenuik.

Weslock, who was born in Winnipeg, said after the match Saturday that before he left the east, friends jokingly told him "from the look of those grey hairs at your temples, you'd better win it now as time is running out."

Homenuik, 23, said: "Charge it to experience."

PLAYS WITH CARE

Weslock, who played each shot with deep concentration, was approximately four-under-par when the scheduled 36-hole match ended on the 28th green of the St. Charles Country Club course.

A gallery of about 3,000 followed the two finalists.

There was little doubt which way the match would finish after the morning round of 18 holes. It was just a matter of how soon. Weslock dropped putts with deadly accuracy, and hit straight woods, long irons and sharp short iron shots, to take a seven-up lead on the first 18.

Homenuik fell apart and won only two holes. He was continually in trouble in sand traps and unable to drop long putts in the morning round.

Weslock's only other time in the final was against Bill Mawhinney, of Vancouver, at Saskatoon, in 1950, when he lost 6 and 4. This year he polished off two members of the British Walker Cup team — Michael Bonallack and Philip Scurtton, American Leonard Bjorklund and Vancouver's Bob Kidd on the way to the final.

EIGHT CONVENTIONS

2,500 Delegates Here in September

Eight conventions, bringing about 2,500 visitors to Victoria are scheduled next month.

The two largest will be the 700-delegate Canadian Chamber of Commerce meeting Sept. 29 to Oct. 3, and the B.C. School Trustees' meeting Sept. 23 to 25, with 450 trustees attending.

West Coast Life Insurance meets Sept. 2 to 6, with 170 delegates, and Equitable Insurance from Sept. 9 to 12, with 350 attending.

About 250 B.C. municipal engineers meet here Sept. 13 and 14, and 300 members of the American Society of Travel Agents from Sept. 15 to 18.

Northwest Public Power Association, accounting section, will have 22 delegates here Sept. 18 to 20, and on the same dates 40 representatives of the Trade and Industry Council also will meet.

Freight Cars Derailed In Bridge Collapse

SYRACUSE, N.Y. (AP) — Thirty-four cars of a long New York Central freight train were derailed Sunday on an overpass and the bridge collapsed into one of the city's most heavily traveled streets. A railway watchman was killed. No other injuries were reported.

GIRL MAROONED UP IN AIR HAS DOWN-TO-EARTH PROBLEM

INVERMERE, B.C. (CP) — The ferris wheel broke down at the East Kootenay Fair Friday, leaving a little girl marooned high in the air.

That was the moment she chose to shout a message to her mother, waiting for her on the ground.

"I want to go to the bathroom, Mommy."

Capital Gains Tax, Smith's Aim

A capital gains tax, aimed to divert 25 per cent of investment profits to the cost of Canadian education, has been proposed by Victoria alderman and MLA J. Donald Smith.

"Neither the province nor the municipal governments have the financial resources to provide adequately for the educational needs of the people," he said over the weekend.

Ald. Smith said in interview, he will attempt to gain support for the plan from local ratepayers' organizations and send a deputation to Ottawa.

ADEQUATE PAY

He said although school costs are normally a provincial responsibility, the federal government should insure ". . . that the necessary schools are built and that teachers receive adequate salaries."

A tax on profits would mean ". . . those who exploit our natural resources must pay their fare share. A single worker who earns more than $1,000 a year must pay income tax, but a big-time operator who cleans up thousands of dollars on a stock market deal pays not a penny."

Grain Elevator Here Plugged

The Victoria grain elevator here is plugged full as grain cannot be shipped out fast enough to keep up with arrivals, elevator manager C. C. Head said Saturday.

It reflects the situation in terminals elsewhere in the country, all full of prairie grain, though the shipping picture is somewhat better on this coast, Mr. Head said.

Shipments for the year ending July 31 from the West Coast totalled 140,000,000 bushels. Victoria accounted for about 3,500,000 bushels of this.

Most of the grain from here, largely wheat, goes to Japan and the United Kingdom.

Tory Candidate In Burnaby Hits New Mining Act

VANCOUVER (CP) — Del Black Progressive Conservative candidate in the forthcoming by-election in Suburban Burnaby says that the 1957 amendment to the Mineral Act was a master piece of misunderstanding.

Mr. Black said the former mining laws gave prospectors and investors the best possible security of tenure in their mining property.

"Mining men in many countries considered that our mining laws were among the best in the world," said Mr. Black, "but with our mines now facing lower prices, increased American duties and higher labor costs with the discriminatory mining act it is no wonder that many of our best mines are facing shutdowns and the resulting unemployment."

TRAFFIC FINES

In Colwood RCMP court Friday:

George Donald Pender, 4056 Livingstone, and Gerhardt Paul Raps, 3039 Tillicum, $25 and $3 costs each for speeding over 35.

James Leslie Jukes, 3247 Irma, $25, $3 costs and two-month suspension; Harry Robert Browning, 1002 Pakington, $50 and $3 costs for careless driving.

In Oak Bay police court:

Donald Edward Milton, RCN, $25 for driving without a licence.

John Ray, 2747 Satellite; Ora S. Pearson, 1514 Elford; Cyril J. Partridge, 2969 Earl Grey; Pamela Mary Burley, 590 Transit, $10 each for speeding over 15.

Terrence Arthur Turcotte, 73 Sylvan, and Fritz Benischek, 1151 Princess, $15 each for speeding over 30.

John Valentine Cameron, RCN, $25 for violation of driver's licence restriction.

Thomas Rapanos, 1005 Park Boulevard, $10 for failing to stop at a stop sign.

Armed Forces Auto Drivers Best in Land

HALIFAX (CP)—Drivers in Canada's armed forces are so good they are not permitted entry in civilian driving contests, says H. M. Grant, supervisor of naval transport in the Royal Canadian Navy's Atlantic Command.

"Armed services drivers are the best in Canada, and we have statistics to back this up," he said here.

For instance, the accident rate for naval vehicles in every 100,000 miles of driving is two per cent. And drivers in the Atlantic Comand covered 9,000,000 miles in the past year.

HAVE OWN CONTEST

While the naval service drivers cannot enter a civilian roadeo or safe driving test, they have one of their own. An entrant must have been acident-free for one year, and considering the amount of travelling done by the average naval driver this is quite a stipulation.

Applicants for a naval driver's licence must pass three tests: A written test on driving information, a physical aptitude test and a road driving test.

One maxim taught naval drivers is: "Never mind who has the right-of-way; let the other fellow go first."

These drivers are re-examined every three years, and must take regular courses in vehicle maintenance and repair.

Their accidents are so rare that when one does happen, the driver is immediately tested for any physical defect that might have developed since his previous examination.

Bell, Family End U.S. Cruise

SAN FRANCISCO (AP)—Max Bell, Canadian millionaire, paid San Francisco a visit Sunday aboard his 136-foot yacht.

Bell, whose interests include mining, steel, newspapers and race horses, is with his wife Agnes and four children.

They return by air to Calgary today, ending a month-long vacation cruise from Vancouver to San Diego.

NO TRAFFIC HEADACHES can be found in "Traffic City," a model that shows how major city congestion and parking problems can be solved. It is demonstrated here by W. H. Powers, vice-president, Canadian Acceptance Corporation Limited, to George Black, president of the Vancouver Automobile Dealers' Association, and H. W. Gladwell of Victoria, president of the B.C. Motor Dealers' Association.

Ford Joins Big Foes to Reject UAW Proposal of Car Price Cuts

DETROIT (AP) — The Ford Motor Company has made unanimous the big three car makers' rejection of Walter Reuther's proposal that they cut prices on 1958 models in a union-management move to combat inflation.

Replying to the United Auto Workers' chief, Henry Ford II said the company's pricing policies were not a subject for collective bargaining.

The Ford Motor Company president agreed with Reuther that inflation is a serious problem but Ford said, "we will not solve the problem with propaganda broadsides."

BACKS COMPETITORS

Ford's refusal to go along with Reuther's plan was based on similar reasons previously offered by General Motors Corporation and Chrysler Corporation. Neither Ford nor Chrysler, however, suggested, as GM did, that the present three-year contracts be extended two years as a "contribution to economic stability."

Reuther had promised to make unspecified concessions in the union's contract demands next year if the companies cut prices on 1958 models this fall by an average of at least $100.

In a statement commenting upon the Ford reply, Reuther said he wished to repeat what he had said Friday about the replies from GM president Harlow H. Curtice and Chrysler president L. L. Colbert.

UAW NOT QUITTING

"The UAW," Reuther said, "is not giving up this fight against inflation because of these first refusals to our proposal last week. We shall not abandon our crusade to protect our members and their families and all other American consumers against the danger of inflation which seriously threatens all of us."

Reauther said the UAW will issue early this week "a detailed analysis of and statement about the various arguments and false allegations made in the letters of the three companies."

The union's proposal, Ford said amounts, in effect, to this:

"If Ford Motor Company, this fall will absorb the cost increases during 1957 and then also reduce the average price of its 1958 model cars $100 below the average 1957 model price, we at UAW in our contract negotiations with Ford next summer—nine months later—will take this into consideration in our demands and we may not ask as much in the way of increased wages and increased fringe benefits as otherwise will be the case."

Reuther said the UAW would not agree to any wage reduction to match his suggested cut in auto prices.

Ford said 10,000 of his wage-earners across Canada will get an extra six cents an hour starting Sept. 1 as part of the firm's contract with the United Automobile Workers (CLC).

On the same date 4,300 salaried employees will receive an increase of $10.40 a month, the company said.

Affected are workers in Windsor, Oakville, Ont., Toronto, Montreal, Halifax, Saint John, N.B., Winnipeg, Regina, Calgary, Edmonton and Vancouver.

He added: "Hourly wages at the Ford Motor Company increased 70 per cent while the price of a typical Ford car was rising 30 per cent."

Ford said Reuther's proposal "fails to recognize the simple economic facts of life."

"Without the moderate price increases of the last several years," Ford said, "our company would be in a precarious financial position today and the jobs of our 200,000 employees would be in jeopardy."

TODAY'S GRAIN PRICES

CHICAGO (AP) — Wheat lost more than a cent at times in moderately active dealings on the Board of Trade today.

Other grains also fell off, declining mainly on favorable weather and crop reports. Only soybeans showed resistance to the downturn, scoring gains of up to a cent at one time after being off more than a cent most of the session.

Weakness in wheat was attributed to scattered commission house selling.

WINNIPEG (CP) — Trading was mostly dull as far as oats and barley were concerned on the Winnipeg Grain Exchange today.

There were a few domestic shipping orders and prices moved in a narrow range.

Some activity occurred in flax with buying by local interests and U.S. houses prompted by reports of frost damage to the crop. Offerings were light and prices were mostly higher but somewhat irregular.

Rye prices were erratic following U.S. markets. Some demand here also was prompted by reports of frost damage.

There were no reports of overseas business in Canadian coarse grains.

Weekend export loadings of Canadian wheat included 1,100,000 bushels to Japan and a small quantity to the United Kingdom.

Lakehead prices for class two, IWA and domestic wheat were all up ½ cent from Friday.

Survey CD Potential of Civil Service

Surveys leading to integration of the 17 provincial government departments with Civil Defence plans are nearing completion.

"Only four more departments have to be surveyed and that should be cleaned up by the end of the vacation season," Brig. G. A. McCarter, deputy provincial co-ordinator, said Saturday.

The surveys will inform provincial CD headquarters what resources in manpower and equipment the departments could provide in case of a disaster anywhere in B.C.

They have been conducted all summer under authority of an order-in-council requiring all departments to mobilize their full resources under CD officials in the event of a "state emergency" proclamation being issued for any of the 15 provincial CD areas.

In addition, a senior official of every department has been appointed a CD officer.

Higher Interest Rate On New Savings Bonds

OTTAWA (CP)—The government announced today that a 12th series of Canada Savings bonds will go on sale October 15 with a higher interest rate after the bonds are held two years than in the 11th series.

The new 13-year issue also provides for the sale to any one purchaser of bonds to a limit of $10,000, double the limit of the current issue, which will be withdrawn from sale August 31.

The bonds, dated November 1, 1957, will carry 13 coupons, each covering a one-year period. The first two coupons will pay interest at the rate of 3¼ per cent and the remaining 11 coupons a rate of 4¾ per cent.

Bonds in the 11th series bore a graduated interest rate, starting at 3¼ per cent and scaled up in later years to 4 per cent. These bonds mature in 12 years.

The average interest yield to maturity in the new issue is 4.46 per cent a year, compared with 3.76 per cent in the 11th series and 3.25 per cent in the 1955 issue.

The interest rate is being kept at 3¼ per cent for the first two years to discourage bondholders from switching to the new issue from the old.

"The decision to offer Canada Savings Bonds this October reflects the strong public response to Series 11 bonds, which resulted in sales of approximately $851,366,450 to 1,237,703 buyers," Finance Minister Fleming said.

Total sales of Canada Savings Bonds since the security was first offered now amount to $5,744,180,900, of which $2,276,455,500 remains in the hands of purchasers.

The new bonds, to be offered for sale at 100 per cent up to November 15, 1957, will be available in coupon form in denominations of $50, $100, $500, $1,000 and $5,000. They must be registered as to principal in an individual's name, whether adult or minor.

MARKET SUMMARIES

Top Exchanges Show Continued Decline

Toronto's stock market continued to decline today during dull mid-afternoon trading.

A feeble attempt to rally failed in New York as the market resumed its downward course in the late afternoon. Trading was active.

At Toronto steels, utilities and refining oils were the heavier losers among industrial groupings, each section having at least four losses to every gain. None of the groups had more gains than losses.

Senior base metals had four times as many losses as gains. All price changes, however, were fractional with the exception of Falconbridge, off ½ points to 27¼. Lower-priced mines were lower with losses outnumbering gains two-to-one. Losses ranged to 25 cents.

Western oils were led down by senior issues which lost about a point in most cases.

At New York, motors, oils and most leading rails were down. Shares of major steel firms were mixed after some earlier gyrations.

Canadian issues were lower. Losers included McIntyre Porcupine, 3¾; Hudson Bay Mining, ⅝; International Nickel, ½; Aluminium Ltd., ⅜, and Canadian Pacific, ½.

Among Canadian stocks on the American exchange, Shawinigan was up ¼ and Molybdenite gained 1-16. Losers included Fargo Oil, 3-16; Preston East Dome, ⅛, and Jupiter Oils, ⅛.

AT MONREAL—Both stock markets showed a downward trend in moderate afternoon industrial trading.

Among base metals, Aluminum lost ⅜ at 36⅝ while Noranda at 41½ and Hudson Bay at 50¾ each dropped ½ and International Nickel was up an equal fraction at 81.

In utilities, Power Corporation at 63, B.C. Power at 44½, and Shawinigan at 81, each lost a point, but in the miscellaneous division General Dynamics gained an equal amount at 51. Refining oils were low as Imperial was down 1⅛ at 48⅜ while Canadian Oils lost a point at 34 and B.A. slipped at ⅝ to 47½. Building Products was low in constructions, losing 1¾ at 33¾.

AT LONDON the stock market was quiet with a tendency to lower prices.

However, gilt-edged securities showed scattered gains. There was only a selective interest in foreign issues. Chinese were dull but several European bonds were slightly higher.

Dollar stocks were hit by Friday's weakness on Wall Street and showed losses up to six points. Hudson's Bay was dull.

Oil shares, South African gold shares, and copper issues were generally lower.

AT VANCOUVER the market was dull, and prices showed a downward trend.

Peace River Pete sold 2,500 at $1.39. Vantor moved 4,000 at $1.78. National Explorations traded 2,500 at 30. Sheep Creek moved 3,000 at 47.

NEW STYLE FOR MEN

Colors Showered on Raincoats

LONDON (AP) — One of Britain's best-known retailers of raincoats says the up-to-date man in the rain will wear gay colors in future downpours.

"Men want light colors," said F. A. Watson, whose store is on exclusive Regent Street. "They are much less concerned about practicality than they were even 12 months ago."

Exhibiting some of the new models for coming cloudbursts, raincoats in silver white, oatmeal and pin checks with brilliant satin linings, Watson said men buy rainwear to "get some fun out of life."

Watson's favorite among the new models was a hip-length, shower-proof oyster-colored jacket lined with navy or red wool and closed with a snappy tie belt. This was described as perfect for low slung sport cars.

But still popular are what is known to the staff as the "foreign intrigue" raincoat — the old fashioned trenchcoat with two brass rings in the back. The rings are for swords or billycans, a throwback to its military inception. Actors are among the chief buyers of the foreign intrigue.

(BB PLUS) "The DELICATE DELINQUENT" (Royal)—In between spasmodic bursts of laughter Jerry Lewis fans may begin to wonder what is happening to their erstwhile hero of hi-jinks.

For in Paramount's "The Delicate Delinquent," his first solo effort without ex-sidekick Dean Martin, Lewis seems to want to be all things to all men all the time. In addition to his usual character, he plays it "straight," and he sings one song without his characteristically buzzsaw warbling, as though trying to make up for the missing Martin. In short, it is as if, in a manner of speaking, he would be ham as well as Hamlet.

The plot is quite simple as befits the principal character. Jerry is a janitor in a slum neighborhood and is plagued by neighborhood juvenile delinquents Robert Ivers, Richard Bakalyan and Joseph Corey to be one of them. But Jerry wants to be "someone" in life. He wants to be a police officer just like fatherly cop Darren McGavin.

Some of the show's funniest sequences come from Jerry in training at the police academy and his first night on the beat as a probationary rookie. "Don't do it, lady. Don't do it, he bleats, horrified, as he is left alone in a room with an heir-conditioned female. And another dandy is where the rooky class is called upon to present its revolvers for inspection."

And, in conclusion, whether his fans like the "new" Lewis as much as the old is open to conjecture. But the thinking will see in the comedian new possibilities, all carefully drawn out by the steady hand of director Don McGuire.

City Sketch Club To Send Work To Revelstoke

Victoria Sketch Club has been invited to send 12 paintings to a Revelstoke Art Exhibition later this year.

They have been selected from paintings now being shown at the Dominion Hotel.

The 12 were chosen by Cmdr. H. W. Soulsby. Included are paintings of Miss G. Snider, Miss Dorothy Lowe, Mrs. A. Evans, Mrs. L. Sweeney (club president); Miss Alice Carey, Mrs. Nell Bradshaw and Mrs. Mabel Jarvis.

The group will plan a centennial exhibition at a local department store next year.

Thousands Hail Polish Primate

CZESTOCHOWA, Poland (CP)—Tens of thousands of Polish pilgrims hailed Stefan Cardinal Sysiński Sunday when he arrived here for the biggest purely national festival of the Roman Catholic church in Poland. The primate came for the feast of Our Lady of Czestochowa for the first time since he was arrested by the Communist government four years ago.

Girl Loses Top Nightclub Job In Aftermath of Magazine Trial

LONDON (AP)—Patsey Morgan-Dibben, girl friend of Confidential magazine's London agent, Michael Mordaunt-Smith, has been dropped as manager of a smart West End nightclub.

"I am very fond of Patsey," Baron Knopka, owner of the club, told a reporter today, "but we had a long chat about the Confidential setup and decided it would be better if she left."

Meanwhile, a man who tipped of the U.S. scandal magazine's agents to a number of stories about Londoners was refused further admission to a club which he frequented in the past.

"Since the exposure of the magazine's London operations, some of our famous patrons have been wary of coming around," a club spokesman explained.

The Sunday newspaper The People said it had cabled the Los Angeles district attorney a statement by London model Pat Steele that she sold the magazine Whisper a false story about film director John Huston and his blonde secretary.

ELBOW GREASE is the order of the day in reburbishing this vintage fire wagon, on display this week in the Cormorant Street fire hall during the annual convention of B.C. fire chiefs. (Times Photo.)

BUSINESS, FUN FOR 150 CHIEFS

Fire College Opens Tuesday

About 150 B.C. fire chiefs and their wives are expected here Tuesday through Friday for the 26th annual fire college.

Chairman of Victoria fire wardens, Ald. A. I. Curtis, welcomes delegates, and the opening address will be given by Attorney-General Robert Bonner.

During the convention, fire chiefs will present papers on fire-fighting and fire prevention.

On Wednesday, delegates will spend the day at Langford Fire Department where Chief Rod Bayles will be host at a salmon barbecue at Goldstream, followed by a dance.

Thursday morning, a display of the latest in fire-fighting equipment will be opened to the public at city fire headquarters, Cormorant Street, convention site.

The public is also invited to attend a pumper and fire barge display at the Department of Transport wharf Thursday at 1.30 p.m.

Old fire battling equipment will also be on display, including steam-fire apparatus, purchased in 1898 and retired in 1916.

Four-wheeled, squat-stacked and black, the old engine has stood for years in a corner of the market building, its brass trim and repainted finish rubbed only on occasion.

INSCRIBED

Named the Charels E. Redfern, inscribed on brass plates on both sides, the steamer was manufactured by Waterous Engine Works, Brantford, Ont.

Chief Frank Briers said the engine will take centre stage during the week.

He also has had his men dusting off a small collection of historic photos, a hand-drawn hose reel, the chief's buggy, some old apparatus sleds and other items which will be on display on the second floor of the fire hall.

TOPICS OF THE DAY

Strikes of a different kind will be discussed in the Labor Hall, 613 Pandora, Sept. 8 at 8 p.m., when members of Victoria Labor Council's bowling club meet in Hall "A" to organize schedules for this year's season, opening Sept. 15.

Major Gibson To Be Buried On Mountain

Maj. Rex Gibson will be buried in the snow, high on a ridge of Mount Howson in west central British Columbia.

Maj. Gibson of Saanichton, who was president of the Alpine Club of Canada, died last week when he fell 300 feet down the mountain with two other climbers, Dr. Sterling Hendricks of Silver Springs, Md., and Don Hubbard of Washington.

The body was lashed to a rock on Mount Howson following the accident.

Eric Brooks, honorary president of the Albine Club, said in Vancouver Sunday night that Maj. Gibson will be buried in the mountains. His widow had said he often expressed the wish that no risk be taken in bringing out his body if he died while climbing.

Brooks said he and four others may bury the body this week. The object is to give Maj. Gibson a "safer resting place than he has now."

Eve Rites Set For Tuesday

Funeral services will be conducted Tuesday for Ernest J. Eve, who died from a heart attack while horseback riding Saturday.

Dr. W. G. Wilson will officiate at the service to be held at McCall Brothers' funeral chapel at 3 p.m. Cremation will follow.

Mr. Eve was a well-known horseman and a pioneer in aviation in this area.

Defence Minister Asked to Save Old Fort Rodd

Victoria Chamber of Commerce secretary-manager Arnold Webb was scheduled to meet with Defence Minister George Pearkes, VC, here today to discuss possible federal assistance in preserving the early military installations at Fort Rodd Hill.

Preservation of the Fort had been mooted as a centennial project, but was subsequently dropped.

Interest in the old fort, one of the few remaining historic landmarks, has been sparked by recent fire catastrophies which gutted Government House, the "bird cage" at the Parliament Buildings which was the site of the first government, and the still more recent Fisgard lighthouse fire, adjacent to Fort Rodd.

A-G Calls Off Probe in Death Of Saanich Girl

Inquest into the traffic death last Wednesday of nine-year-old Karen Ramsey, 3765 Belgrave, was called off today on orders from the attorney-general's department.

Section 8 of the Coroner's Act empowers the attorney-general to eliminate a coroner's inquest, Coroner Dr. E. C. Hart said. It has happened "two or three times" recently.

Wilfred Rhodes, 39, 1746 Midgard, appears Tuesday at 2 p.m. for preliminary hearing on a charge of criminal negligence resulting in death. He was driver of a truck in collision with the girl on Interurban last Wednesday afternoon.

Milkmen Resume Negotiations On Secret Offer

Members to Meet Wednesday Night

Negotiations between four dairies and their employees' union reopened today but no announcement was made by press time.

Business agents George Shaw and Sam Brown of Local 464, Milk Salesmen's and Dairy Employees' Union, met with management representatives.

The meeting followed as a result of last week's instructions by the general membership to the union policy committee to seek clarification of a management proposal, not disclosed to the press.

The proposal was made at a meeting of the two sides a week ago which was to have been the final negotiation session.

MEETING WEDNESDAY

Results of today's negotiations will be discussed at a general membership meeting scheduled for 8 p.m. Wednesday in the Labor Hall, 613 Pandora.

The 165 union members have voted in favor of a strike to back up their original demands of $30 and $32 monthly wage increases and continuation of six-day weekly deliveries.

The companies—Palm Dairies Ltd., Shepherd's Dairy Ltd., Island Farms Dairies Co-operative Association and Northwestern Creamery Ltd.—seek a five-day weekly delivery, skipping Wednesdays and Sundays.

Planners Named For Trade Fair

International Show to Run 2-3 Weeks on PNE Grounds

Formation of a special committee to plan an international trade fair at Vancouver next May was announced today by Attorney-General Bonner.

UNCONSCIOUS since she was injured in a riding accident near Osoyoos, May 6, 1956, Dr. Anne Steel was reported in an unchanged condition at Royal Jubilee Hospital today. Her condition is reported as poor. The 37-year-old mother of a five-year-old boy received extensive brain surgery following the accident.

Mr. Bonner, who is also minister of industrial development, trade and commerce for the province, confirmed that the centennial year project will go ahead.

He named his deputy trade minister, T. L. Sturgess, to the committee, along with L. J. Wallace, chairman of the Centennial Committee; W. J. Borrie, president of the PNE, and Vancouver alderman Bill Orr, who is a PNE director and member of the Centennial Committee.

"British Columbia's stature as a trading province has grown to an importance which could be truly recognized by a trade fair," Mr. Bonner said.

"Furthermore it will afford an opportunity for foreign firms and foreign countries to participate in the centennial celebration and also it will promote the accepted practice of reciprocal trade with those countries with which we are doing business.

GOOD SUPPORT

"The initial reaction to the trade fair proposal has been most encouraging and promises to produce one of the outstanding events of the centennial year."

The fair will be staged jointly by the government, the PNE and the Centennial Committee.

"It will require the co-operation of many other organizations interested in foreign trade," Mr. Bonner said.

Exhibits will be housed in suitable buildings on the PNE grounds.

The fair will be open to foreign and Canadian importers and exporters, manufacturers and foreign governments for prestige and trade exhibits.

OUTSIDE INTEREST

Mr. Bonner said representatives of foreign governments in B.C. have already expressed interest in the project.

Invitations will be going out soon, the minister said.

The fair likely will run for two or three weeks.

Besides its "show" aspect, it is expected to be a stimulus to the province's import and export trade in manufactured goods.

Separate conferences and meetings with top trade officials from around the world likely will be lined up in conjunction with the fair.

Besides the first full-scale industrial goods exhibition in B.C., the fair probably will include a consumers' goods display featuring products from Far East and Pacific trading nations.

Mayor Backed By Pearkes On Airport

Expansion Needed, Minister Agrees

Mayor Percy Scurrah today won support of Defence Minister George Pearkes, VC, in his campaign for a new terminal and extended runways at Patricia Bay Airport.

Gen. Pearkes met with the mayor at City Hall this morning.

"General Pearkes recognizes the importance of the airport and is in agreement these improvements should be made," said the mayor.

IN ESTIMATES

It was learned earlier this month an unstated sum is included in next year's federal public works estimates for an enlarged, modern terminal. Estimates have still to be approved this fall by the treasury board before going to the House next spring.

Department engineers were reported studying the area and would report whether runways could be extended. Mayor Scurrah expressed hopes larger, international flights could touch down here and provide regular overseas service if facilities were improved.

HEN PARTY GETS CRACKING

They're Off—and Laying In Saanichton Egg Race

With a cluck, cluck here and a cluck, cluck there, 75 hens today got off to a "wizz-bang" start in the big annual Saanichton Fair egg laying race.

The contest started at 5 a.m. this morning with a total of 15 teams, each composed of five hens, taking part in the eight-day race.

The contest wil end on Sept. 2, Labor Day, the last day of the Saanichton Fair. The winning team will get $25 and the winning hen a medal.

By noon today most the teams each had laid one egg.

W. T. Burrows, referee, time-keeper and official egg collector, who fired the starting gun, said most the hens were cackling merrily just before the race began.

"It was like a hen party," he said, "but they soon got down to business."

Mr. Burrows expects the winning team will lay between 35 or 40 eggs during the eight-day period. Altogether the hens may lay between 450 to 475 eggs.

"But you never can tell in a race like this," he said. "Some hens really produce—sometimes as much as two eggs a day."

Owners of the teams are: Gerry McKinney, G. A. Moore, J. E. Cooper, Jay Christison, Eugen Falck, Morris Scobie; J. J. Armstrong, Harry Welch, Olive Kingcott, Don Campbell, Frank White, A. H. H. Donald, J. Kelesoglous, A. C. Phillips and F. R. Minter.

Girl Saved From Drowning

A 13-year-old Victoria girl was saved by her parents from drowning at Deep Cove Sunday evening.

Susan Hawkshaw, daughter of Mr. and Mrs. E. D. B. Hawkshaw, 1466 Rockland, swam into water beyond her depth and was saved when her parents, who had been lying on the beach, swam out to her.

The girl was taken to St. Joseph's Hospital and admitted for observation. Her condition was good at noon today.

Mrs. Hawkshaw said she, her husband and young son were on the beach when they noticed Susan in difficulty at about 9 p.m.

"She got out beyond her depth and became a bit panicky. She swallowed quite a little water and we went out to get her.

"It was a frightening experience.

"Susan is quite a good little swimmer, but it was just one of those things.

"The doctor said he would keep her in hospital for a day or two in case there was any infection from the water in her lungs."

'SMALL FRY' GET 'BIG FRY'

Doug Miller, 13 years old, proudly displays his 21-pound, 12-ounce spring salmon that won him a bicycle in the annual Victoria-Saanich Inlet Anglers' Association junior derby Sunday. On the right is Carol Greenhagh, who topped all girl competitors with a 19-pound, four-ouncer. (See story Page 6.)

16-Year-Old Tops Gymkhana Riders

Sixteen-year-old Bob Henson won eight trophies at the Colwood Trail Riders eighth annual gymkhana Sunday afternoon.

The show, held on the grounds of Mrs. Eva de Urena, Duke Road, Albert Head, was officially opened by Defence Minister G. R. Pearkes, VC.

Two minutes silence were observed in memory of trail rider's member Ernie Eve, 70, who collapsed and died while riding on Torquay Avenue Saturday.

Top winner Henson reecived the Wishart trophy for Colwood Trail Riders only, aged 18 and under; the Henson trophy for first place in the VC race; the Womersley trophy for the rider scoring the most points; the Colwood Trail Riders' trophy for the member scoring the most points; the Tipton trophy for the individual horse and rider scoring the highest Western points; the Langford Fair Committee trophy as winner of the junior apple race; the Fred Ball trophy, as winner of the junior quarter mile race, and the Rose's Jewelers trophy as winner of the wranglers race.

ASK The TIMES

Q.—Why did Lief Ericson call America "Vinland"?—K. S.

A.—When he landed in America in 1000 A.D., he was so struck with the abundance of wild grapes he called the land Vinland, "wine land." There are more than 40 known spiecies of wild grapes and more than half of these grow on this continent.

Q.—What is meant by a writ of "habeas corpus"?—J. P.

A.—When a person is held prisoner, a judge may upon reasonable demand issue an order compelling the jailer to bring the prisoner to court and explain why he is held captive. If no lawful reason is found, the prisoner is released. This court order is a writ of habeas corpus.

CELEBRATE NEXT SATURDAY

Mr. and Mrs. John H. Delf, who were married in Birkenhead, Eng., and came to Canada immediately after, will celebrate a golden wedding day on Saturday, Aug. 31, with a family gathering in the Empress Hotel. They will also be "at home" on Friday, Aug. 30, from 2 to 5 at their home, 866 Maddison Street. Mr. Delf was well-known both in Lethbridge and Medicine Hat, where he practiced law for many years, retiring to the coast in 1937. Celebrating the occasion with them will be Mr. and Mrs. Jack Delf and their four sons of Vancouver; Mr. and Mrs. Bill Delf and their daughter and two sons from Calgary, and Mr. and Mrs. John L. Campbell (nee Marjorie Delf) of Victoria, with their three daughters. The Bill Delfs will be celebrating their own 17th wedding anniversary on the same day.

SHOPPING GUIDE

New Long-Line Umbrellas Just Unpacked for Fall

By PENNY SAVER

A slender umbrella is a real high-fashion accessory as well as a necessity in Victoria's uncertain climate. New ones for this fall are coming into the stores, and I saw some really smart umbrellas being unpacked today.

They are styled on the slimmest possible lines and have their own cases, matching the cover of the umbrella, to keep them tidy as they swing over your arm.

One comes in fall shades of beige, tangerine or yellow and has a long, black handle with a bobble of matching color. Price is a very reasonable $7.95.

I've never found the folding umbrellas too satisfactory — they always seem difficult to put up and down. Another type of umbrella for traveling works much more simply. The handle simply telescopes into the body when you want to pack it, and pulls out again for use.

This umbrella comes in a variety of checks with matching cover, and is priced at $7.95.

OIL AT HAND

Most household equipment needs occasional lubrication and this can be difficult if the oil can is lost somewhere in the chaos of the man-of-the-house's workbench.

Much handier to have a set of lubricants kept in the kitchen. I've found three containers of different types of oil shaped like large crayons for easy use, packed in a neat plastic box. There's one for such things as door chimes and hinges, one for sewing machines and other machines, and one for outdoor use.

Directions come with the set, which is priced at $1.39.

PICNIC CARRIER

A useful item for a family that enjoys picnics is a plastic carrier that can be used either way up.

It comes in two pieces, one flat and one deep. You can put a cake or moulded jelly on the flat part and cover it with the other section, so that it won't get broken or squashed. Or you can fill the deep section with salad or fruit and use the flat part as the lid.

There's a detachable handle for easy carrying. The unit would be useful for storage at home, as well as for picnics. Price is $2.39.

If you'd like to know where I found any of these items, just give me a ring at 2-3131.

"Boy—you should have seen the character who came to the office today and tried to pass himself off as your brother!"

Couple Say Wedding Vows At Naden Chapel Ceremony

Pink and white carnations were placed at the altar of St. Andrew's Chapel, HMCS Naden, for the wedding of Helen Patricia Price, daughter of Mr. and Mrs. J. D. Price, 2438 Millstream Road, Langford, and Laurent Joseph Provost, son of Mr. and Mrs. J. M. Provost, Norwood, Man. Chaplain W. L. Dalton, RCN, officiated, and Mrs. M. Matthews played organ music.

The bride, given in marriage by her father, chose a ballerina-length gown of lace over taffeta, featuring scallops at the V neckline and around the hem. Her net veil was held by a coronet set with brilliants, and she carried red roses and white carnations.

Miss Barbara Price and Miss Marjorie Price attended their sister, wearing pale mint green taffeta and net gowns with matching feather headbands. Their bouquets were of pink gladioli. Flower girl Dianne Wood was dressed in pink taffeta and net and carried a pink nosegay. Best man was M. Matthews and ushers were R. MacKay and L. Wood.

A reception followed at Club Tango, where J. De Man proposed the bridal toast. The three-tier wedding cake was placed in a setting of pink tulle and roses.

Leaving on honeymoon, the bride donned a deep blue linen sheath dress with matching brocaded jacket, blue and white accessories and red rose corsage. The newlyweds will live at 605 Trutch Street.

GOLDEN WEDDING DAY

One of the many cards they received on the occasion of their 50th wedding anniversary is shown by Mr. and Mrs. Pasquale Politano, 791 Grange Road, in the picture above. They were married in New Kensington, Penn., on Aug. 17, 1907, and came to Victoria in 1909 to make their home. There are six children, Josephine, Joseph, Phil, Victor and Bert in Victoria and Louie of Vancouver, also 10 grandchildren. Mr. and Mrs. Politano welcomed friends at a golden wedding reception last Saturday in the Glenshiel Hotel.

LOUISE DAVIS

On Etiquette

What is being celebrated?

My husband's mother, who has been a widow for seventeen years, would be celebrating her 50th wedding anniversary in November. One of her sons wants to get all the family together to celebrate the occasion, and wants us to chip in with the others to give her a gold watch. This doesn't seem right, but being an "in-law," I hesitate to say much unless I am consulted and unless I get an opinion from an authoritative source.

Louise Davis answers:

What is being celebrated? Not a fiftieth wedding anniversary. The date will be a sad one for the widow whose day will be filled with memories. A family gathering or party such as you mention and the giving of a gold watch or any other gift would only make matters worse. Go ahead and get the watch if the family wishes to, but present it at Christmas, birthday, Mothers' Day, or at any other time, but not on that occasion which would have been a happy one had the husband lived. It is a quirk of human nature sometimes that people lose their perspective by being over-sentimental to the point where they lose their objective. They mean well but fail to use good judgment and common sense. The best thing to do for your husband's mother would be to keep her company in a pleasant, casual way so as to divert her thinking from sad and nostalgic channels. It doesn't have to be a gay day, but everything should be done to avoid a sad day. A celebration and a gold watch are apt to make it sadder. Do what you can to persuade your husband and others in the family against such a thing. Remind them that this would have been a fiftieth anniversary had the husband lived.

TODAY'S RECIPE

PEACH MARMALADE

Ten large peaches, 2 medium oranges, 5 cups granulated sugar, ¼ teaspoon salt, ½ teaspoon whole cloves, small stick cinnamon.

Peel and pit peaches, chop and place in heavy kettle. Add thinly sliced oranges cut in small pieces. Add sugar, salt and spices tied in cheesecloth bag. Bring to boil, stirring until sugar is dissolved. Then cook rapidly until two thick drops of syrup will run together off side of spoon, about 40 minutes. Ladle into jars, seal.

IN HONOR OF THE BRIDE

A surprise miscellaneous shower was given by Mrs. J. B. Beaubien and Mrs. R. L. Lister at the home of the former on Empress Avenue, in honor of **Miss Patricia Sullivan,** RN. LIKE MOTHER—LIKE DAUGHTER!

Most of the trends in fall styles for adults show also in clothes for the grade school and high school set. These include the Chanel look of loose-fitting jacket and easy-cut skirt; the middy; the touches of fur; the bold plaids and stripes; red as the number one color, and even the bulky, long "sloppy Joe" sweater, resurrected from the 1930's.

About the only thing missing from small fry collections is the vintage raccoon coat, which in its own tattered way is making quite a hit among sophisticated coeds. But the raccoon is there—in trim for coats and suits. Mink also is used for trim on dressier coats for small girls. And fake fur is used to collar any number of the cable-stitch orlon cardigans.

Even the so-called car coat, the sports wrap which reaches finger-tip, is copied in miniature in children's wear. One firm, Minikin Togs, pairs a beige car coat with beige slacks in a soft-finished cotton which looks much like cashmere.

WHY GROW OLD?

By JOSEPHINE LOWMAN

Give Your Arms the Care They Deserve

A woman's arms always have been an important part of her figure ensemble, yet many women fail to give their arms the beauty care they deserve.

In the first place these appendages are sure to become flabby as the years pass unless they are exercised faithfully. Tennis, golf and swimming are splendid exercises for the arms. You should also add a few special exercises to your routine and take these year in and year out. Let me give you a couple of good ones today.

Stand tall with your arms extending out in front of you, shoulder height and shoulder width apart. Palms face the floor. Clench the fists hard and turn the palms toward the ceiling. Unclench fists and turn palms toward the floor again. Continue.

Another: Stand tall. Clench the fists hard as you bend the elbows and raise the arms shoulder height, fingers touching the upper chest. Stretch the arms sideward, shoulder height and palms facing the ceiling. Turn palms toward the floor as you lower arms to sides. Continue.

Take special care of your elbows. You probably will profit by the use of a rough cloth or bath mitt or bath brush on your elbows. Lemon juice will act as a mild astringent. Massage the elbows well, using cream or lotion daily or nightly.

If your arms are to be lovely, they must also be smooth and free from unsightly hair. Of course if the hair on your arms is very fine and not too dark in color and the growth is not too heavy, you need not worry about it.

However, if the growth is heavy or the hair dark you can easily remove it with a depilatory. This is temporary but is well worth your time. Individuals differ but once a week is usually sufficient.

Be sure to massage a good body lotion or cream into your arms regularly.

Do not forget that arm make-up is important to your appearance. Many women fail to use this. When you apply a make-up base and powder to your face and neck your arms may present a startling contrast unless you give them the same treatment. Go light on the powder so that it will not rub off on your costume or on someone else's.

Peach pie is so easy to make with canned peach slices. Thicken and sweeten the peaches, accenting with grated lime or lemon rind and juice. Chill in baked pastry shell, then cover with this superb crunchy topping. Boil together two minutes half cup each butter and brown sugar and lightly stir in half cup chopped roasted almonds and one cup corn flakes.

First Wedding in New Church Solemnized Saturday Evening

First wedding in the new Garden City United Church was solemnized Saturday evening when Marjorie Kathleen Creasser, daughter of Mr. and Mrs. G. H. Creasser, Rocky Point Road, became the bride of John Waldemar Nylander, son of Mr. and Mrs. Henry Hutcheson, 1214 Lockley Road. Summer flowers formed a background for the ceremony performed by Rev. E. J. Staley, and Mrs. M. Crosland was organist.

Coming up the aisle on her father's arm, the bride was lovely in her ankle-length gown of filmy net over taffeta with scalloped bands of embroidery edging the off-shoulder neckline and hem of the skirt. The waistline featured a wide band of pleated taffeta caught into a bow at the back. She wore matching net mitts and a tiara of seed pearls and mother-of-pearl sequins held her embroidered shoulder-length veil. Red gladioli formed her cascade bouquet.

Mrs. D. Truscott was her sister's matron of honor, wearing an ankle-length gown of turquoise crystalette trimmed with white lace and bandeau of turquoise velvet and lace. She carried a colonial bouquet of cream gladioli. Flower girl, Lynn Lubinich, niece of the groom, was frocked in pink polished cotton with nylon overskirt and carried a basket of pink, mauve and white flowers.

John Lubinich was best man and ushers were Clarence Creasser, brother of the bride, and Ted Hutcheson.

Reception was held at Dulcie's, Fort Street, where the newlyweds cut a three-tier wedding cake made and decorated by George Dooley, a family friend. John Lubinich proposed the bridal toast.

For a honeymoon trip to Vancouver and Portland, the bride donned a light grey tweed suit with Wedgwood blue and pink accessories and pink rose corsage. The couple will live at 2750 Mason Road, Langford.

Affianced Couple Honored

In honor of **Miss Lianne Butler** and **Mr. Ray Miles** a double shower and party was given by Mrs. C. Wilkins at Hampton Hall. A corsage of green gladioli was presented to the bride-elect, while Mrs. Butler received mauve gladioli with heather; Miss Linda Butler pale pink carnations and Mrs. C. Holloway, pale amber glads. The groom-elect received a corsage of suckers, and Mr. Butler, blank cheques complete with pen and pencils en corsage.

Gifts were concealed in a container trimmed with pink, blue and white, with umbrella to match.

The supper table was centred with double ring cake trimmed with wishbones, hearts and miniature parasols.

Invited guests were Mr. and Mrs. D. W. Barr, Mr. and Mrs. S. Norman, Mr. and Mrs. B. Putman, Mr. and Mrs. W. Noel, Mr. and Mrs. W. Brown, Mr. and Mrs. A. Lindgren, Mr. and Mrs. S. She Talks All Day In Four Languages

OTTAWA (CP)—One of the world's top interpreters is a shapely, blue-eyed blonde who never gets tired talking 10 hours a day in four languages.

Elizabeth Hedinger was one of the 17 interpreters for some 300 delegates from 86 countries attending the congress of the Universal Postal Union in the Parliament Buildings.

She is personal assistant to Dr. Fritz Hess, director-general of the international bureau of the UPU and secretary-general of the congress. As such, she acts as interpreter in his office and at closed meetings of delegates.

The 32-year-old Swiss woman has been an interpreter for 11 years, since taking a two-year course at the University of Geneva.

As a free-lance interpreter in English, French, German and Spanish, she travels the world to some 20 international meetings each year giving both simultaneous and consecutive interpretation. The first involves translation "with no hesitation" as the interpreted words are being spoken, while the second amounts to memorizing a speech and repeating an outline after the speaker is finished.

Miss Hedinger says she took up interpreting at the end of the Second World War when she had "to learn something quick" and felt the war's end would bring about a need for interpreters. She was encouraged to do so by her bilingual family.

Her first job, in 1946-49, came when simultaneous interpretation was introduced in the Swiss parliament.

She likes the "variety and the many things you learn"—medicine, aviation, telecommunications, science, education, culture, food, agriculture, law.

Miss Hedlinger finds medicine the hardest because of its terminology and likes law best because she once studied it.

She has trained herself to speak 10 hours a day but restricts herself to working 200 days a year. "I don't want to work more, for it is a very tiring job and I mustn't get too tired."

Kinsmen Picnic At Beach Home

CHEMAINUS — Kinsmen, their families, and friends enjoyed a picnic at the beach front home of Mr. and Mrs. J. Weymss at Crofton last week.

Highlight of the picnic, organized by Bill Syme and Dave Murray, was the barbecuing of 40 steaks, served at suppertime with corn on the cob to all the adults. Hot dogs and soft drinks were served to the youngsters.

Jubilee Chapel Scene Of Wedding Ceremony

Pemberton Memorial Chapel, Royal Jubilee Hospital, was decorated with gladioli and sweet peas for the wedding Wednesday evening of Elva Victoria Joan Randall, daughter of Mrs. Randall, 1500 Fort Street, and the late Albert Randall, is Neil Albert Christensen, son of Mr. and Mrs. Nels Christensen, Delburne, Alta. Rev. G. R. Easter officiated, and Miss Margaret Richmond played organ music.

White chantilly lace and net over satin created the bride's floor-length gown, over which she wore a bolero jacket with lily-point sleeves. Her fingertip veil fell from a pearl-encrusted tiara, and her jewelry was the groom's gift of pearl earrings. She carried red roses and white feathered carnations. Her brother, Allan Randall, Tahsis, B.C., gave her in marriage.

Mrs. Francis Garraway was matron of honor for her sister. She wore a bouffant floor-length gown of aquamarine net and satin and carried a bouquet of yellow roses and white feathered carnations. Jack Christensen, Delburne, Alta., was his brother's best man, and guests were ushered to pews marked with sweet peas by Francis Garraway and Larry Crosthwaite.

A reception followed at Olde England Inn, where a three-tier wedding cake centred the table. Jim Richmond proposed the bridal toast.

Tea and coffee were poured by the bride's aunts, Mrs. A. Aikenhead and Mrs. E. Smiley. The bride's mother wore a dusky rose lace and crepe dress with corsage of yellow rosebuds, while the groom's mother chose a navy blue bengaline dress with pink rosebud corsage.

For a honeymoon traveling through Canada and the States to Ontario, the bride donned an ice blue crysalette dress and duster with matching picture hat, white accessories, and red rose corsage. The couple will live at Godrich, Ont.

AT BELMONT PARK

Couple Say Marriage Vows In Pastel Flower Setting

Baskets of white, pink and mauve gladioli filled the chapel of St. Peter's, Belmont Park, for a recent double ring wedding. Canon F. Pike performed the ceremony uniting in marriage Ruth Joyce, daughter of Mr. and Mrs. Herman Schulburg of Yorktown, Sask., and Harry Robert Niel, son of H. Niel, Yorktown, Sask., and Mrs. Isabelle Niel, St. Catherine's, Ont. William Whitehead played the traditional wedding march.

The lovely bride, given in marriage by her eldest brother, Norman Schulburg, wore a white ballerina-length wedding gown of chantilly lace and nylon featuring scalloped neckline, short sleeves and long white lace gloves. Her chapel veil was held with a coronet of mother-of-pearl, seed pearls and sequins, and the bridal bouquet was of cascading red roses and stephanotis.

Miss Doreen Green was bridesmaid in a dress of ice blue nylon and taffeta with long lace gloves.

She wore a large picture hat of blue lace and carried a fan-shaped bouquet of pink gladioli and pink and white carnations.

William McClusky was best man, while Don Schulburg ushered guests to pews marked with small colonial posies.

A reception was held at the home of Mr. and Mrs. Carl Moenck, Belmont Park, where L. Burns, brother-in-law of the bride, proposed a toast to her happiness.

Mrs. E. Burns, bride's sister, wore a brown floral silk dress to help receive guests with Mrs. Moenck, who chose a dress of light brown taffeta. A three-tier wedding cake was flanked by tall white candles and vases of sweet peas.

The young couple will honeymoon up-Island. For the trip, the bride wore a black and white flecked suit with white accessories and a corsage of red roses and stephanotis. They will make their home at 2450 Quadra Street.

Gardening is unkind to women's hands. However, there are some invisible workgloves on the market—a white cream called Pro-Tek— which keeps dirt from getting into the pores of the skin and under the nails. Put it on before beginning any dirty job—painting, dusting, polishing silverware—and hands can be washed lily-white with soap.

Price from Montreal; Mr. and Mrs. Ivan Thomas from Yukon Territories; Mr. and Mrs. P. W. Brien and Mr. W. Brandson, Vancouver; Mr. and Mrs. G. Hallett of Duncan and Mr. and Mrs. Norman Roth of Cedar, Vancouver Island.

Bride Chooses Pastel Ensemble

A pink suit complemented with blue accessories and a corsage of white carnations was chosen by Barbara Ann Rabey for her wedding Saturday evening to Cpl. Kenneth John Nutt. The ceremony uniting the daughter of Mr. and Mrs. W. G. Rabey, 428 Durban Street, and the son of Mrs. F. Wigmore, Toronto, was performed in Metropolitan United Church. Mr. Rabey gave his daughter in marriage.

Miss Sheila Rabey attended her sister. She wore a rose suit with blue accessories and pink carnation corsage. Best man was Wes Moore.

A reception followed at the home of the bride's parents, where Gordon Whitfield proposed the bridal toast. The bride's mother wore a black dress with yellow accessories and corsage of yellow and white roses.

After a honeymoon in Vancouver, the newlyweds will live here.

MANAGEMENT AND FOREMANSHIP TRAINING COURSES
Management and Foremanship Training Courses are now being scheduled in Vancouver for September, October and November.
Course No. 1: Covers Job Instructional Training (J.I.T.) and Job Safety Training (J.S.T.). The course streamlines the techniques of giving instructions through communications and contact with the employee, and stresses the importance of job safety.
Course No. 2: Covers Job Relations Training (J.R.T.). This course covers employee-management relations, the understanding of worker attitudes and handling problems.
Length of each course (40 hours) one week of 5 days—8.30 a.m. to 5.00 p.m. Courses are conducted free of charge as they are sponsored and financed jointly by the Federal and Provincial Governments.
These are Management-Development courses for all levels of supervision in industry, commerce, hospitals, etc., and are aimed at improving supervision on the job, safety of employees and better employee-management relations.
For reservations or further information write to R. E. Evans, Department of Education, Room 701 Vancouver Block, 736 Granville Street, Vancouver, B.C. Telephone PAcific 1388.

BRIDGE LESSON

By Oswald Jacoby

TODAY'S hand, sent me by Mrs. Wilma Hass of West Englewood, N.J., illustrates several interesting points of bidding and play.

West held a sound opening bid and North's aggressive bidding put his partner in a slam contract which would have been a laydown if suits had broken nicely.

Opening lead—♦ A

West was too smart to double. He did not expect to set the hand more than one trick and he knew that a double would be bad percentage. He wasn't quite so smart in his choice of an opening lead. If he had put his hand on a spade, club or trump he would have set the hand, but he chose to lead the ace of diamonds.

West shifted to a small trump. South won in dummy and saw that he could handle a four-one break in either clubs or hearts but not in both. He played a second trump and found that trumps would break three-two. His next play was to lead the king of diamonds and discard one of his clubs. The ace of clubs was led and a small club ruffed. He reentered dummy with its remaining trump. All cards in dummy were good except for the small diamond, but South had one trump left for it.

After the diamond opening South would also have made his contract against a spade continuation. He would have ruffed in dummy, trumped a low diamond, ruffed a second spade, led a trump and overtaken in his own hand. Three trump leads would have allowed three club discards, whereupon dummy would have been good.

STUDIO ONE PRESENTS 'GUITAR' ON CHANNEL 11 AT 9

By PHIL LEE, Times TV Editor

OF THIS AND THAT: — Show Stopper the Vancouver CBC-TV musical came through tolerably well, Friday night, with singers Thora Anders and Barney Potts serving up excerpts from "Call Me Madam" and the all-Canadian "Timber" which a few seasons back graced the august boards of Vancouver's Theatre Under The Stars. If there was a disappointment to be registered by Show Stoppers it was the music from "Timber," which surely should have been as sprawling and exciting and as lusty as the title. Instead it smacked of a torch song, something low and swampy out of Basin Street . . . Dorchester Theatre plays must be recorded as being among the worst of a poor season.

★ ★ ★

EVERY Friday night must be some sort of Valhalla for Nostalgia as older sports fans view Big Moment. There can be seen again, just as they looked in their salad days, those heroes of another age which knew not where it was headed and cared less, and those of today who don't care to look ahead at all. There was lean, lithe Bill Tilden, bounding monarch of the tennis world; there were the two Helens—Wills and Jacobs—fighting it out on Wimbledon's hallowed centre court. And there is War Admiral flying by in a confetti of silks to a Kentucky Derby victory. And out on the long fairways is little Ben Hogan proving that a guy can come back, even from death.

Congratulations from this corner to Victoria's Ted Reynolds and his new sports program, Time Out. It's going to be topnotch once he has it taped to giving viewers the latest developments of the day in addition to what has gone before.

Headliners

7.30

Channels 11, 12: Arthur Godfrey's Talent Scouts all come from Boston, Mass.

8.30

Channel 4: Barbara Eiler and David Clarke star in "The Unblushing Bride," about how a poor girl jilts a poor boy for a rich one.

Channel 5: Bold Journey tells of "The Lehi Sails Again" and wonders about a theory about a race of people who might have migrated from the Holy Land about 600 B.C.

Channel 11: Private detective Richard Diamond haunts a gangster who is in possession of a valuable necklace.

9.00

Channel 4: The Twenty-One quiz.

Channel 11: Frank Silvera and Clarice Blackburn are seen in Studio One's "Guitar." A long-haired guitarist wonders if he should play for pay instead of for praise. In the background guitarist Rey de la Torre will be heard in the classical selection while Carlos Montoya plays the flamenco music.

9.30

Channels 6, 2: Toronto TV actor Austin Willis will be guest on the Front Page Challenge panel.

Channel 4: English dancers will compete against U.S. dancers on the Arthur Murray Party.

Channel 5: Lawrence Welk's New Face and Top Tunes.

10.00

Channel 2: Elliot Nugent stars in the Studio One repeat, "The Unmentionable Blues" wherein a man feels ancient and, worse, that life is passing him by.

Channel 4: Ted Mack's Amateur Half-Hour.

10.30

Channel 5: George Brent stars in Wire Service's repeat, "Deported." A reporter goes to Italy to speak to a deported gangster. The villagers take a dim view of his visit, however.

Theatre

TONIGHT'S MOVIES

8.30: Channel 13: George Sanders and Lynn Bari in "The Falcon Takes Over."

10.30: Channel 4: Lorna Gray and Peter Cookson in "The Girl Who Dared." Crooks a-thieving and a-murdering go.

10.35: Channel 11: Sonja Henie in the musical-on-ice "Sun Valley Serenade."

Channel 12: Humphrey Bogart in "Swing Your Lady." A wrestling promoter looks for a hillbilly grunter.

11.00: Channel 13: Kent Taylor in "Army Surgeon." An army doctor and an air corps officer fall for the same gal.

11.25: Channel 2: Harry Morgan in "The Well." Racial hatreds spring to life after a little girl disappears.

11.45: Channel 5: Wallace Beery in "20 Mule Team." The mule-skinner is tough.

2.00: Channel 13: "The Falcon Takes Over."

CARROLL RIGHTER'S ASTROLOGICAL FORECAST

TUESDAY, AUGUST 27, 1957

ARIES (March 21 to April 19)—This is a day when things break for you in your associations with others and many fine benefits can be derived therefrom, but you must be sure to think of the other fellow as well for permanent success and happiness.

TAURUS (April 20 to May 20)—Today your fellow workers, associates are in a mood to discuss at length present conditions and outlook for the future. Resolve to listen and co-operate and this will bring about working and profitable relations.

GEMINI (May 21 to June 21)—You arise in a most benign mood this morning if you are and have been living planetarily-wise, and a wonderful day is in the offing. During leisure hours, too, recreational and sport possibilities are fine.

CANCER (June 22 to July 21)—This is the day to demonstrate that fine affection and loyalty for own ties that you excel in. See that surroundings are made beautiful, harmony increased appreciably. P.M. come to real meeting of minds with business associates.

LEO (July 22 to Aug. 21)—There is wisdom in bringing out that wonderful smile of yours which gives positive proof to those allied with you of your true affection, loyalty, gratitude. Make vital points stick. Tonight fine for frolic and romance.

VIRGO (Aug. 22 to Sept. 22)—Your propensity for detailed minutiae fine today in aiding you to set up better monetary system, putting all interests in perfect order. See that you give account to the last penny, and you will get all the support you need, and more.

LIBRA (Sept. 23 to Oct. 22)—This day was made for you alone, and you should concentrate exclusively on own affairs. Get financial position secure, then have loads of fun. You have spent too much time lately helping others.

SCORPIO (Oct. 23 to Nov. 21)—Your delight in ferreting things out can be increased and indulged to heart's content today, but be sure you don't simply stick your nose where it doesn't belong. P.M. be good to mate.

SAGITTARIUS (Nov. 22 to Dec. 21)—A devoted friend will go all out for you today, but you must be very specific as to what it is you desire help with and where assistance can best be used. Tonight is wonderful for having a good time, being gay.

CAPRICORN (Dec. 22 to Jan. 20)—Since prestige and good standing within the community is most important to your particular nature, this is a fine day to take a good, introspective look at how you stand with all others. See how you can advance.

AQUARIUS (Jan. 21 to Feb. 19) — The planetary forces are favorable for pulling you right out of any dull groove you have been vegetating in for some time. Whether you go out or not, you will meet new friends, find more interesting and remunerative channels now.

PISCES (Feb. 20 to March 20)—Your psychic abilities are very great both in A.M. and P.M. today, so be wise and hear the inner voice within that is God's barometer. This brings about better relations with others, and tonight is fine for true love.

IF YOUR CHILD IS BORN TUESDAY

The little child born Tuesday will have such a fascinating personality that all will be drawn to him or her irresistibly. This is wonderful, provided you teach your progeny to do for himself or herself early, else the tendency will be to become a "do-nothing" — a most pathetic destiny. Otherwise the chart is splendid for such interesting professions as actors, artists, musicians, lecturers, evangelists.

Jobs for 150 Secretaries Go A-Begging

HALIFAX (CP)—A survey here revealed that 150 secretarial positions go unfilled every day.

Mrs. Lois Pirie, principal of Truro's Success Business College, said, "the demand for help is so great students do not even stay to graduate . . . they go away half-baked." Her college, which runs night and day classes, has an enrolment of about 150 pupils a year.

G. A. Lugh, manager of the Halifax unemployment insurance commission office, said "the demand of employers can't be met because they specify experience and show some preference for single girls."

A good deal of the shortage can also be blamed on the depression of the 1930's resulting in a lower birth rate. Girls too, are getting married at a younger age.

Another major factor is that secretarial jobs are not attractive as they were 20 years ago because jobs as airline stewardesses and in scientific fields offer more alluring prospects.

A. A. Chisholm, principal of the Halifax Vocational School said employers rarely specify. "They just want help," he said.

The survey report says business men should reassert hiring standards and losen up on age restrictions, otherwise they may "display a help wanted sign forever."

Union Leaders Optimistic On Job Picture

The employment picture in Victoria, although worse than last year, is not grim—at least not for union members.

This was the concensus of five labor leaders today. They also voiced hopes that current weak spots will show improvement before the year is out.

Both woodworkers and building construction men appear suffering the most, largely as the result of tightness in the money market. Unemployment is considerably higher than last year but shows signs of easing off now.

MEN WAITING

Shipyard workers are enjoying practically full employment although men are waiting to join the union to qualify for jobs.

A quick survey of some key unions showed:

Local 1589, United Brotherhood of Carpenters and Joiners of America, has 29 registered as unemployment, a sharp decrease from the 43 listed last week. Business agent James Moffat said signs of improvement are continuing.

Local 1093, Construction and General Laborers' Union, reported about a dozen men seeking work. The situation is improving as volume of construction increases before winter arrives, business agent Earl Allen said.

Local 1-118, International Woodworkers of America, has been hardest hit, reporting its membership is down to 1,500, 300 fewer than last year, as a result of unemployment.

However, financial secretary, Ed Haw said reopening of Plumper Bay sawmill next week will absorb 25 men. He added that recent release of further NHA mortgage funds and reduction of ocean freight rates will help when their effect takes hold.

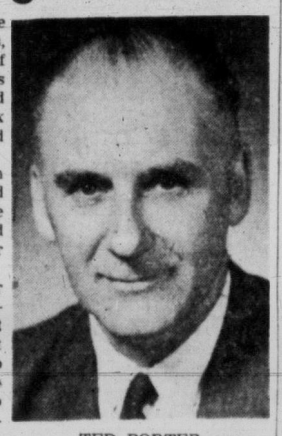
Local 9, Shipyard General Workers Federation of B.C. (shipwrights), reported only three men out of 350 unemployed, a better picture than last year.

Local 3 of the Federation (machinists), has only seven members out of 350 registered as unemployed.

HAY-FEVER HAVENS

Alaska and Puerto Ricans have a distant link—both are said to be free of ragweed, bane of hay-fever sufferers.

New Manager Named For Printing Plant



TED PORTER

Dudley Green, manager since 1939 of The Colonist Printers, commercial printing plant of Victoria Press Ltd., retires August 31 and will be succeeded by Ted Porter, for the past six years plant superintendent and sales manager.

Mr. Green's association with The Colonist started in 1912, and after wartime service with the Royal Flying Corps, he rejoined the staff in 1919. He retires for health reasons.

Mr. Porter, who takes over operation of the largest commercial printing establishment on Vancouver Island, is a past president of the Shrine Club here, and for the last two years has been president of the club band. He has been in the printing business 32 years.

Warm Weather Lures Strange Birds East

By STAN PERRY
Canadian Press Staff Writer

HALIFAX (CP)—Cool Atlantic breezes lure most human tourists to Nova Scotia for a summer vacation. But warm weather is responsible for the sudden influx of unusual birds seen recently in the woodlands of the province.

Charles Allen, of the Nova Scotia Museum of Science here, says an "unusual warm front" extending from Eastern Canada down the Atlantic seaboard to the southern United States provides a warm path for the winged migrants.

Although most of the birds have been identified by bird-watchers and lands and forests officials, there are still a few whose identities remain a mystery to amateur ornithologists.

EASILY IDENTIFIED

There is no mistaking the robin-sized mocking bird, however. Its jumbled cry, a mocking hodge-podge of the calls of birds it hears, gives the darting bird its name.

Of the more stately visitors, few are more impressive than the snow egret. Standing little taller than a crow and resembling a heron, the egret wears a gleaming white suit but his black legs and yellow "feet" are reminiscent of a thin-legged freshman making his first try for the college track team.

Another is the flamboyant towhee, about the size of a sparrow, with a black back and tail, red sides and a white belly.

There have been reports from Cape Breton, indicating that the near extinct whooping crane may have soared over the Nova Scotia highlands. Mr. Allen says these reports are "highly improbable." For the birds to appear here is unlikely because their normal migration route runs over the Missouri Valley and the Canadian prairies.

PROBABLY WOOD IBIS

The latest report of the whooper came from the eastern tip of Cape Breton where a motorist saw a large white bird and took it for the rare bird. Mr. Allen said "I'd put my money on the probability that it was a wood ibis."

There is room for confusion in the identity of the two birds. The wood ibis is about the same size as the whooping crane and both belong to the heron family. The birds also are identical to the extent they both have large white wings with black tips.

The whooping crane, however, has a featherless red face with a cheek and forebrow of brilliant red. The crane's beak is also much longer than that of the wood ibis.

Mr. Allen said the wood ibis could be termed North America's answer to the European stork. But whatever species the bird is, an appearance by either in Cape Breton is unusual. Both like warmer climates.

There were two separate reports of the bird.

Record Payoff Shared by Trio

AGUA CALIENTE, Mexico (AP) — An American-record horse racing bet payoff of $68,717.60 went to three California women on their $2 ticket Sunday.

They picked all six winners in the fifth through 10th races on the only first ticket in the five-ten betting pool.

The payoff, which exceeds the previous high of $65,008.80 won earlier this month by Mrs. Harold Pickett of San Diego went to: Mrs. Celia Mason of Fresno, Calif., her sister, Miss Ann Vanznaian of Sanger, Calif., and their niece, Miss Betty Ann Noorigian of Fresno.

The three said they selected the winners by numbers or because they like names of the jockeys. Merlin Volzke and Manuel Yeaza each rode two of the winners.

Islanders Win With Exhibits At Big PNE

Miss Marjorie Hill, 29 Gorge Road East, won five firsts, two seconds, and one third with handicraft entries in the Pacific National Exhibition, according to a partial prize list released today.

E. F. Wadsworth, 1035 Oliver, won three ribbons in honey sections.

Other winners in the home arts and textile sections were:

Mrs. Ruby Danielson, 1256 Yates; Mrs. A. Adams, 4010 Cedar Hill Crossroad; Mrs. D. Flatman, Glen Lake (2); Mrs. Dorothy Pearce, 1629 Amphion; Sooke and North Sooke W.I., Victoria W.I. (2).

Up-Island winners were Mrs. Alice Huddlestone, Lantzville; Veronica Lloyd, Cowichan Station; Mrs. Kathleen Howard, Gibbins Road, Duncan; Mrs. E. M. Blake, Cowichan Station; and Campbell River W.I., all in textile divisions.

'Mr. Uranium' Visits Tofino

TOFINO (CP) — Frank R. Joubin, founder of Blind River Uranium Mines Ltd. and known throughout Canada as "Mr. Uranium," flew into Tofino Friday by chartered plane, spent a few hours here, and flew out again.

Mr. Joubin lived here in 1942 and was manager of the Musketeer Gold Mines Ltd.

BELLY DANCE NO FAUX PAS

CAIRO (AP)—Confusion of the terms "ballet dance" and "belly dance" almost caused trouble for an Egyptian girl who recently attended the Moscow youth festival.

Reports from Russia said the girl did a belly dance in her nightgown in a railway station.

The Cairo press today reported the education ministry had investigated and found the girl was properly clad at the time and had performed "a ballet dance of a refined type taught in Egytian schools—not a belly dance."

Mutilated Body Identified As Missing Girl

CHICAGO (UP) — Police fingerprint experts have positively identified a mutilated body found in Lake Michigan as that of missing 15-year-old Judith Mae Andersen.

The girl, who disappeared 10 days ago, had been shot in the head and her butchered corpse stuffed into two oil drums. Her torso and legs were found in a drum floating in a Lake Michigan harbor last Thursday. Her head and arms were found floating in another oil container Saturday.

Lake Superior, largest of the five Great Lakes, is fed by more than 200 rivers.

Money Belt Loot Stretches Only So Far

VANCOUVER (CP) — A spending spree ended abruptly Sunday for three children who found a money belt containing $121 in the ruins of a fire-ravaged home where one man burned to death last week.

The children — two of them nine and one seven — admitted to police they had entered the house in which Briam Singh, about 75, died and two others were seriously burned Wednesday.

The youngsters said they found the money belt under some clothing in an upstairs bedroom Saturday, police reported.

Boat rental operator William Farrar called police after he noticed the children with a lot of money when they rented a rowboat in Lost Lagoon.

Police were waiting when they returned the boat. Officers said the youngsters had spent only $10. The rest of the money was recovered.

The children were scolded and taken to their homes.

Police are trying to determine whether the money belt belonged to the dead man or to one of the injured men, who are recovering in general hospital.

FISH STORY

By MAURICE HUMBER

The G.F. and I joined in the raid,
At the recent auction at "Mount Adelaide."
'Twas the end of an era . . . sad souvenirs.
A history of the past . . . one hundred years.

On the grand staircase, I stood for awhile,
On a wall portrait, I caught a faint smile,
Which seemed to say . . . sensing this menace,
"Anyone here . . . for a spot of tennis ?"
I lowered my eyes, to the curios below,
As Mr. Wilf Lund auctioned the show,

And I saw the G.F. . . . nod her head,
He was selling a big dish . . . "Limoges," he said.
A spray of wild roses, patterned this dish,
'Twas shaped to hold a 20-pound fish.
I wondered as I watched this auction-ing,
What she would do if she got the thing ? ? ?
But I knew she would, by the look on her face,
She was gonna outbid, everyone in the place.
I carried it out (could have used a cable),
It now holds top spot on our dining table.
And flowers spill over the potter's glaze,
Broken swords of gladioli, today pierce our gaze.
And so it will be . . . always flowing with flowers,
And we'll remember "Mount Adelaide," in it's MOST GRACIOUS HOURS.

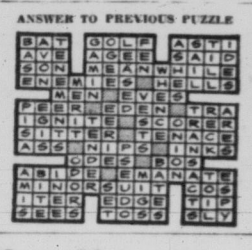
ANSWER TO PREVIOUS PUZZLE



Church Challenge Heard by 100,000

ST. PAUL, Minn. (AP)—An estimated 75,000 to 100,000 persons joined in a massive outdoor service Sunday to hear world Lutheranism's answer to the challenges of a dramatically portrayed "critical world."

The crowd nearly filled the Minnesota state capital's approaches for the final event of the Luthern World Federation's third assembly. The gathering was described as the largest in the history of North American Lutheranism.

A novel dramatic device, likened by a federation spokesman to the ancient morality plays, took the audience through a succession of "challenges" to the church sounded by a voice off-platform.

Preceded by a fanfare of trumpets, the voice called on the church to explain its faith in the assembly theme "Christ frees and unites."

Freedom, unity of the church, reforming the church, service and more for the future were themes on which the challenges were based.

Drop in Delinquency Aim of Youth Bureau

TORONTO (BUP)—A youth bureau is to be established in metropolitan Toronto next year to make good citizens out of potential juvenile delinquents.

Magistrate C. O. Bick, chairman of the metro board of police commissioners, said the bureau will consist of specially-trained officers in each of the six metro police districts. They will deal with children between the ages of 10 and 17 years.

Bick stressed that there was no evidence to show that juvenile delinquency was on the increase in Toronto or that it had become a major problem.

"The object of the bureau will be to take preventive measures," he said. "The officers will guide the children, and their parents, back to the right path. Not all teenagers or adults who run afoul of the law are punks and hoodlums."

The magistrate noted that most cities in the U.S. with populations of more than 250,000 have youth bureaus. A complete study of these youth bureaus will be made before the opening of the Toronto bureau, he said.

REMANDED FOR SENTENCE

Driver Pleads Guilty To Negligent Driving

at the youth to signal him to stop.

Quesnelle sped past the police car at a high rate, the officer said, and crashed into a tree before reaching the highway. There was about $250 damage and three passengers in the car received head bumps.

The driver was treated for a head gash.

"It is difficult to know what to do with you young people," commented the magistrate.

Wayne Gilbert Quesnelle, 481 Head, pleaded guilty in Saanich police court Saturday to a charge of criminally negligent driving at Beaver Lake Friday night and was remanded to Thursday for probation report and sentence.

Magistrate A. I. Thomas ordered him to remain in custody meanwhile.

Det. Robin Stewart told the court he had checked a group of youths at 9.30 p.m. who were throwing beer bottles into the lake.

Quesnelle attempted to drive off on Beaver Lake Road, he said, and he waved a flashlight

Cougar Hunt Report News To Island Man

NANAIMO (CP) — Predator hunter Jim Dewar says he knows nothing of a proposal by two Americans to conduct a cougar hunt in northern Vancouver Island.

A story from Liberty, Tex., Friday said that Bill Daniel, brother of Texas Governor Price Daniel, and commercial hunter Dale Lee of Tucson, Ariz., were planning the hunt.

"First I've heard of it," said Dewar, British Columbia game branch predator hunter. However, Dewar added he would be "on the lookout" for Lee, with whom he hunted in the southwestern United States last year.

He said he had killed a couple of cougars recently at Holberg, RCAF station in northern Vancouver Island, "but there isn't a cougar behind every tree as some of the residents up there seem to think."

GRAFTON, Mass. (AP) — A two-headed holstein heifer with four eyes, two months but one set of ears, was born Friday on the farm of Casimir Sztuba. Dr. Wallace Black of the University of Massachusetts said that while one mouth is fed the other goes through the motions of feeding.

HE GIVES AWAY GRAND PRIZES

Is there something you want to know? Do you want to win a set of valuable books or other instructive prizes? Then Ask Andy.

Andy will answer questions submitted by child readers and those who submit the questions he selects to answer will receive worthwhile prizes.

The youngster who asks the first question answered each day receives a 20-volume set of Compton's Pictured Encyclopedia (Canadian edition) and of the second question a Hammond Atlas or Globe.

Address your questions to "Ask Andy," Victoria Daily Times.

Andy sends a complete, 15-volume set of **Compton's Pictured Encyclopedia** to Steve Glatt, aged 12, of San Francisco, Calif., for his question:

How Does a Proton Compare With a Neutron?

Everything in our wonderful world is made from a hundred or so basic elements. Millions of different substances are made from combinations of these elements. The elements themselves are made of little particles called atoms. No one has seen an atom, the tiny mites are too small to be seen or photographed under our strongest microscope. However, they have been weighed, measured and their behavior studied in bulk.

It is hard to grasp the idea of a single atom. Two billion of them can frolic on the point of a pin. And frolic they do, for the atoms that make our world are full of energetic business and never still. For a long time it was suspected that atoms were made of still smaller particles. But we could not prove this until the Twentieth Century Age of Science.

Now we know about some of the particles of which an atom is made. We know something of the nature of these particles and science has given them names. The proton and the neutron are two of these atomic particles. Each atom is a nucleus carrying a charge of positive electricity surrounded by shells of particles carrying charges of negative electricity equal to the positive charge of the nucleus. Each normal atom is electrically balanced.

The protons and neutrons are welded together in the neucleus of the atom. Each proton is a charge of positive electricity equal to the negative charge of one electron. However, in weight a proton is equal to over 1,800 electrons. A hydrogen atom has but one proton and one neutron, carbon has two of each, oxygen eight of each and uranium has 92 of each. The number of protons gives an atom its atomic number.

There is more to atoms, however, than an equal number of protons and electrons. It was discovered that, in bulk, some atoms of hydrogen were heavier than they should be. Some of this heavy hydrogen was isolated from normal hydrogen. These atoms had an extra particle. Its charge did not upset the electric balance of the atoms. It was a neutron, an atomic partical of neutral electric charge. Since its weight is about equal to one proton and one electron, the neutron may be a combination of one proton and one electron.

All the larger atoms have neutron particles within the nucleus, along with the proper number of protons. A certain number of atoms of each element have an extra neutron or more. These atoms act just like normal atoms, but they weigh more. Heavy hydrogen, with its one neutron is an isotope of ordinary hydrogen. For an isotope is an atom carrying an extra neutron or neutrons with the protons in its nucleus.

Andy sends a **Hammond's** International World Globe to Danny Dugriette, age 8, of Geraldton, Ont., for his question:

Where is the lost continent?

There are legends that continents once existed in the Atlantic Ocean and in the Indian Ocean. Both these land areas, real or imaginary are said to have sunk beneath the waves before the dawn of modern times.

Legends and stories, however, have grown around the old, lost continents. There are very detailed accounts of Atlantis, the continent which is said to have sunk beneath the stormy Atlantic. Roman writers of 2,000 years ago describe how the last island of Atlantis became swamped and lost.

Geologists doubt whether large continents ever existed in these oceans. But it is evident that sizeable islands did once exist there. The little island of Madagascar is a remnant of a larger island that once existed in the Indian Ocean. And the Atlantic Antilles Islands may once have been part of a larger land mass.

DC-3 RETIRED IN U.S.

Aerial 'Workhorse' Now Put to Pasture

WASHINGTON (UP) — It took an act of congress, but the world's most famous transport plane—the DC-3—has been told it can finally retire—in the U.S., at least.

The fate of the 24-year-old airliner that helped commercial aviation come of age was sealed last week when the U.S. Congress passed a bill to give small airlines financial help in buying new equipment.

(The DC-3 is used on the TCA Victoria-Vancouver run.)

The legislation means that U.S. carriers still using the venerable DC-3 at last will be able to replace it with newer planes.

These new short-range airliners will be faster, more luxurious and economically superior to the DC-3. But they will never be able to match the brilliant record of this twin-engine transport which had one of the finest safety records in aviation.

The DC-3 was to aviation what the model-T was to motoring.

American Airlines and TWA put the first DC-3s into scheduled airliner service in 1933. In another five years, the plane comprised 90 per cent of the U.S. commercial air fleet and was introducing millions to their first taste of modern air travel. Foreign airlines bought them, too, and the plane swiftly earned the title of "the world's best transport plane."

During the Second World War, the DC-3 earned another title—"jeep of the skies."

French Royal Suitor Now 'Closer' to Goal

LE HAVRE, France (UP). — Jean-Baptiste Guerraz, who recently showed up at Balmoral Castle to ask for Princess Margaret's hand, said Saturday he still wants to marry her and he held up a meat hook to prove it.

"I've got a job now, see?" Guerraz, 44, told reporters. "I'm a stevedore loading food aboard ocean liners. Today it's the Liberte.

"I'll be rich. Margaret won't have to come down to my level. I'm going to raise myself to hers."

Guerraz said he left his wife and son, now 15, in 1948 because "I wanted to better my station in life." They are now running his hotel somewhere in the French Alps, he said.

He said he made a mistake in going to Balmoral without having met Queen Mother Elizabeth beforehand.

He said he had written her a letter addressed to "Her Royal Majesty the Queen Mother" which "announces my visit within the next few days," confiding "I keenly hope to meet your superb young daughter, Princess Margaret, object of my dearest thoughts."

This wasn't enough, he admitted, and he said he didn't blame the British police—"They were just doing their job. I even sent them a postcard when I got back to France."

Saudis Resume Oil Shipments

CAIRO (AP) — Saudi Arabia has decided to resume oil shipments to Egypt, at least to fulfill orders already agreed upon, reliable informants said Sunday. The Saudis suddenly suspended shipments early this month after delivering 800,000 tons of more than 1,000,000 tons promised. The Saudis were reported irritated over activities of Egyptian-backed trade unionists in Saudi oilfields.

Double Killing Shocks James Bay

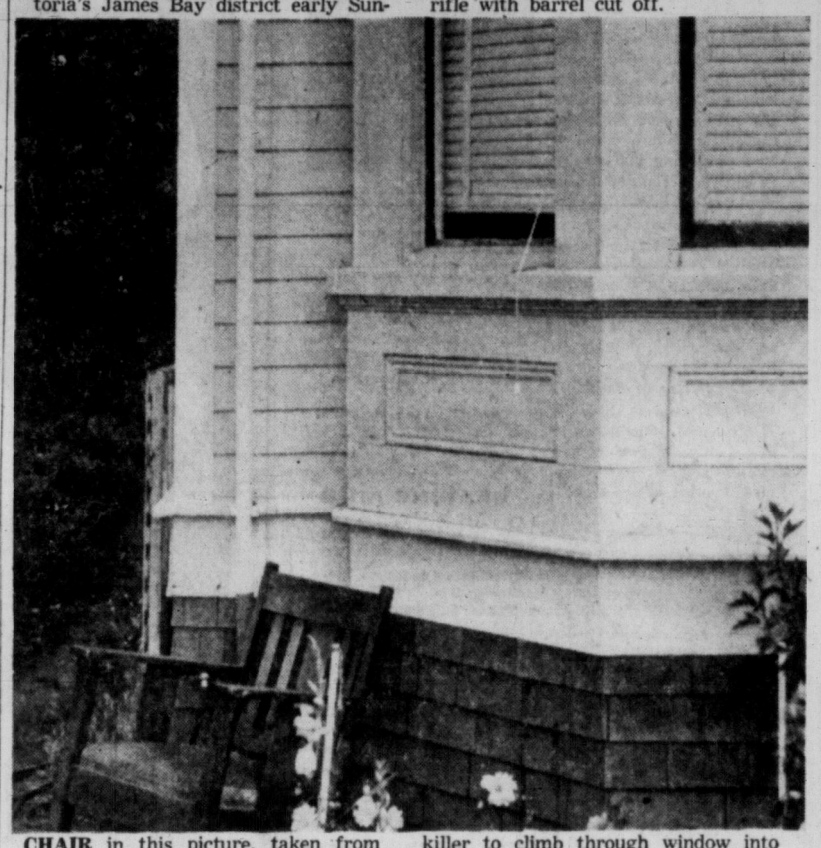
Youth Series Starts Tuesday

How vast is the problem of Victoria's unemployed youth? Should they give up and leave town? What has produced them? Is the school system at fault?

The plight of Victoria's lost labor force and possible answers to this growing community shame, so far greatly ignored, is subject of a four-part series starting in the Times Tuesday.

THIS IS THE GUN

Weapon used in murder-suicide in Victoria's James Bay district early Sunday was new, foreign-made .22 calibre rifle with barrel cut off.



CHAIR in this picture, taken from porch of victim's home, was used by killer to climb through window into Mrs. Hollier's suite. (Times Photo.)

MRS GLADYS HOLLIER . . . shot in chest.

JULIAN TOMKOWICZ . . . killer suicides.

Woman Slain; Suitor Dead Beside Gun

A Polish immigrant, crazed by jealousy, forced his way into a James Bay home early Sunday, murdered a divorced mother of seven and then killed himself with a crudely cut-down .22 rifle.

Dead are Mrs. Gladys Hollier, 47, of 586 Toronto, and her one-time suitor, Julian Tomkowicz, 52, of 406 Quebec.

Police say the deaths are the result of a murder-suicide.

Coroner Dr. E. C. Hart ordered an inquest into the death of Mrs. Hollier for Wednesday at 10 a.m. at McCall's. There will be no formal inquest for Tomkowicz, but Dr. Hart will conduct an inquiry.

The shooting occurred about 3.30 a.m. but wasn't discovered until five hours later when Mrs. Hollier failed to turn up for work at Clovelly Private Hospital.

Church bells had started ringing by the time stunned neighbors emerged from their homes to see pink and blue blanket-covered corpses being taken from the house.

Other occupants of the multi-family home were aroused about 3.30 a.m. by what they thought were "explosions" but after checking around found nothing wrong.

Mrs. Hollier, who until recently worked at the Skyway Cafe, 904 Government, and Tomkowicz had known each other about two years.

Tomkowicz recently was fined $50 in city police court on a wilful damage charge. He broke up some fishing equipment at the room of Robert Gerry Jackson, Churchill Hotel.

Put Out of Her House by Police

A son of the dead woman, James Hollier, 805 Colville, said his mother broke off her relationship with Tomkowicz several months ago, but had been bothered by him since.

Recently, he said, she called police to have Tomkowicz put out of her house.

Police believe Tomkowicz, a construction camp cook, forced his way into Mrs. Hollier's one-room downstairs suite where she lived alone, shot her and then turned the gun on himself.

Constables Ian Duncan and Barry English found a porch chair placed in a flower bed under Mrs. Hollier's partly-open window. Lower blinds were drawn.

Const. English crawled through the window to find the grisly scene.

Pyjama-clad Mrs. Hollier's body was on the floor to one side of a double bed.

She was shot by a single bullet through one hand and the right breast.

Tomkowicz body also was on the floor, with the cut-down rifle a few inches from his left hand.

He was shot through the skull above the left eye.

He was clad in shirt, tie, underclothes and one sock. The rest of his clothing was in the room.

Police found two live and one empty .22 "hornet" cartridges on the floor. There was another empty cartridge in the breech of the foreign-made, practically new rifle.

Its magazine clip, found on a table, contained two live soft-point cartridges and 10 more were found in a box in one of the dead man's pockets.

A third spent cartridge turned up later when the room was cleaned.

The death weapon was cut down crudely, apparently not long ago, its stock removed below the pistol grip and left with only 12 inches of barrel.

Its over-all length was only 22 inches.

On the receiver was die-stamped the words: "Zbrojovka Brno. Narodni Podnik."

The room was small, only 11 by 15 feet, with the bed pushed into a bay formed by the front windows. There was a combination record player, refrigerator, gas plate, chairs, a table and clothes cupboard along two walls.

Beside the door was a dresser and on the other side another cupboard. There were one or two throw rugs on the floor.

Mrs. Hollier owned the house and had lived there about two years.

Mrs. David Roy, who lives in a suite above Mrs. Hollier's, told police she heard one scream between two shots.

She thought one of her children had cried out and sent her husband to investigate. He found nothing wrong and went back to sleep.

Mrs. Roy arrived from her native Scotland only last Monday.

She said she was disturbed but not alarmed.

"When you are in a strange country in a strange person's house, everything is disturbing," she explained.

'Sorry' Says Peer, 'I Apologize'

His Attack On Royalty 'Bad Manners'

LONDON (AP) — The Marquess of Londonderry today apologized publicly for his personal criticism of the Queen and her court.

The teenage peer, who joined Lord Altrincham in attacking the trappings of royalty in Britain, issued a statement apologizing "for my bad manners."

He sent his apology to The Press Association which distributed it.

Londonderry's letter said:

"Public reaction to my letter has made it abundantly manifest that a personal attack on the Royal Family is much resented, especially if the attack should come from someone both insignificant and unqualified.

"Criticism of the monarchy must always be on a general level and any attempt to make the Royal Family a target for personal criticism merely degrades the attacker in everyone's eyes and set him up as an object of contempt.

"I have been guilty of the latter crime and for that I am truly contrite. I fully comprehend and appreciate the resentment of those who accuse me of cowardice in pointlessly attacking someone who cannot retaliate.

"For any personal attack on the Royal Family I am sincerely sorry and humbly apologize for my bad manners."

Londonderry wrote a letter two weeks ago to the weekly publication, New Statesman, in which he applauded Altrincham's criticism of the monarchy.

A few days later his grandmother, the Marchioness of Londonderry, rebuked her grandson, a jazz-loving marquess, for being vulgar and childish.

Grace Expecting?

SCHONRIED, Switzerland (UP)—Prince Rainier of Monaco hinted strongly today that Princess Grace is expecting another child.

He told a United Press correspondent from his Swiss vacation hideaway that he is "waiting for medical confirmation" before making any announcement on the subject.

BRITISH PLANES STRAFE OMANIS

MANAMA, Bahrein (AP) —The Royal Air Force went into action in Oman again today after a two-week lull.

It was reported the action was against a village where Omani rebel leaders, Imam Ghaleb ben Ali, his brother Taleb and Sheikh Suleiman bin Himyar are believed hiding in the mountains.

They are reported preparing to organize a guerrilla camaign against Sultan Said bin Taimur of Muscat and Oman.

Gales Whip U.K. Wrecking Homes

LONDON (AP)—Gale winds of 60 miles an hour ripped around the British Isles during the weekend, toppling trees and houses and sending small ships scurrying for shelter along the coastline.

The French liner Liberte, the world's fourth largest ship, set off for New York Sunday after having become entangled in a steel cable holding a buoy near Southampton.

A 6½-ton Danish yacht disintegrated on the rocks just off the beach at the big seaside resort of Brighton. One man was hauled to safety by a lifeline shot from shore, but two others disappeared in the stormy sea.

The winds blew off roofs and demolished a number of small homes.

The Irish Sea and the English Channel bore the brunt of the storm.

The seawall collapsed at several points around the low-lying lands at Morecambe on the west coast.

Even large-sized ships were forced to remain in port along the coast. Several ships bound for France turned back because of the rough seas.

In Wales, torrential rains added to the weather troubles.

Six sea cadets were rescued after their cutter was blown over near Deadman's Pier at Deptford.

Fire Destroys Power Station At Nanaimo

NANAIMO—A B.C. Power Commission substation put into service only a week ago was destroyed by fire early Sunday morning with a loss of about $60,000.

No one was injured.

Commission officials said lightning may have caused the explosion in the one transformer at the substation, which served residents of the Harewood district west of the city.

Hundreds of residents in the area were awakened by the explosion of the oil-filled transformer. They said the blast and a bright flash occurred shortly after 2 a.m.

Power was rerouted and service restored a few hours later. The substation was one of several serving the Greater Nanaimo area.

Asian 'Flu Vaccine Shot Ordered for Ike

WASHINGTON (UP)—President Eisenhower was to be inoculated today against Asian flu.

The White House said the President's doctor, Maj.-Gen. Howard McC. Snyder, and Surgeon General Leroy E. Burney, had recommended that Eisenhower take the shot.

Burney said last week that persons with histories of heart and pulmonary ailments should receive priority as soon as the vaccine was available.

Eisenhower already has been exposed to what the doctors have diagnosed clinically as Asian flu. His chief economic adviser, Dr. Gabriel Hauge, came down with the flu last Thursday, less than 24 hours after a conference with the President.

Yemen Charges Britain

LONDON (UP) — Yemen today accused Britain of launching an attack across its border that caused "many casualties."

WIRE BRIEFS

Robinson Must Fight

NEW YORK (AP) — The New York Athletic Commission today ordered middleweight champion Sugar Ray Robinson to fulfill his contract to meet Carmen Basilio in a title fight Sept. 23, at Yankee Stadium. Robinson said he would refuse to fight if there is any radio or television. The commission said failure of Robinson to fight would be considered default and the commission would consider action to vacate Robinson's title.

NATO Approves Ban

PARIS (UP)—The permanent council of the North Atlantic Treaty Organization gave "general agreement" today to the new Western disarmament package plan which includes a proposed two-year ban on further nuclear tests. The decision paved the way for presentation of the plan to the Soviet Union at the London disarmament conference.

Dike Work Rushed

THE HAGUE, Netherlands Reuters) — All able-bodied persons in the island town of Hekelingen worked desperately today to plug a widening gap in a dike pounded by the stormy North Sea.

Hekelingen is on the island of Putten, where 1,800 persons were killed when dikes gave way in 1953.

Escapes Burning Boat

VANCOUVER (CP) — Robert Fine of Vancouver was pulled unconscious Sunday from the Strait of Georgia after jumping from his burning boat two miles from Vancouver Harbor. He was recovering today.

PLANE CRASHES INTO HOMES

PITTSBURGH (UP) — A navy trainer plane crashed into two homes in the nearby small community of Clinton, Pa., today, shearing off the fronts of the dwellings and setting them afire. The pilot was killed.

Syria Leader Returns To Meet With Cabinet

DAMASCUS, Syria (AP) — President Shukri Kuwatly met his cabinet today for the first time since agreeing to the appointment of a new leftist army command.

Newspaper reports indicated the cabinet was preparing to take up "administrative changes"—a purge of so-called imperialists.

Kuwatly flew to Egypt eight days ago when the appointment of leftist Maj.-Gen. Afif Bizry as army chief of staff was announced. He returned Sunday. The flight brought reports—and official Syrian denials—that he had resigned.

Upon his return he declared Syria would stand firm "despite pressures and plots of imperialism, the West and America."

At the cabinet meeting at Kuwatly's home was Gen. Bizry.

Kuwatly held a final two-hour conference in Cairo with Egyptian President Nasser, who saw him off at the airport. Earlier, before leaving Alexandria, where he had been in hospital, the Syrian president told correspondents his country looks forward to uniting with Egypt "in a union which will be the nucleus for total Arab unity."

Non-Communist Arab leaders in the Lebanese capital of Beirut speculated that Kuwatly's return to Damascus indicated Syria had not yet slipped completely into the Soviet orbit. Otherwise, they declared, he would not have gone home.

2-Train Crash Kills Fireman

WHITE, Ont. (CP)—Canadian National Railways officials today were investigating the cause of a Sunday freight wreck in which one man was killed and eight were injured when two trains smashed head-on at a blind curve on the CNR main line near this Manitoba-border town, 90 miles east of Winnipeg.

Killed was J. W. Hunt, 24, of Winnipeg, a fireman on an eastbound gravel train which rammed into a westbound, 90-car fast freight.

A nearby cottager said the crash sounded "like an explosion." The impact left a 120-ton diesel locomotive straddled across the single track.

Taken to hospital in Winnipeg were engineer Samuel Champion, 52, internal injuries; engineer H. W. Mendall, broken ankle; brakeman George E. Brown, cuts and bruises; fireman H. E. Bennett, cuts and bruises.

U.S. Resents Charge

(See also page 3.)

WASHINGTON (UP)—The State Department said today it bitterly resents Red China's "fantastic" charge that the United States sought to use American newsmen as spies.

NEIGHBORS WONDERED

Three Shots Heard ...Then All Quiet

By DINAH KERR

Toronto Street was quiet again today, save for the calls and laughter of young children as they played on the sidewalks.

No. 586, a prim, thin two-storey building in a row of aging homes, gave no sign of the violence that had sprung up through one of its rooms early Sunday.

A pile of wood blocked the driveway, some dying flowers stood feebly below a window, and an old leather-stuffed chair was back in its position on the porch.

Yet in the room with the bay window, above the dying flowers, two persons had met death.

Police believe Polish immigrant Julian Tomkowicz, 52, of 406 Quebec, killed divorcee Mrs. Gladys Hollier, 47, in a fit of agonizing jealousy, then shot himself.

CHAIR USED

The old porch chair, found beneath the bay window, was used by the immigrant to gain entrance into the room where Mrs. Hollier lay sleeping, police think.

The three shots woke Mr. and Mrs. Eugene Wendling and their son Rene, 15, who occupy the rooms behind Mrs. Hollier's suite.

"Then we heard nothing, so

Soviet Submarine Fleet Largest On Record Says U.S. Naval Chief

MIAMI BEACH, Fla. (UP)—Adm. Arleigh A. Burke, chief of U.S. naval operations, said today Russia now has the largest submarine force in maritime history.

"And they are still building submarines at the rate of about 100 a year, a rate never equalled by any nation at peace," Burke said in an address prepared for delivery before the 58th national encampment of the Veterans of Foreign Wars.

Burke said the Soviets were "devoting great effort to development of submarines capable of launching guided missiles against metropolitan and industrial targets in any part of the world."

To counter Russia's increasing undersea strength, Burke said, the United States is building a fleet of 21 nuclear-powered vessels. Burke said these include 19 nuclear-powered submarines, the fourth of which will be commissioned tomorrow at Portsmouth, N.H.; an atomic-propelled cruiser now under construction and a carrier for which a contract has been let.

"The Soviet Union has now replaced Great Britain as the second-ranking sea power in the world" (behind the U.S.) with "a large well-rounded navy," he said.

Russia's "astounding" rise as a naval power in 12 years was accomplished because "they know that our allies throughout the world can prosper in peace and be supported in war as long as we control the seas."

PRAYER FOR TODAY

O Thou who art a seeking as well as a saving God, help Thy children to follow Thee in seeking those who sit in the darkness of doubt or the wilderness of sin. Be Thou with the witness who by word and deed serves as a channel of truth to people in need. Be with the evangelist and his friend in Christ's name. Amen.

Towards Mister Kuwatly our thoughts are so-whatly.

. . . KILLINGS

Continued From Page 1

At the ground floor rear, Mr. and Mrs. Eugene Wendling and son also heard the shots. Mr. Wendling and the boy got up, listened, opened a side window, looked out and waited.

They smoked a cigarette but heard and saw nothing more. They, too, went back to sleep.

Here is what happened, according to teen-aged Rene Wendling.

"My mother heard the shots. She woke us up, my father and I. We got up to see.

"My father went to the window at the side and opened it. We looked around but there was nothing.

"We smoked a cigaret and then went back to bed.

"In the morning about 8.30 they called from where Mrs. Hollier worked. They wanted to know why she was not at work.

"We went to her door, but theer was no answer.

"Then Mrs. Hollier's mother called to see if she was there. there was no answer.

"So the people upstairs called police and we waited for them to come. That's all."

It is believed Tomkowicz had a wife and children in Poland.

He has two brothers, Anthony, living at 789 Manitoba, Winnipeg, and Stanley, Box 112, Snow Lake, Man.

Besides James, her other surviving children are Mary Elizabeth Dryer, Grande Prairie, Alta., who with her husband was visiting Mrs. Hollier until late Saturday night; William John Hollier, 1953 Third Ave., Vancouver; Elsie Irene Chipchase, Arlington, Va.; Roselene Gladys Adams, 740 Meaford, Langford; Edward Winston Hollier and Harold Lawrence Hollier, also of 740 Meaford.

PARENTS HERE

Mrs. Hollier's parents are Mr. and Mrs. W. J. Wherrell, 1441 Myrtle. She has a brother Archie, and a sister, Mrs. Vera Gibbons, also of Victoria, another sister, Mrs. Irene Bloomquist, Courtenay, and a third sister, Mrs. Elsie Mortland, Rycroft, Alta.

Funeral will be Thursday at 3 p.m. at McCall's, the service conducted by Canon Robert Willis with interment at Royal Oak Burial Park.

Investigation was in charge of Det. Sgt. Louis Callan with Detectives Norman Bath and Robert Mair.

SECOND MURDER

The murder was the second in James Bay in less than 18 months.

Czeslaw (Chester) Pupkowski, 42, 128 Clarence, was charged with the pen knife killing of his wife at their home March 24, 1956.

Minutes after stabbing 38-year-old Cecelia, Pupkowski ran down the street to Dallas Road waterfront and tried to drown himself in the surf. He was stopped by police.

Later the man's trial was called off and he was committed to Essondale mental hospital.

Roads Claim 3; Girl Drowned

Three traffic deaths and one drowning were recorded in B.C. during the weekend.

At Vernon, 60 miles north of Penticton, Monica Drewell, 12, was drowned when she got into difficulties in Kalamalka Lake late Friday. Efforts to revive her failed.

John Joseph Hubbard, 34, was killed at Langley late Friday night by a car backing out of a driveway.

A 74-year-old Hedley man, Jonathan Carter, was killed Saturday when his motorcycle collided with another vehicle on the Hope-Princeton highway.

In another traffic accident William Clark, 18, of Salmo, was killed late Saturday night when he was struck by a car at Ymir, 15 miles south of Nelson.

COMMONWEALTH TAKES MALAYA

LONDON (AP) — The Federation of Malaya will be recognized as a member of the British Commonwealth of Nations next Saturday, the day the southeast Asian state becomes independent, the United Kingdom government announced today.

A statement from 10 Downing Street said the acceptance of Malaya has the approval of other Commonwealth members.

we went back to sleep," Rene said.

They had last seen Mrs. Hollier when she borrowed a chair at about 6 p.m. because relatives were coming to visit.

HAVING FUN

"We could hear their voices," Rene said. "They seemed to be having fun."

She was a "good lady, a quiet lady," who often dropped in for coffee and a chat, Mrs. Wendling said.

"She never spoke to us about the man (Tomkowicz). It wasn't any of our business."

Mrs. Hollier's neighbor across the street, Walter Dawley, 583 Toronto, said she was "just like ourselves, she worked hard, and there was nothing to give us any suspicion of violence."

"We can't figure out why we didn't hear the shots," Mrs. Dawley said. "We usually hear every noise, like tires squealing and people talking, because our bedroom's just above the street."

The Dawleys had met Mr. Tomkewicz on several occasions.

"He was very hard to understand — very excitable," Mr. Dawley said.

"He talked fast, walked fast, did everything at top speed. If he washed a car, you'd think he was washing two cars."

The Dawleys were still numbed by the fact that Mrs. Hollier was dead.

"We knew her as well as any neighbor knows another, Mr. Dawley said. "She was really nice. She wouldn't have hurt anybody."

2nd TCA Bomb Hoax Fizzles

WINNIPEG (CP)—Search of all Trans-Canada Air Lines Viscount aircraft leaving here for Toronto was forced Saturday by an anonymous telephone call warning that: "The Viscount flight for Toronto won't reach there."

It was the second time in less than a week that TCA had received such a warning. It came early in the morning.

A Winnipeg theatre also was searched after a bomb threat this week.

CAUGHT WITH SIGNS DOWN

One-Way Streets Cause Confusion in Vancouver

VANCOUVER (CP)—Motorists didn't know which way to turn in Vancouver Sunday night.

For days, they had been accustomed to seeing signs at downtown intersections, announcing that the city's new system of one-way streets would go into effect today. But the city engineering department fooled them.

About 4 p.m. Sunday, engineering department employees began to take down the brilliantly-colored posters, exposing the permanent "one-way—do not enter" signs. The result was confusion and a flood of indignant calls to the city police station from motorists who didn't know whether they should be going or coming.

Some drivers obeyed the new signs. Others did not. Constables directed traffic by the new rules but when they moved on, motorists drifted back to the old system. Along Pender, eastbound travellers ignored large white arrows painted on the pavement to direct traffic westward.

FAMILIARIZATION STEP

Kenneth Vaughan-Birch, city engineer, explained that his department had exposed the one-way signs ahead of time to give people a chance to get used to them before the Monday morning rush.

The system will get a thorough workout tonight when one of the biggest crowds in the city's history is expected to converge on Exhibition Park. British Columbia Lions expect more than 25,000 for their Western Interprovincial Football Union game at Empire Stadium with Calgary Stampeders. The Pacific National Exhibition will draw another 50,000 and at least 10,000 will be at the races.

Doctors And Clergy Join Hands To Fight Death

There is, today, a growing awareness of the relationship between health and faith: some medical students now take courses in religion; many clergymen, in turn, are trained whilst in actual contact with the sick and dying.

In September Reader's Digest read how doctors as well as clergymen now realize that *faith* is necessary in the well-being of all people; how medicine and ministers are joining forces to help the ill. Get your September Reader's Digest today: 36 articles of lasting interest, condensed to save time.

"I'm not what you'd call hard of hearing

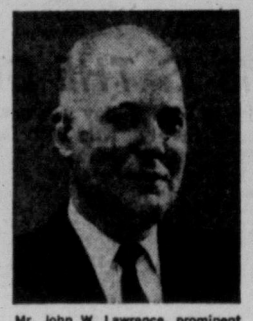
...but I'd never be without my ZENITH 'Diplomat' Slip-On Hearing Aid!"

"Why do I wear a Zenith, when I'm not really 'hard of hearing'? Simply because I want to catch *every word* of what's going on—without straining. I will never be without my Zenith 'Diplomat' *Slip-On* Hearing Aid."

These are the words of a leading businessman, and he adds: "I have several friends, including women, who are hard of hearing, and they're as enthusiastic about the 'Diplomat' as I am."

The predominant reason is that Zenith offers the best in quality and performance. Then too, the "Diplomat" is light, full-powered, small and INCONSPICUOUS. It fits snugly and comfortably entirely at-the-ear. No dangling cords, nothing in hair or clothing.

The "Diplomat" *Slip-On* Hearing-Aid plugs instantly into a tiny, lightweight earmold so you can enjoy extra-clear hearing at any time.



Mr. John W. Lawrence, prominent Chicago sales executive, tells of his experience with the new Zenith "Diplomat" at-the-ear hearing aid.

You can try the "Diplomat," or any of the other 4- and 5-transistor Zenith Hearing Aids, on Zenith's famous Ten-day Money-Back Guarantee of satisfaction.

TODAY'S GRAIN PRICES

CHICAGO (AP) — Wheat lost more than a cent at times in moderately active dealings on the Board of Trade today.

Other grains also fell off, declining mainly on favorable weather and crop reports. Only soybeans showed resistance to the downturn, scoring gains of up to a cent at one time after being off more than a cent most of the session.

Weakness in wheat was attributed to scattered commission house selling and a government report which showed that exports of the broad grain are running around 2; No. 1 hard 2.18; oats No. 1 white heavy 75; no soybeans; barley nominal; malting choice: 1.20-30; feed: 85-1.00.

WINNIPEG (CP) — Trading was mostly dull as far as oats and barley were concerned on the Winnipeg Grain Exchange today.

There were a few domestic shipping orders and prices moved in a narrow range.

Some activity occurred in flax with buying by local interests and U.S. houses prompted by reports of frost damage to the crop. Offerings were light and prices were mostly higher but somewhat irregular.

Rye prices were erratic following U.S. markets. Some demand here also was prompted by reports of frost damage.

There were no reports of overseas business in Canadian coarse grains.

Lakehead prices for class two, IWA and domestic wheat were all up ⅛ cent from Friday.

Higher Interest Rate

OTTAWA (CP)—The government announced today that a 12th series of Canada Savings bonds will go on sale October 15 with a higher interest rate after the bonds are held two years than in the 11th series.

The new 13-year issue also provides for the sale to any one purchaser of bonds to a limit of $10,000, double the limit of the current issue, which will be withdrawn from sale August 31.

The bonds, dated November 1, 1957, will carry 13 coupons, each covering a one-year period. The first two coupons will pay interest at the rate of 3¼ per cent and the remaining 11 coupons a rate of 4¾ per cent.

Bonds in the 11th series bore a graduated interest rate, starting at 3¼ per cent and scaled up in later years to 4 per cent. These bonds mature in 12 years.

MARKET SUMMARIES

Top Exchanges Show Continued Decline

Toronto's stock market continued to decline today during dull mid-afternoon trading.

A feeble attempt to rally failed in New York as the market resumed its downward course in the late afternoon. Trading was active.

AT TORONTO steels, utilities and refining oils were the heavier losers among industrial groupings, each section having at least four losses to every gain. None of the groups had more gains than losses.

Senior base metals had four times as many losses as gains. All price changes, however, were fractional with the exception of Falconbridge, off ½ points to 27¼. Lower-priced mines were lower with losses outnumbering gains two-to-one. Losses ranged to 25 cents.

Western oils were led down by senior issues which lost about a point in most cases.

AT NEW YORK motors, oils and most leading rails were down. Shares of major steel firms were mixed after some earlier gyrations.

Canadian issues were lower. Losers included McIntyre Porcupine, 3¾; Hudson Bay Mining, ⅝; International Nickel, ½; Aluminium Ltd., ⅜, and Canadian Pacific, ½.

Among Canadian stocks on the American exchange, Shawinigan was up ¼ and Molybdenite gained 1-16. Losers included Fargo Oil, 3-16; Preston East Dome, ⅛, and Jupiter Oils, ⅛.

AT MONREAL—Both stock markets showed a downward trend in moderate afternoon industrial trading.

Among base metals, Aluminum lost ⅜ at 36⅜ while Noranda at 41½ and Hudson Bay at 50¾ each dropped ½ and International Nickel was up an equal fraction at 81.

In utilities, Power Corporation at 63, B.C. Power at 44½, and Shawinigan at 81, each lost a point, but in the miscellaneous division General Dynamics gained an equal amount at 51. Refining oils were low as Imperial was down 1⅛ at 48⅜ while Canadian Oils lost a point at 34 and B.A. slipped at ⅝ to 47½. Building Products was low in constructions, losing 1¾ at 33¾.

AT LONDON the stock market was quiet with a tendency to lower prices.

However, gilt-edged securities showed scattered gains. There was only a selective interest in foreign issues. Chinese were dull but several European bonds were slightly higher.

Dollar stocks were hit by Friday's weakness on Wall Street and showed losses up to six points. Hudson's Bay was dull.

Oil shares, South African gold shares, and copper issues were generally lower.

AT VANCOUVER the market was dull, and prices showed a downward trend.

Peace River Pete sold 2,500 at $1.39. Vantor moved 4,000 at $1.78. National Explorations traded 2,500 at 30. Sheep Creek moved 3,000 at 47.

Inland Gas Co. Pipeline Completed From Savonna to Christina Lake

VANCOUVER (CP)—The Inland Natural Gas Company says it has completed the section of its pipeline from Savonna, near Kamloops to Christina Lake, near Trail.

More than 260 miles of the 304-mile main line now has been strung and ditching and welding are keeping pace, it said in its mid-August progress report. Government-supervised testing has been completed on 120 miles of the line.

The company said 90 per cent of the distribution system now is complete and construction of 24 city gates is under way.

Exceptional Growth Possibilities

Investors requiring good income and capital protection, yet desiring some capital appreciation, should be interested in the new Bond, Debenture and Common share issues of Western Copper Mills Ltd. Each security provides, in varying degrees, a proportion of these three investment requisites.

This $8 million industrial company, the only one of its kind west of Ontario, will fabricate copper and brass tubing, pipe, rods and bars to meet the ever increasing demand of electrical power, telephone, telegraph and construction companies in British Columbia, Western Canada and Pacific North Western United States.

Proximity to raw materials, vast, practically assured and expanding markets; favourable freight rates; efficient operation; and the benefit of experienced and successful management, indicates a profitable enterprise that should grow with the West.

As principals, we offer the new issues of:

Western Copper Mills Ltd.

NEW STYLE FOR MEN

Colors Showered on Raincoats

LONDON (AP) — One of Britain's best-known retailers of raincoats says the up-to-date man in the rain will wear gay colors in future downpours.

"Men want light colors," said F. A. Watson, whose store is on exclusive Regent Street. "They are much less concerned about practicality than they were even 12 months ago."

Exhibiting some of the new models for coming cloudbursts, raincoats in silver white, oatmeal and pin checks with brilliant satin linings, Watson said men buy rainwear to "get some fun out of life."

Watson's favorite among the new models was a hip-length, shower-proof oyster-colored jacket lined with navy or red wool and closed with a snappy tie belt. This was described as perfect for low slung sport cars.

But still popular are what is known to the staff as the "foreign intrigue" raincoat — the old fashioned trenchcoat with two brass rings in the back. The rings are for swords or billycans, a throwback to its military inception. Actors are among the chief buyers of the foreign intrigue.

(BB PLUS) "The DELICATE DELINQUENT" (Royal)—In between spasmodic bursts of laughter Jerry Lewis fans may begin to wonder what is happening to their erstwhile hero of hi-jinks.

For in Paramount's "The Delicate Delinquent," his first solo effort without ex-sidekick Dean Martin, Lewis seems to want to be all things to all men all the time. In addition to his usual character, he plays it "straight," and he sings one song without his characteristically buzzsaw warbling, as though trying to make up for the missing Martin. In short, it is as if, in a manner of speaking, he would be ham as well as Hamlet.

The plot is quite simple as befits the principal character. Jerry is a janitor in a slum neighborhood and is plagued by neighborhood juvenile delinquents Robert Ivers, Richard Bakalyan and Joseph Corey to be one of them. But Jerry wants to be "someone" in life. He wants to be a police officer just like fatherly cop Darren McGavin.

Some of the show's funniest sequences come from Jerry in training at the police academy and his first night on the beat as a probationary rookie. "Don't do it, lady. Don't do it, he bleats, horrified, as he is left alone in a room with an heir-conditioned female. And another dandy is where the rooky class is called upon to present its revolvers for inspection.

And, in conclusion, whether his fans like the "new" Lewis as much as the old is open to conjecture. But the thinking will see in the comedian new possibilities, all carefully drawn out by the steady hand of director Don McGuire.

City Sketch Club To Send Work To Revelstoke

Victoria Sketch Club has been invited to send 12 paintings to a Revelstoke Art Exhibition later this year.

They have been selected from paintings now being shown at the Dominion Hotel.

The 12 were chosen by Cmdr. H. W. Soulsby. Included are paintings of Miss G. Snider, Miss Dorothy Lowe, Mrs. A. Evans, Mrs. L. Sweeney (club president), Miss Alice Carey, Mrs. Nell Bradshaw and Mrs. Mabel Jarvis.

The group will plan a centennial exhibition at a local department store next year.

Girl Loses Top Nightclub Job In Aftermath of Magazine Trial

LONDON (AP)—Patsey Morgan-Dibben, girl friend of Confidential magazine's London agent, Michael Mordaunt-Smith, has been dropped as manager of a smart West End nightclub.

"I am very fond of Patsey," Baron Knopka, owner of the club, told a reporter today, "but we had a long chat about the Confidential setup and decided it would be better if she left."

Meanwhile, a man who tipped of the U.S. scandal magazine's agents to a number of stories about Londoners was refused further admission to a club which he frequented in the past.

"Since the exposure of the magazine's London operations, some of our famous patrons have been wary of coming around," a club spokesman explained.

The Sunday newspaper The People said it had cabled the Los Angeles district attorney a statement by London model Pat Steele that she sold the magazine Whisper a false story about film director John Huston and his blonde secretary.

BUSINESS, FUN FOR 150 CHIEFS

Fire College Opens Tuesday

About 150 B.C. fire chiefs and their wives are expected here Tuesday through Friday for the 26th annual fire college.

Chairman of Victoria fire wardens, Ald. A. I. Curtis, welcomes delegates, and the opening address will be given by Attorney-General Robert Bonner.

During the convention, fire chiefs will present papers on fire-fighting and fire prevention.

On Wednesday, delegates will spend the day at Langford Fire Department where Chief Rod Bayles will be host at a salmon barbecue at Goldstream, followed by a dance.

Thursday morning, a display of the latest in fire-fighting equipment will be opened to the public at city fire headquarters, Cormorant Street, convention site.

The public is also invited to attend a pumper and fire barge display at the Department of Transport wharf Thursday at 1.30 p.m.

Old fire battling equipment will also be on display, including steam-fire apparatus, purchased in 1898 and retired in 1916.

Four-wheeled, squat-stacked and black, the old engine has stood for years in a corner of the market building, its brass trim and repainted finish rubbed only on occasion.

INSCRIBED

Named the Charles E. Redfern, inscribed on brass plates on both sides, the steamer was manufactured by Waterous Engine Works, Brantford, Ont.

Chief Frank Briers said the engine will take centre stage during the week.

He also has had his men dusting off a small collection of historic photos, a hand-drawn hose reel, the chief's buggy, some old apparatus sleds and other items which will be on display on the second floor of the fire hall.

TOPICS OF THE DAY

Strikes of a different kind will be discussed in the Labor Hall, 613 Pandora, Sept. 8 at 8 p.m., when members of Victoria Labor Council's bowling club meet in Hall "A" to organize schedules for this year's season, opening Sept. 15.

Several days of genuinely fine weather — "probably not a heat wave, but certainly with some nice warm temperatures—" were promised today by weatherman William Mackie.

"A large storm centre over the Aleutians is drawing warm Pacific air northward," he said. "As a result, a high pressure area is devoloping over this area that will mean several days of sunny skies."

WHAT'S NEXT FOR GOOD OL' UNCLE JUAN?

The Strait of Juan de Fuca chose a new angle of attack on the latest person to attempt a crossing.

"My muscles feel perfect, but my seat is sore," said Gordon E. Fisher, 43, of Fox Island, Wash., today. He arrived here after eight and one-half hours' stroking, 20 to the minute. He camped on the beach near Home Oil Sunday night and was to leave again this afternoon.

Oh yes, he came in a 12-foot rowboat.

Major Gibson To Be Buried On Mountain

Maj. Rex Gibson will be buried in the snow, high on a ridge of Mount Howson in west central British Columbia.

Maj. Gibson of Saanichton, who was president of the Alpine Club of Canada, died last week when he fell 300 feet down the mountain with two other climbers, Dr. Sterling Hendricks of Silver Springs, Md., and Don Hubbard of Washington.

The body was lashed to a rock on Mount Howson following the accident.

Eric Brooks, honorary president of the Albine Club, said in Vancouver Sunday night that Maj. Gibson will be buried in the mountains. His widow had said he often expressed the wish that no risk be taken in bringing out his body if he died while climbing.

Brooks said he and four others may bury the body this week. The object is to give Maj. Gibson a "safer resting place than he has now."

Eve Rites Set For Tuesday

Funeral services will be conducted Tuesday for Ernest J. Eve, who died from a heart attack while horseback riding Saturday.

Dr. W. G. Wilson will officiate at the service to be held at McCall Brothers' funeral chapel at 3 p.m. Cremation will follow.

Mr. Eve was a well-known horseman and a pioneer in aviation in this area.

Defence Minister Asked to Save Old Fort Rodd

Victoria Chamber of Commerce secretary-manager Arnold Webb was scheduled to meet with Defence Minister George Pearkes, VC, here today to discuss possible federal assistance in preserving the early military installations at Fort Rodd Hill.

Preservation of the Fort had been mooted as a centennial project, but was subsequently dropped.

Interest in the old fort, one of the few remaining historic landmarks, has been sparked by recent fire catastrophies which gutted Government House, the "bird cage" at the Parliament Buildings which was the site of the first government, and the still more recent Fisgard lighthouse fire, adjacent to Fort Rodd.

A-G Calls Off Probe in Death Of Saanich Girl

Inquest into the traffic death last Wednesday of nine-year-old Karen Ramsey, 3765 Belgrave, was called off today on orders from the attorney-general's department.

Section 8 of the Coroner's Act empowers the attorney-general to eliminate a coroner's inquest, Coroner Dr. E. C. Hart said. It has happened "two or three times" recently.

Wilfred Rhodes, 39, 1746 Midgard, appears Tuesday at 2 p.m. for preliminary hearing on a charge of criminal negligence resulting in death. He was driver of a truck in collision with the girl on Interurban last Wednesday afternoon.

Milkmen Resume Negotiations On Secret Offer

Members to Meet Wednesday Night

Negotiations between four dairies and their employees' union reopened today but no announcement was made by press time.

Business agents George Shaw and Sam Brown of Local 464, Milk Salesmen's and Dairy Employees Union, met with management representatives.

The meeting followed as a result of last week's instructions by the general membership to the union policy committee to seek clarification of a management proposal, not disclosed to the press.

The proposal was made at a meeting of the two sides a week ago which was to have been the final negotiation session.

MEETING WEDNESDAY

Results of today's negotiations will be discussed at a general membership meeting scheduled for 8 p.m. Wednesday in the Labor Hall, 613 Pandora.

The 165 union members have voted in favor of a strike to back up their original demands of $30 and $32 monthly wage increases and continuation of six-day weekly deliveries.

The companies—Palm Dairies Ltd., Shepherd's Dairy Ltd., Island Farms Dairies Co-operative Association and Northwestern Creamery Ltd.—seek a five-day weekly delivery, skipping Wednesdays and Sundays.

Planners Named For Trade Fair

International Show to Run 2-3 Weeks on PNE Grounds

Formation of a special committee to plan an international trade fair at Vancouver next May was announced today by Attorney-General Bonner.

UNCONSCIOUS since she was injured in a riding accident near Osoyoos, May 6, 1956, Dr. Anne Steel was reported in an unchanged condition at Royal Jubilee Hospital today. Her condition is reported as poor. The 37-year-old mother of a five-year-old boy received extensive brain surgery following the accident.

Mr. Bonner, who is also minister of industrial development, trade and commerce for the province, confirmed that the centennial year project will go ahead.

He named his deputy trade minister, T. L. Sturgess, to the committee, along with L. J. Wallace, chairman of the Centennial Committee; W. J. Borrie, president of the PNE, and Vancouver alderman Bill Orr, who is a PNE director and member of the Centennial Committee.

"British Columbia's stature as a trading province has grown to an importance which could be truly recognized by a trade fair," Mr. Bonner said.

"Furthermore it will afford an opportunity for foreign firms and foreign countries to participate in the centennial celebration and also it will promote the accepted practice of reciprocal trade with those countries with which we are doing business.

GOOD SUPPORT

"The initial reaction to the trade fair proposal has been most encouraging and promises to produce one of the outstanding events of the centennial year."

The fair will be staged jointly by the government, the PNE and the Centennial Committee.

"It will require the co-operation of many other organizations interested in foreign trade," Mr. Bonner said.

Exhibits will be housed in suitable buildings on the PNE grounds.

The fair will be open to foreign and Canadian importers and exporters, manufacturers and foreign governments for prestige and trade exhibits.

OUTSIDE INTEREST

Mr. Bonner said representatives of foreign governments in B.C. have already expressed interest in the project.

Invitations will be going out soon, the minister said.

The fair likely will run for two or three weeks.

Besides its "show" aspect, it is expected to be a stimulus to the province's import and export trade in manufactured goods.

Separate conferences and meetings with top trade officials from around the world likely will be lined up in conjunction with the fair.

Besides the first full-scale industrial goods exhibition in B.C., the fair probably will include a consumers' goods display featuring products from Far East and Pacific trading nations.

Mayor Backed By Pearkes On Airport

Expansion Needed, Minister Agrees

Mayor Percy Scurrah today won support of Defence Minister George Pearkes, VC, in his campaign for a new terminal and extended runways at Patricia Bay Airport.

Gen. Pearkes met with the mayor at City Hall this morning.

"General Pearkes recognizes the importance of the airport and is in agreement these improvements should be made," said the mayor.

IN ESTIMATES

It was learned earlier this month an unstated sum is included in next year's federal public works estimates for an enlarged, modern terminal. Estimates have still to be approved this fall by the treasury board before going to the House next spring.

Department engineers were reported studying the area and would report whether runways could be extended. Mayor Scurrah expressed hopes larger, international flights could touch down here and provide regular overseas service if facilities were improved.

Girl Saved From Drowning

A 13-year-old Victoria girl was saved by her parents from drowning at Deep Cove Sunday evening.

Susan Hawkshaw, daughter of Mr. and Mrs. E. D. B. Hawkshaw, 1466 Rockland, swam into water beyond her depth and was saved when her parents, who had been lying on the beach, swam out to her.

The girl was taken to St. Joseph's Hospital and admitted for observation. Her condition was good at noon today.

Mrs. Hawkshaw said she, her husband and young son were on the beach when they noticed Susan in difficulty at about 9 p.m.

"She got out beyond her depth and became a bit panicky. She swallowed quite a little water and we went out to get her.

"It was a frightening experience.

"Susan is quite a good little swimmer, but it was just one of those things.

"The doctor said he would keep her in hospital for a day or two in case there was any infection from the water in her lungs."

HEN PARTY GETS CRACKING

They're Off—and Laying In Saanichton Egg Race

With a cluck, cluck here and a cluck, cluck there, 75 hens today got off to a "whiz bang" start in the big annual Saanichton Fair egg laying race.

The contest started at 5 this morning with a total of 15 teams, each composed of five hens, taking part in the eight-day race.

The contest wil end on Sept. 2, Labor Day, the last day of the Saanichton Fair. The winning team will get $25 and the winning hen a medal.

By noon today most of the teams each had laid one egg.

W. T. Burrows, referee, time-keeper and official egg collector, who fired the starting gun, said most of the hens were cackling merrily just before the race began.

"It was like a hen party," he said, "but they soon got down to business."

Mr. Burrows expects the winning team will lay between 35 or 40 eggs during the eight-day period. Altogether the hens may lay between 450 to 475 eggs.

"But you never can tell in a race like this," he said. "Some hens really produce—sometimes as much as two eggs a day."

Owners of the teams are: Gerry McKinney, G. A. Moore, J. E. Cooper, Jay Christison, Eugen Falck, Morris Scobie, J. J. Armstrong, Harry Welch, Olive Kingcott, Don Campbell, Frank White, A. H. H. Donald, J. Kelesoglous, A. C. Phillips and F. R. Minter.

'SMALL FRY' GET 'BIG FRY'

Doug Miller, 13 years old, proudly displays his 21-pound, 12-ounce spring salmon that won him a bicycle in the annual Victoria-Saanich Inlet Anglers' Association junior derby Sunday. On the right is Carol Greenhagh, who topped all girl competitors with a 19-pound, four-ouncer. (See story Page 6.)

16-Year-Old Tops Gymkhana Riders

Sixteen-year-old Bob Henson won eight trophies at the Colwood Trail Riders eighth annual gymkhana Sunday afternoon.

The show, held on the grounds of Mrs. Eva de Urena, Duke Road, Albert Head, was officially opened by Defence Minister G. R. Pearkes, VC.

Two minutes silence were observed in memory of trail rider's member Ernie Eve, 70, who collapsed and died while riding on Torquay Avenue Saturday.

Top winner Henson received the Wishart trophy for Colwood Trail Riders only, aged 18 and under; the Henson trophy for first place in the VC race; the Womersley trophy for the rider scoring the most points; the Colwood Trail Riders' trophy for the member scoring the most points; the Tipton trophy for the individual horse and rider scoring the highest Western points; the Langford Fair Committee trophy as winner of the junior apple race; the Fred Ball trophy, as winner of the junior quarter mile race, and the Rose's Jewelers trophy as winner of the wranglers race.

CELEBRATE NEXT SATURDAY

Mr. and Mrs. John H. Delf, who were married in Birkenhead, Eng., and came to Canada immediately after, will celebrate a golden wedding day on Saturday, Aug. 31, with a family gathering in the Empress Hotel. They will also be "at home" on Friday, Aug. 30, from 2 to 5 at their home, 866 Maddison Street. Mr. Delf was well-known both in Lethbridge and Medicine Hat, where he practiced law for many years, retiring to the coast in 1937. Celebrating the occasion with them will be Mr. and Mrs. Jack Delf and their four sons of Vancouver; Mr. and Mrs. Bill Delf and their daughter and two sons from Calgary, and Mr. and Mrs. John L. Campbell (nee Marjorie Delf) of Victoria, with their three daughters. The Bill Delfs will be celebrating their own 17th wedding anniversary on the same day.

SHOPPING GUIDE

New Long-Line Umbrellas Just Unpacked for Fall

By PENNY SAVER

A slender umbrella is a real high-fashion accessory as well as a necessity in Victoria's uncertain climate. New ones for this fall are coming into the stores, and I saw some really smart umbrellas being unpacked today.

They are styled on the slimmest possible lines and have their own cases, matching the cover of the umbrella, to keep them tidy as they swing over your arm.

One comes in fall shades of beige, tangerine or yellow and has a long, black handle with a bobble of matching color. Price is a very reasonable $7.95.

I've never found the folding umbrellas too satisfactory — they always seem difficult to put up and down. Another type of umbrella for traveling works much more simply. The handle simply telescopes into the body when you want to pack it, and pulls out again for use.

This umbrella comes in a variety of checks with matching cover, and is priced at $7.95.

OIL AT HAND

Most household equipment needs occasional lubrication and this can be difficult if the oil can is lost somewhere in the chaos of the man-of-the-house's workbench.

Much handier to have a set of lubricants kept in the kitchen. I've found three containers of different types of oil shaped like large crayons for easy use, packed in a neat plastic box. There's one for such things as door chimes and hinges, one for sewing machines and other machines, and one for outdoor use.

Directions come with the set, which is priced at $1.39.

PICNIC CARRIER

A useful item for a family that enjoys picnics is a plastic carrier that can be used either way up.

It comes in two pieces, one flat and one deep. You can put a cake or moulded jelly on the flat part and cover it with the other section, so that it won't get broken or squashed. Or you can fill the deep section with salad or fruit and use the flat part as the lid.

There's a detachable handle for easy carrying. The unit would be useful for storage at home, as well as for picnics. Price is $2.39.

If you'd like to know where I found any of these items, just give me a ring at 2-3131.

"Boy—you should have seen the character who came to the office today and tried to pass himself off as your brother!"

Couple Say Wedding Vows At Naden Chapel Ceremony

Pink and white carnations were placed at the altar of St. Andrew's Chapel, HMCS Naden, for the wedding of Helen Patricia Price, daughter of Mr. and Mrs. J. D. Price, 2438 Millstream Road, Langford, and Laurent Joseph Provost, son of Mr. and Mrs. J. M. Provost, Norwood, Man. Chaplain W. L. Dalton, RCN, officiated, and Mrs. M. Matthews played organ music.

The bride, given in marriage by her father, chose a ballerina-length gown of lace over taffeta, featuring scallops at the V neckline and around the hem. Her net veil was held by a coronet set with brilliants, and she carried red roses and white carnations.

Miss Barbara Price and Miss Marjorie Price attended their sister, wearing pale mint green taffeta and net gowns with matching feather headbands. Their bouquets were of pink gladioli. Flower girl Dianne Wood was dressed in pink taffeta and net and carried a pink nosegay. Best man was M. Matthews and ushers were R. MacKay and L. Wood.

A reception followed at Club Tango, where J. De Man proposed the bridal toast. The three-tier wedding cake was placed in a setting of pink tulle and roses.

Leaving on honeymoon, the bride donned a deep blue linen sheath dress with matching brocaded jacket, blue and white accessories and red rose corsage. The newlyweds will live at 605 Trutch Street.

GOLDEN WEDDING DAY

One of the many cards they received on the occasion of their 50th wedding anniversary is shown by Mr. and Mrs. Pasquale Politano, 791 Grange Road, in the picture above. They were married in New Kensington, Penn., on Aug. 17, 1907, and came to Victoria in 1909 to make their home. There are six children, Josephine, Joseph, Phil, Victor and Bert in Victoria and Louie of Vancouver, also 10 grandchildren. Mr. and Mrs. Politano welcomed friends at a golden wedding reception last Saturday in the Glenshiel Hotel.

LOUISE DAVIS

On Etiquette

What is being celebrated?

My husband's mother, who has been a widow for seventeen years, would be celebrating her 50th wedding anniversary in November. One of her sons wants to get all the family together to celebrate the occasion, and wants us to chip in with the others to give her a gold watch. This doesn't seem right, but being an "in-law," I hesitate to say much unless I am consulted and unless I get an opinion from an authoritative source.

Louise Davis answers:

What is being celebrated? Not a fiftieth wedding anniversary. The date will be a sad one for the widow whose day will be filled with memories. A family gathering or party such as you mention and the giving of a gold watch or any other gift would only make matters worse. Go ahead and get the watch if the family wishes to, but present it at Christmas, birthday, Mothers' Day, or at any other time, but not on that occasion which would have been a happy one had the husband lived. It is a quirk of human nature sometimes that people lose their perspective by being over-sentimental to the point where they lose their objective. They mean well but fail to use good judgment and common sense. The best thing to do for your husband's mother would be to keep her company in a pleasant, casual way so as to divert her thinking from sad and nostalgic channels. It doesn't have to be a gay day, but everything should be done to avoid a sad day. A celebration and a gold watch are apt to make it sadder. Do what you can to persuade your husband and others in the family against such a thing. Remind them that this would have been a fiftieth anniversary had the husband lived.

TODAY'S RECIPE

PEACH MARMALADE

Ten large peaches, 2 medium oranges, 5 cups granulated sugar, ¼ teaspoon salt, ½ teaspoon whole cloves, small stick cinnamon.

Peel and pit peaches, chop and place in heavy kettle. Add thinly sliced oranges cut in small pieces. Add sugar, salt and spices tied in cheesecloth bag. Bring to boil, stirring until sugar is dissolved. Then cook rapidly until two thick drops of syrup will run together off side of spoon, about 40 minutes. Ladle into jars, seal.

LIKE MOTHER—LIKE DAUGHTER!

Most of the trends in fall styles for adults show also in clothes for the grade school and high school set. These include the Chanel look of loose-fitting jacket and easy-cut skirt; the middy; the touches of fur; the bold plaids and stripes; red as the number one color, and even the bulky, long "sloppy Joe" sweater, resurrected from the 1930's.

About the only thing missing from small fry collections is the vintage raccoon coat, which in its own tattered way is making quite a hit among sophisticated coeds. But the raccoon is there—in trim for coats and suits. Mink also is used for trim on dressier coats for small girls. And fake fur is used to collar any number of the cable-stitch orlon cardigans.

Even the so-called car coat, the sports wrap which reaches finger-tip, is copied in miniature in children's wear. One firm, Minikin Togs, pairs a beige car coat with beige slacks in a soft-finished cotton which looks much like cashmere.

WHY GROW OLD?

By JOSEPHINE LOWMAN

Give Your Arms the Care They Deserve

A woman's arms always have been an important part of her figure ensemble, yet many women fail to give their arms the beauty care they deserve.

In the first place these appendages are sure to become flabby as the years pass unless they are exercised faithfully. Tennis, golf and swimming are splendid exercises for the arms. You should also add a few special exercises to your routine and take these year in and year out. Let me give you a couple of good ones today.

Stand tall with your arms extending out in front of you, shoulder height and shoulder width apart. Palms face the floor. Clench the fists hard and turn the palms toward the ceiling. Unclench fists and turn palms toward the floor again. Continue.

Another: Stand tall. Clench the fists hard as you bend the elbows and raise the arms shoulder height, fingers touching the upper chest. Stretch the arms sideward, shoulder height and palms facing the ceiling. Turn palms toward the floor as you lower arms to sides. Continue.

Take special care of your elbows. You probably will profit by the use of a rough cloth or bath mitt or bath brush on your elbows. Lemon juice will act as a mild astringent. Massage the elbows well, using cream or lotion daily or nightly.

If your arms are to be lovely, they must also be smooth and free from unsightly hair. Of course if the hair on your arms is very fine and not too dark in color and the growth is not too heavy, you need not worry about it.

However, if the growth is heavy or the hair dark you can easily remove it with a depilatory. This is temporary but is well worth your time. Individuals differ but once a week is usually sufficient.

Be sure to massage a good body lotion or cream into your arms regularly.

Do not forget that arm make-up is important to your appearance. Many women fail to use this. When you apply a make-up base and powder to your face and neck your arms may present a startling contrast unless you give them the same treatment. Go light on the powder so that it will not rub off on your costume or on someone else's.

Peach pie is so easy to make with canned peach slices. Thicken and sweeten the peaches, accenting with grated lime or lemon rind and juice. Chill in baked pastry shell, then cover with this superb crunchy topping. Boil together two minutes half cup each butter and brown sugar and lightly stir in half cup chopped roasted almonds and one cup corn flakes.

ANSWER TO PREVIOUS PUZZLE

Church Challenge Heard by 100,000

ST. PAUL, Minn. (AP)—An estimated 75,000 to 100,000 persons joined in a massive outdoor service Sunday to hear world Lutheranism's answer to the challenges of a dramatically portrayed "critical world."

The crowd nearly filled the Minnesota state capital's approaches for the final event of the Luthern World Federation's third assembly. The gathering was described as the largest in the history of North American Lutheranism.

A novel dramatic device, likened by a federation spokesman to the ancient morality plays, took the audience through a succession of "challenges" to the church sounded by a voice off-platform.

Preceded by a fanfare of trumpets, the voice called on the church to explain its faith in the assembly theme "Christ frees and unites."

Freedom, unity of the church, reforming the church, service and more for the future were themes on which the challenges were based.

Drop in Delinquency Aim of Youth Bureau

TORONTO (BUP)—A youth bureau is to be established in metropolitan Toronto next year to make good citizens out of potential juvenile delinquents.

Magistrate C. O. Bick, chairman of the metro board of police commissioners, said the bureau will consist of specially-trained officers in each of the six metro police districts. They will deal with children between the ages of 10 and 17 years.

Bick stressed that there was no evidence to show that juvenile delinquency was on the increase in Toronto or that it had become a major problem.

"The object of the bureau will be to take preventive measures," he said. "The officers will guide the children, and their parents, back to the right path. Not all teenagers or adults who run afoul of the law are punks and hoodlums."

The magistrate noted that most cities in the U.S. with populations of more than 250,000 have youth bureaus. A complete study of these youth bureaus will be made before the opening of the Toronto bureau, he said.

REMANDED FOR SENTENCE

Driver Pleads Guilty To Negligent Driving

Wayne Gilbert Quesnelle, 481 Head, pleaded guilty in Saanich police court Saturday to a charge of criminally negligent driving at Beaver Lake Friday night and was remanded to Thursday for probation report and sentence.

Magistrate A. I. Thomas ordered him to remain in custody meanwhile.

Det. Robin Stewart told the court he had checked a group of youths at 9.30 p.m. who were throwing beer bottles into the lake.

Quesnelle attempted to drive off on Beaver Lake Road, he said, and he waved a flashlight at the youth to signal him to stop.

Quesnelle sped past the police car at a high rate, the officer said, and crashed into a tree before reaching the highway. There was about $250 damage and three passengers in the car received head bumps.

The driver was treated for a head gash.

"It is difficult to know what to do with you young people," commented the magistrate.

Cougar Hunt Report News To Island Man

NANAIMO (CP) — Predator hunter Jim Dewar says he knows nothing of a proposal by two Americans to conduct a cougar hunt in northern Vancouver Island.

A story from Liberty, Tex., Friday said that Bill Daniel, brother of Texas Governor Price Daniel, and commercial hunter Dale Lee of Tucson, Ariz., were planning the hunt.

"First I've heard of it," said Dewar, British Columbia game branch predator hunter. However, Dewar added he would be "on the lookout" for Lee, with whom he hunted in the southwestern United States last year.

He said he had killed a couple of cougars recently at Holberg, RCAF station in northern Vancouver Island, "but there isn't a cougar behind every tree as some of the residents up there seem to think."

Address your questions to "Ask Andy," Victoria Daily Times.

Andy sends a complete, 15-volume set of **Compton's Pictured Encyclopedia** to Steve Glatt, aged 12, of San Francisco, Calif., for his question:

How Does a Proton Compare With a Neutron?

Everything in our wonderful world is made from a hundred or so basic elements. Millions of different substances are made from combinations of these elements. The elements themselves are made of little particles called atoms. No one has seen an atom, the tiny mites are too small to be seen or photographed under our strongest microscope. However, they have been weighed, measured and their behavior studied in bulk.

It is hard to grasp the idea of a single atom. Two billion of them can frolic on the point of a pin. And frolic they do, for the atoms that make our world are full of energetic business and never still. For a long time it was suspected that atoms were made of still smaller particles. But we could not prove this until the Twentieth Century Age of Science.

Now we know about some of the particles of which an atom is made. We know something of the nature of these particles and science has given them names. The proton and the neutron are two of these atomic particles. Each atom is a nucleus carrying a charge of positive electricity surrounded by shells of particles carrying charges of negative electricity equal to the positive charge of the nucleus. Each normal atom is electrically balanced.

The protons and neutrons are welded together in the neucleus of the atom. Each proton is a charge of positive electricity equal to the negative charge of one electron. However, in weight a proton is equal to over 1,800 electrons. A hydrogen atom has but one proton and one neutron, carbon has two of each, oxygen eight of each and uranium has 92 of each. The number of protons gives an atom its atomic number.

There is more to atoms, however, than an equal number of protons and electrons. It was discovered that, in bulk, some atoms of hydrogen were heavier than they should be. Some of this heavy hydrogen was isolated from normal hydrogen. These atoms had an extra particle. Its charge did not upset the electric balance of the atoms. It was a neutron, an atomic partical of neutral electric charge. Since its weight is about equal to one proton and one electron, the neutron may be a combination of one proton and one electron.

All the larger atoms have neutron particles within the nucleus, along with the proper number of protons. A certain number of atoms of each element have an extra neutron or more. These atoms act just like normal atoms, but they weigh more. Heavy hydrogen, with its one neutron is an isotope of ordinary hydrogen. For an isotope is an atom carrying an extra neutron or neutrons with the protons in its nucleus.

Andy sends a **Hammond's** International World Globe to Danny Dugriette, age 8, of Geraldton, Ont., for his question:

Where is the lost continent?

There are legends that continents once existed in the Atlantic Ocean and in the Indian Ocean. Both these land areas, real or imaginary are said to have sunk beneath the waves before the dawn of modern times.

Legends and stories, however, have grown around the old, lost continents. There are very detailed accounts of Atlantis, the continent which is said to have sunk beneath the stormy Atlantic. Roman writers of 2,000 years ago describe how the last island of Atlantis became swamped and lost.

Geologists doubt whether large continents ever existed in these oceans. But it is evident that sizeable islands did once exist there. The little island of Madagascar is a remnant of a larger island that once existed in the Indian Ocean. And the Atlantic Antilles Islands may once have been part of a larger land mass.

DC-3 RETIRED IN U.S.

Aerial 'Workhorse' Now Put to Pasture

WASHINGTON (UP) — It took an act of congress, but the world's most famous transport plane—the DC-3—has been told it can finally retire—in the U.S., at least.

The fate of the 24-year-old airliner that helped commercial aviation come of age was sealed last week when the U.S. Congress passed a bill to give small airlines financial help in buying new equipment.

(The DC-3 is used on the TCA Victoria-Vancouver run.)

The legislation means that U.S. carriers still using the venerable DC-3 at last will be able to replace it with newer planes.

These new short-range airliners will be faster, more luxurious and economically superior to the DC-3. But they will never be able to match the brilliant record of this twin-engine transport which had one of the finest safety records in aviation.

The DC-3 was to aviation what the model-T was to motoring.

American Airlines and TWA put the first DC-3s into scheduled airliner service in 1933. In another five years, the plane comprised 90 per cent of the U.S. commercial air fleet and was introducing millions to their first taste of modern air travel. Foreign airlines bought them, too, and the plane swiftly earned the title of "the world's best transport plane."

During the Second World War, the DC-3 earned another title—"jeep of the skies." Un-

French Royal Suitor Now 'Closer' to Goal

LE HAVRE, France (UP) — Jean-Baptiste Guerraz, who recently showed up at Balmoral Castle to ask for Princess Margaret's hand, said Saturday he still wants to marry her and he held up a meat hook to prove it.

"I've got a job now, see?" Guerraz, 44, told reporters. "I'm a stevedore loading food aboard ocean liners. Today it's the Liberte.

"I'll be rich. Margaret won't have to come down to my level. I'm going to raise myself to hers."

Guerraz said he left his wife and son, now 15, in 1948 because "I wanted to better my station in life." They are now running his hotel somewhere in the French Alps, he said.

He said he made a mistake in going to Balmoral without having met Queen Mother Elizabeth beforehand.

He said he had written her a letter addressed to "Her Royal Majesty the Queen Mother" which "announces my visit within the next few days," confiding "I keenly hope to meet your superb young daughter, Princess Margaret, object of my dearest thoughts."

This wasn't enough, he admitted, and he said he didn't blame the British police—"They were just doing their job. I even sent them a postcard when I got back to France."

Saudis Resume Oil Shipments

CAIRO (AP) — Saudi Arabia has decided to resume oil shipments to Egypt, at least to fulfill orders already agreed upon, reliable informants said Sunday. The Saudis suddenly suspended shipments early this month after delivering 800,000 tons of more than 1,000,000 tons promised. The Saudis were reported irritated over activities of Egyptian-backed trade unionists in Saudi oilfields.

Youth Series Starts Tuesday

How vast is the problem of Victoria's unemployed youth? Should they give up and leave town? What has produced them? Is the school system at fault?

The plight of Victoria's lost labor force and possible answers to this growing community shame, so far greatly ignored, is subject of a four-part series starting in the Times Tuesday.

CRAZED SUITOR SHOOTS CITY WOMAN, SUICIDES

Tragedy Shocks James Bay Area

A Polish immigrant, crazed by jealousy, forced his way into a James Bay home early Sunday, murdered a divorced mother of seven and then killed himself with a crudely cut-down .22 rifle.

Dead are Mrs. Gladys Hollier, 47, of 586 Toronto, and her one-time suitor, Julian Tomkowicz, 52, of 406 Quebec.

Police say the deaths are the result of a murder-suicide.

Coroner Dr. E. C. Hart ordered an inquest into the death of Mrs. Hollier for Wednesday at 10 a.m. at McCall's. There will be no formal inquest for Tomkowicz, but Dr. Hart will conduct an inquiry.

The shooting occurred about 3.30 a.m. but wasn't discovered until five hours later when Mrs. Hollier failed to turn up for work at Clovelly Private Hospital.

Church bells had started ringing by the time stunned neighbors emerged from their homes to see pink and blue blanket-covered corpses being taken from the house.

Other occupants of the multi-family home were aroused about 3.30 a.m. by what they thought were "explosions" but after checking around found nothing wrong.

Mrs. Hollier, who until recently worked at the Skyway Cafe, 904 Government, and Tomkowicz had known each other about two years.

Tomkowicz recently was fined $50 in city police court on a wilful damage charge. He broke up some fishing equipment at the room of Robert Gerry Jackson, Churchill Hotel.

Put Out of Her House by Police

A son of the dead woman, James Hollier, 805 Colville, said his mother broke off her relationship with Tomkowicz several months ago, but had been bothered by him since.

Recently, he said, she called police to have Tomkowicz put out of her house.

Police believe Tomkowicz, a construction camp cook, forced his way into Mrs. Hollier's one-room downstairs suite where she lived alone, shot her and then turned the gun on himself.

Constables Ian Duncan and Barry English found a porch chair placed in a flower bed under Mrs. Hollier's partly-open window. Lower blinds were drawn.

Const. English crawled through the window to find the grisly scene.

Pyjama-clad Mrs. Hollier's body was on the floor to one side of a double bed.

She was shot by a single bullet through one hand and the right breast.

Tomkowicz body also was on the floor, with the cut-down rifle a few inches from his left hand.

He was shot through the skull above the left eye.

He was clad in shirt, tie, underclothes and one sock. The rest of his clothing was in the room.

Police found two live and one empty .22 "hornet" cartridges on the floor. There was another empty cartridge in the breech of the foreign-made, practically new rifle.

Its magazine clip, found on a table, contained two live soft-point cartridges and 10 more were found in a box in one of the dead man's pockets.

A third spent cartridge turned up later when the room was cleaned.

The death weapon was cut down crudely, apparently not long ago, its stock removed below the pistol grip and left with only 12 inches of barrel.

Its over-all length was only 22 inches.

On the receiver was die-stamped the words: "Zbrojovka Brno. Narodni Podnik."

The room was small, only 11 by 15 feet, with the bed pushed into a bay formed by the front windows. There was a combination record player, refrigerator, gas plate, chairs, a table and clothes cupboard along two walls.

Beside the door was a dresser and on the other side another cupboard. There were one or two throw rugs on the floor.

Mrs. Hollier owned the house and had lived there about two years.

Mrs. David Roy, who lives in a suite above Mrs. Hollier's, told police she heard one scream between two shots.

She thought one of her children had cried out and sent her husband to investigate. He found nothing wrong and went back to sleep.

Mrs. Roy arrived from her native Scotland only last Monday.

She said she was disturbed but not alarmed.

"When you are in a strange country in a strange person's house, everything is disturbing," she explained.

NEIGHBORS WONDERED

Three Shots Heard ...Then All Quiet

By DINAH KERR

Toronto Street was quiet again today, save for the calls and laughter of young children as they played on the sidewalks.

No. 586, a prim, thin two-storey building in a row of aging homes, gave no sign of the violence that had sprung through one of its rooms early Sunday.

A pile of wood blocked the driveway, some dying flowers stood feebly below a window, and an old leather-stuffed chair was back in its position on the porch.

Yet in the room with the bay window, above the dying flowers, two persons had met death.

Police believe Polish immigrant Julian Tomkowicz, 52, of 406 Quebec, killed divorcee Mrs. Gladys Hollier, 47, in a fit of agonizing jealousy, then shot himself.

The old porch chair, found beneath the bay window, was used by the immigrant to gain entrance into the room where Mrs. Hollier lay sleeping, police think.

The three shots woke Mr. and Mrs. Eugene Wendling and their son Rene, 15, who occupy the rooms behind Mrs. Hollier's suite.

"Then we heard nothing, so

GOTESBORG (AP)—Swedish runner Dan Waern ran the mile in 3:59.5 at an international track and field meet at Slottskogsvallen Goteborg today.

It was the third mile Waern has run this season in less than four minutes.

Russ Test Inter-Continental Rocket

LONDON (Reuters)—Russia has successfully tested an inter-continental rocket and exploded atomic and hydrogen weapons as part of a scientific research program, the Soviet news agency Tass reported today.

U.S. Swimmer Beats Lake Ontario

TORONTO (CP)—Jim Woods, 41-year-old swimmer from Orlando, Fla., succeeded today in his sixth attempt to swim across Lake Ontario.

Woods landed at Toronto's Centre Island at 3 p.m. EDT after 20 hours in the water.

Tory Elected by Acclamation

CARLETON PLACE, Ont. (CP)—George A. Doucett, Progressive Conservative candidate, today was elected by acclamation in a federal by-election in Lanark.

Drew in U.K. for New Job

LIVERPOOL (CP)—George Drew arrived in Britain today to begin his third major career at the age of 63 . . . Canadian high commissioner to the U.K.

Drew said it has never been more important that Canada and Britain should work in close harmony and he looked on Canada House as a useful channel for such efforts.

Gales Whip U.K. Wrecking Homes

LONDON (AP)—Gale winds of 60 miles an hour ripped around the British Isles during the weekend, toppling trees and houses and sending small ships scurrying for shelter along the coastline.

The French liner Liberte, the world's fourth largest ship, set off for New York Sunday after having become entangled in a steel cable holding a buoy near Southampton.

A 6½-ton Danish yacht disintegrated on the rocks just off the beach at the big seaside resort of Brighton. One man was hauled to safety by a lifeline shot from shore, but two others disappeared in the stormy sea.

The winds blew off roofs and demolished a number of small homes.

The Irish Sea and the English Channel bore the brunt of the storm.

The seawall collapsed at several points around the low-lying lands at Morecambe on the west coast.

Even large-sized ships were forced to remain in port along the coast. Several ships bound for France turned back because of the rough seas.

In Wales, torrential rains added to the weather troubles.

Six sea cadets were rescued after their cutter was blown over near Deadman's Pier at Deptford.

'Sorry' Says Peer, 'I Apologize'

His Attack On Royalty 'Bad Manners'

LONDON (AP) — The Marquess of Londonderry today apologized publicly for his personal criticism of the Queen and her court.

The teenage peer, who joined Lord Altrincham in attacking the trappings of royalty in Britain, issued a statement apologizing "for my bad manners."

He sent his apology to The Press Association which distributed it.

Londonderry's letter said:

"Public reaction to my letter has made it abundantly manifest that a personal attack on the Royal Family is much resented, especially if the attack should come from someone both insignificant and unqualified.

"Criticism of the monarchy must always be on a general level and any attempt to make the Royal Family a target for personal criticism merely degrades the attacker in everyone's eyes and set him up as an object of contempt.

"I have been guilty of the latter crime and for that I am truly contrite. I fully comprehend and appreciate the resentment of those who accuse me of cowardice in pointlessly attacking someone who cannot retaliate.

"For any personal attack on the Royal Family I am sincerely sorry and humbly apologize for my bad manners."

Londonderry wrote a letter two weeks ago to the weekly publication, New Statesman, in which he applauded Altrincham's criticism of the monarchy.

A few days later his grandmother, the Marchioness of Londonderry, rebuked her grandson, a jazz-loving marquess, for being vulgar and childish.

Grace Expecting?

SCHONRIED, Switzerland (UP)—Prince Rainier of Monaco hinted strongly today that Princess Grace is expecting another child.

He told a United Press correspondent from his Swiss vacation hideaway that he is "waiting for medical confirmation" before making any announcement on the subject.

BRITISH PLANES STRAFE OMANIS

MANAMA, Bahrein (AP) —The Royal Air Force went into action in Oman again today after a two-week lull.

It was reported the action was against a village where Omani rebel leaders, Imam Ghaleb ben Ali, his brother Taleb and Sheikh Suleiman bin Himyar are believed hiding in the mountains.

They are reported preparing to organize a guerrilla camaign against Sultan Said bin Taimur of Muscat and Oman.

Asian 'Flu Vaccine Shot Ordered for Ike

WASHINGTON (UP)—President Eisenhower was to be inoculated today against Asian flu.

The White House said the President's doctor, Maj.-Gen. Howard McC. Snyder, and Surgeon General Leroy E. Burney, had recommended that Eisenhower take the shot.

Burney said last week that persons with histories of heart and pulmonary ailments should receive priority as soon as the vaccine was available.

Eisenhower already has been exposed to what the doctors have diagnosed clinically as Asian flu. His chief economic adviser, Dr. Gabriel Hauge, came down with the flu last Thursday, less than 24 hours after a conference with the President.

WIRE BRIEFS

Robinson Must Fight

NEW YORK (AP) — The New York Athletic Commission today ordered middleweight champion Sugar Ray Robinson to fulfill his contract to meet Carmen Basilio in a title fight Sept. 23, at Yankee Stadium. Robinson said he would refuse to fight if there is any radio or television. The commission said failure of Robinson to fight would be considered default and the commission would consider action to vacate Robinson's title.

NATO Approves Ban

PARIS (UP)—The permanent council of the North Atlantic Treaty Organization gave "general agreement" today to the new Western disarmament package plan which includes a proposed two-year ban on further nuclear tests. The decision paved the way for presentation of the plan to the Soviet Union at the London disarmament conference.

Dike Work Rushed

THE HAGUE, Netherlands (Reuters) — All able-bodied persons in the island town of Hekelingen worked desperately today to plug a widening gap in a dike pounded by the stormy North Sea.

Hekelingen is on the island of Putten, where 1,800 persons were killed when dikes gave way in 1953.

Escapes Burning Boat

VANCOUVER (CP) — Robert Fine of Vancouver was pulled unconscious Sunday from the Strait of Georgia after jumping from his burning boat two miles from Vancouver Harbor. He was recovering today.

Fire Destroys Power Station At Nanaimo

NANAIMO — A B.C. Power Commission substation put into service only a week ago was destroyed by fire early Sunday morning with a loss of about $60,000.

No one was injured.

Commission officials said lightning may have caused the explosion in the one transformer at the substation, which served residents of the Harewood district west of the city.

Hundreds of residents in the area were awakened by the explosion of the oil-filled transformer. They said the blast and a bright flash occurred shortly after 2 a.m.

Power was rerouted and service restored a few hours later. The substation was one of several serving the Greater Nanaimo area.

U.S. Resents Charge

(See also page 3.)

WASHINGTON (UP)—The State Department said today it bitterly resents Red China's "fantastic" charge that the United States sought to use American newsmen as spies.

. . . KILLINGS

Continued From Page 1

At the ground floor rear, Mr. and Mrs. Eugene Wendling and son also heard the shots. Mr. Wendling and the boy got up, listened, opened a side window, looked out and waited.

They smoked a cigarette but heard and saw nothing more. They, too, went back to sleep.

Here is what happened, according to teen-aged Rene Wendling.

"My mother heard the shots. She woke us up, my father and I. We got up to see.

"My father went to the window at the side and opened it. We looked around but there was nothing.

"We smoked a cigaret and then went back to bed.

"In the morning about 8.30 they called from where Mrs. Hollier worked. They wanted to know why she was not at work.

"We went to her door, but theer was no answer.

"Then Mrs. Hollier's mother called to see if she was there. there was no answer.

"So the people upstairs called police and we waited for them to come. That's all."

It is believed Tomkowicz had a wife and children in Poland.

He has two brothers, Anthony, living at 789 Manibota, Winnipeg, and Stanley, Box 112, Snow Lake, Man.

Besides James, her other surviving children are Mary Elizabeth Dryer, Grande Prairie, Alta., who with her husband was visiting Mrs. Hollier until late Saturday night; William John Hollier, 1953 Third Ave., Vancouver; Elsie Irene Chipchase, Arlington, Va.; Roselene Gladys Adams, 740 Meaford, Langford; Edward Winston Hollier and Harold Lawrence Hollier, also of 740 Meaford.

PARENTS HERE

Mrs. Hollier's parents are Mr. and Mrs. W. J. Wherrell, 1441 Myrtle. She has a brother Archie, and a sister, Mrs. Vera Gibbons, also of Victoria, another sister, Mrs. Irene Bloomquist, Courtenay, and a third sister, Mrs. Elsie Mortland, Rycroft, Alta.

Funeral will be Thursday at 3 p.m. at McCall's, the service conducted by Canon Robert Willis with interment at Royal Oak Burial Park.

Investigation was in charge of Det. Sgt. Louis Callan with Detectives Norman Bath and Robert Mair.

SECOND MURDER

The murder was the second in James Bay in less than 18 months.

Czeslaw (Chester) Pupkowski, 42, 128 Clarence, was charged with the pen knife killing of his wife at their home March 24, 1956.

Minutes after stabbing 38-year-old Cecelia, Pupkowski ran down the street to Dallas Road waterfront and tried to drown himself in the surf. He was stopped by police.

Later the man's trial was called off and he was committed to Essondale mental hospital.

Roads Claim 3; Girl Drowned

Three traffic deaths and one drowning were recorded in B.C. during the weekend.

At Vernon, 60 miles north of Penticton, Monica Drewell, 12, was drowned when she got into difficulties in Kalamalka Lake late Friday. Efforts to revive her failed.

John Joseph Hubbard, 34, was killed at Langley late Friday night by a car backing out of a driveway.

A 74-year-old Hedley man, Jonathan Carter, was killed Saturday when his motorcycle collided with another vehicle on the Hope-Princeton highway.

In another traffic accident William Clark, 18, of Salmo, was killed late Saturday night when he was struck by a car at Ymir, 15 miles south of Nelson.

COMMONWEALTH TAKES MALAYA

LONDON (AP) — The Federation of Malaya will be recognized as a member of the British Commonwealth of Nations next Saturday, the day the southeast Asian state becomes independent, the United Kingdom government announced today.

A statement from 10 Downing Street said the acceptance of Malaya has the approval of other Commonwealth members.

we went back to sleep," Rene said.

They had last seen Mrs. Hollier when she borrowed a chair at about 6 p.m. because relatives were coming to visit.

HAVING FUN

"We could hear their voices," Rene said. "They seemed to be having fun."

She was a "good lady, a quiet lady," who often dropped in for coffee and a chat, Mrs. Wendling said.

"She never spoke to us about the man (Tomkowicz). It wasn't any of our business."

Mrs. Hollier's neighbor across the street, Walter Dawley, 583 Toronto, said she was "just like ourselves, she worked hard, and there was nothing to give us any suspicion of violence."

"We can't figure out why we didn't hear the shots," Mrs. Dawley said. "We usually hear every noise, like tires squealing and people talking, because our bedroom's just above the street."

The Dawleys had met Mr. Tomkewicz on several occasions.

"He was very hard to understand — very excitable," Mr. Dawley said.

"He talked fast, walked fast, did everything at top speed. If he washed a car, you'd think he was washing two cars."

The Dawleys were still numbed by the fact that Mrs. Hollier was dead.

"We knew her as well as any neighbor knows another, Mr. Dawley said. "She was really nice. She wouldn't have hurt anybody."

2nd TCA Bomb Hoax Fizzles

WINNIPEG (CP)—Search of all Trans-Canada Air Lines Viscount aircraft leaving here for Toronto was forced Saturday by an anonymous telephone call warning that: "The Viscount flight for Toronto won't reach there."

It was the second time in less than a week that TCA had received such a warning. It came early in the morning.

A Winnipeg theatre also was searched after a bomb threat this week.

CAUGHT WITH SIGNS DOWN

One-Way Streets Cause Confusion in Vancouver

VANCOUVER (CP)—Motorists didn't know which way to turn in Vancouver Sunday night.

For days, they had been accustomed to seeing signs at downtown intersections, announcing that the city's new system of one-way streets would go into effect today. But the city engineering department fooled them.

About 4 p.m. Sunday, engineering department employees began to take down the brilliantly-colored posters, exposing the permanent "one-way—do not enter" signs. The result was confusion and a flood of indignant calls to the city police station from motorists who didn't know whether they should be going or coming.

Some drivers obeyed the new signs. Others did not. Constables directed traffic by the new rules but when they moved on, motorists drifted back to the old system. Along Pender, eastbound travellers ignored large white arrows painted on the pavement to direct traffic westward.

FAMILIARIZATION STEP

Kenneth Vaughan-Birch, city engineer, explained that his department had exposed the one-way signs ahead of time to give people a chance to get used to them before the Monday morning rush.

The system will get a thorough workout tonight when one of the biggest crowds in the city's history is expected to converge on Exhibition Park. British Columbia Lions expect more than 25,000 for their Western Interprovincial Football Union game at Empire Stadium with Calgary Stampeders. The Pacific National Exhibition will draw another 50,000 and at least 10,000 will be at the races.

Doctors And Clergy Join Hands To Fight Death

There is, today, a growing awareness of the relationship between health and faith: some medical students now take courses in religion; many clergymen, in turn, are trained whilst in actual contact with the sick and dying.

In September Reader's Digest read how doctors as well as clergymen now realize that *faith* is necessary in the well-being of all people; how medicine and ministers are joining forces to help the ill. Get your September Reader's Digest today: 36 articles of lasting interest, condensed to save time.

"I'm not what you'd call hard of hearing

...but I'd never be without my ZENITH 'Diplomat' Slip-On Hearing Aid!"

"Why do I wear a Zenith, when I'm not really 'hard of hearing'? Simply because I want to catch *every word* of what's going on—without straining. I will never be without my Zenith 'Diplomat' *Slip-On* Hearing Aid."

These are the words of a leading businessman, and he adds: "I have several friends, including women, who are hard of hearing, and they're as enthusiastic about the 'Diplomat' as I am."

The predominant reason is that Zenith offers the best in quality and performance. Then too, the "Diplomat" is light, full-powered, small and INCONSPICUOUS. It fits snugly and comfortably entirely at-the-ear. No dangling cords, nothing in hair or clothing.

The "Diplomat" *Slip-On* Hearing Aid plugs instantly into a tiny, lightweight earmold so you can enjoy extra-clear hearing at any time.

Mr. John W. Lawrence, prominent Chicago sales executive, tells of his experience with the new Zenith "Diplomat" at-the-ear hearing aid.

You can try the "Diplomat," or any of the other 4- and 5-transistor Zenith Hearing Aids, on Zenith's famous Ten-day Money-Back Guarantee of satisfaction.

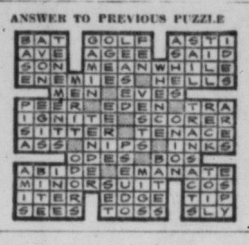
ANSWER TO PREVIOUS PUZZLE



Church Challenge Heard by 100,000

ST. PAUL, Minn. (AP)—An estimated 75,000 to 100,000 persons joined in a massive outdoor service Sunday to hear world Lutheranism's answer to the challenges of a dramatically portrayed "critical world."

The crowd nearly filled the Minnesota state capital's approaches for the final event of the Luthern World Federation's third assembly. The gathering was described as the largest in the history of North American Lutheranism.

A novel dramatic device, likened by a federation spokesman to the ancient morality plays, took the audience through a succession of "challenges" to the church sounded by a voice off-platform.

Preceded by a fanfare of trumpets, the voice called on the church to explain its faith in the assembly theme "Christ frees and unites."

Freedom, unity of the church, reforming the church, service and more for the future were themes on which the challenges were based.

Drop in Delinquency Aim of Youth Bureau

TORONTO (BUP)—A youth bureau is to be established in metropolitan Toronto next year to make good citizens out of potential juvenile delinquents.

Magistrate C. O. Bick, chairman of the metro board of police commissioners, said the bureau will consist of specially-trained officers in each of the six metro police districts. They will deal with children between the ages of 10 and 17 years.

Bick stressed that there was no evidence to show that juvenile delinquency was on the increase in Toronto or that it had become a major problem.

"The object of the bureau will be to take preventive measures," he said. "The officers will guide the children, and their parents, back to the right path. Not all teenagers or adults who run afoul of the law are punks and hoodlums."

The magistrate noted that most cities in the U.S. with populations of more than 250,000 have youth bureaus. A complete study of these youth bureaus will be made before the opening of the Toronto bureau, he said.

Syria Leader Returns To Meet With Cabinet

DAMASCUS, Syria (AP)—President Shukri Kuwatly met his cabinet today for the first time since agreeing to the appointment of a new leftist army command.

Newspaper reports indicated the cabinet was preparing to take up "administrative changes"—a purge of so-called imperialists.

Kuwatly flew to Egypt eight days ago when the appointment of leftist Maj.-Gen. Afif Bizry as army chief of staff was announced. He returned Sunday. The flight brought reports—and official Syrian denials—that he had resigned.

Upon his return he declared Syria would stand firm "despite pressures and plots of imperialism, the West and America."

At the cabinet meeting at Kuwatly's home was Gen. Bizry.

Kuwatly held a final two-hour conference in Cairo with Egyptian President Nasser, who saw him off at the airport. Earlier, before leaving Alexandria, where he had been in hospital, the Syrian president told correspondents his country looks forward to uniting with Egypt "in a union which will be the nucleus for total Arab unity."

Non-Communist Arab leaders in the Lebanese capital of Beirut speculated that Kuwatly's return to Damascus indicated Syria had not yet slipped completely into the Soviet orbit. Otherwise, they declared, he would not have gone home.

PLANE CRASHES INTO HOMES

PITTSBURGH (UP) — A navy trainer plane crashed into two homes in the nearby small community of Clinton, Pa., today, shearing off the fronts of the dwellings and setting them afire. The pilot was killed.

HE GIVES AWAY GRAND PRIZES

Is there something you want to know? Do you want to win a set of valuable books or other instructive prizes? Then Ask Andy.

Andy will answer questions submitted by child readers and those who submit the questions he selects to answer will receive worthwhile prizes.

The youngster who asks the first question answered each day receives a 20-volume set of Compton's Pictured Encyclopedia (Canadian edition) and of the second question a Hammond Atlas or Globe.

Address your questions to "Ask Andy," Victoria Daily Times.

Andy sends a complete, 15-volume set of **Compton's Pictured Encyclopedia** to Steve Glatt, aged 12, of San Francisco, Calif., for his question:

How Does a Proton Compare With a Neutron?

Everything in our wonderful world is made from a hundred or so basic elements. Millions of different substances are made from combinations of these elements. The elements themselves are made of little particles called atoms. No one has seen an atom, the tiny mites are too small to be seen or photographed under our strongest microscope. However, they have been weighed, measured and their behavior studied in bulk.

It is hard to grasp the idea of a single atom. Two billion of them can frolic on the point of a pin. And frolic they do, for the atoms that make our world are full of energetic business and never still. For a long time it was suspected that atoms were made of still smaller particles. But we could not prove this until the Twentieth Century Age of Science.

Now we know about some of the particles of which an atom is made. We know something of the nature of these particles and science has given them names. The proton and the neutron are two of these atomic particles. Each atom is a nucleus carrying a charge of positive electricity surrounded by shells of particles carrying charges of negative electricity equal to the positive charge of the nucleus. Each normal atom is electrically balanced.

The protons and neutrons are welded together in the neucleus of the atom. Each proton is a charge of positive electricity equal to the negative charge of one electron. However, in weight a proton is equal to over 1,800 electrons. A hydrogen atom has but one proton and one neutron, carbon has two of each, oxygen eight of each and uranium has 92 of each. The number of protons gives an atom its atomic number.

There is more to atoms, however, than an equal number of protons and electrons. It was discovered that, in bulk, some atoms of hydrogen were heavier than they should be. Some of this heavy hydrogen was isolated from normal hydrogen. These atoms had an extra particle. Its charge did not upset the electric balance of the atoms. It was a neutron, an atomic partical of neutral electric charge. Since its weight is about equal to one proton and one electron, the neutron may be a combination of one proton and one electron.

All the larger atoms have neutron particles within the nucleus, along with the proper number of protons. A certain number of atoms of each element have an extra neutron or more. These atoms act just like normal atoms, but they weigh more. Heavy hydrogen, with its one neutron is an isotope of ordinary hydrogen. For an isotope is an atom carrying an extra neutron or neutrons with the protons in its nucleus.

Andy sends a **Hammond's** International World Globe to Danny Dugriette, age 8, of Geraldton, Ont., for his question:

Where is the lost continent?

There are legends that continents once existed in the Atlantic Ocean and in the Indian Ocean. Both these land areas, real or imaginary are said to have sunk beneath the waves before the dawn of modern times.

Legends and stories, however, have grown around the old, lost continents. There are very detailed accounts of Atlantis, the continent which is said to have sunk beneath the stormy Atlantic. Roman writers of 2,000 years ago describe how the last island of Atlantis became swamped and lost.

Geologists doubt whether large continents ever existed in these oceans. But it is evident that sizeable islands did once exist there. The little island of Madagascar is a remnant of a larger island that once existed in the Indian Ocean. And the Atlantic Antilles Islands may once have been part of a larger land mass.

REMANDED FOR SENTENCE

Driver Pleads Guilty To Negligent Driving

Wayne Gilbert Quesnelle, 481 Head, pleaded guilty in Saanich police court Saturday to a charge of criminally negligent driving at Beaver Lake Friday night and was remanded to Thursday for probation report and sentence.

Magistrate A. I. Thomas ordered him to remain in custody meanwhile.

Det. Robin Stewart told the court he had checked a group of youths at 9.30 p.m. who were throwing beer bottles into the lake.

Quesnelle attempted to drive off on Beaver Lake Road, he said, and he waved a flashlight at the youth to signal him to stop.

Quesnelle sped past the police car at a high rate, the officer said, and crashed into a tree before reaching the highway. There was about $250 damage and three passengers in the car received head bumps.

The driver was treated for a head gash.

"It is difficult to know what to do with you young people," commented the magistrate.

2-Train Crash Kills Fireman

WHITE, Ont. (CP)—Canadian National Railways officials today were investigating the cause of a Sunday freight wreck in which one man was killed and eight were injured when two trains smashed head-on at a blind curve on the CNR main line near this Manitoba border town, 90 miles east of Winnipeg.

Killed was J. W. Hunt, 24, of Winnipeg, a fireman on an eastbound gravel train which rammed into a westbound, 90-car fast freight.

A nearby cottager said the crash sounded "like an explosion." The impact left a 120-ton diesel locomotive straddled across the single track.

Taken to hospital in Winnipeg were engineer Samuel Champion, 52, internal injuries; engineer H. W. Mendall, broken ankle; brakeman George E. Brown, cuts and bruises; fireman H. E. Bennett, cuts and bruises.

Yemen Charges Britain

LONDON (UP) — Yemen today accused Britain of launching an attack across its border that caused "many casualties."

Soviet Submarine Fleet Largest On Record Says U.S. Naval Chief

MIAMI BEACH, Fla. (UP)—Adm. Arleigh A. Burke, chief of U.S. naval operations, said today Russia now has the largest submarine force in maritime history.

"And they are still building submarines at the rate of about 100 a year, a rate never equalled by any nation at peace," Burke said in an address prepared for delivery before the 58th national encampment of the Veterans of Foreign Wars.

Burke said the Soviets were "devoting great effort to development of submarines capable of launching guided missiles against metropolitan and industrial targets in any part of the world."

To counter Russia's increasing undersea strength, Burke said, the United States is building a fleet of 21 nuclear-powered vessels. Burke said these include 19 nuclear-powered submarines, the fourth of which will be commissioned tomorrow at Portsmouth, N.H.; an atomic-propelled cruiser now under construction and a carrier for which a contract has been let.

"The Soviet Union has now replaced Great Britain as the second-ranking sea power in the world" (behind the U.S.) with "a large well-rounded navy," he said.

Russia's "astounding" rise as a naval power in 12 years was accomplished because "they know that our allies throughout the world can prosper in peace and be supported in war as long as we control the seas."
